      Presentation Time: 10 minutes  
      Board approval required by: Section 07.04.2.d, Regents’ Rules

      **RECOMMENDATION**

      The Texas Tech University System Administration FY 2017 Operating Budget has been approved by the chancellor and is recommended for approval by the Texas Tech University System Board of Regents. In addition, it is recommended that the Board appropriate the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the Board.

      **BACKGROUND INFORMATION**

      The Board is required to approve on or before September 1, 2016, an itemized budget covering operations for the ensuing fiscal year.

      The FY 2017 budget has been prepared on the basis of funds appropriated by the 84th Legislature, Regular Session, including estimated local income.

      The State Auditor has requested that all fund balances be appropriated by the Board of Regents or be classified as unreserved or unallocated. It is our opinion that it would be best for the Board of Regents to appropriate fund balances for the activities usually supported by the accounts unless otherwise appropriated by the Board of Regents.

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the Angelo State University FY 2017 operating budget. In addition, it is recommended that the Board appropriate the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the Board.

**BACKGROUND INFORMATION**

The Board of Regents is required to approve on or before September 1, 2016, an itemized budget covering operations for the ensuing fiscal year.

The FY 2017 budget has been prepared on the basis of funds appropriated by the 84th Legislature, Regular Session, including estimated local income.

A copy of the proposed budget has been provided to members of the Board.

The State Auditor has requested that all fund balances be appropriated by the Board of Regents or be classified as unreserved or unallocated. It is our opinion that it would be best for the Board of Regents to appropriate fund balances for the activities usually supported by the accounts unless otherwise appropriated by the Board of Regents.

2. **TTUHSC: Authorize president to execute contract with GCA Education Services of Texas, Inc.**

Presenter: Mr. Elmo M. Cavin

Presentation Time: 5 minutes

Board approval required by: Section 07.12.3.a, Regents' Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the president to approve and execute a contract with GCA Education Services of Texas, Inc., to provide custodial and related services at the Texas Tech University Health Sciences Center (“TTUHSC”) Lubbock and Permian Basin locations.

**BACKGROUND INFORMATION**

GCA Education Services of Texas, Inc. (aka GSA Service Group), has provided quality custodial services to TTUHSC for a variety of operations and spaces including clinical, academic, research and auxiliary space since June 2005. The current contract is expiring this fiscal year and thus a new contract needs to be established. ASU has an existing competitively awarded contract with the vendor GCA Educational Services of Texas for custodial services. TTUHSC Physical Plant has elected to partner with ASU Physical Plant and use their existing contract to provide custodial services to TTUHSC for Fiscal Year 2017. During Fiscal Year 2017, TTUHSC, ASU, and TTUHSC at El Paso intend to conduct a joint solicitation for custodial services, which will provide sufficient economies of scale to enable the best value to be obtained for custodial services across the individual institutions. Furthermore, new buildings being added to the inventory will offer additional opportunities and advantages. The estimated annual expense to TTUHSC is approximately $1,800,000.

The TTUHSC contract will utilize an existing contract that has been approved by the Board for Angelo State University (ASU). The ASU contract with GCA Education Services of Texas, Inc. was obtained through a competitive RFP process allowing for the utilization of the award by other TTU System entities in accordance with the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, Education Code), and has renewal options to extend the term thru August 2017.

Section 07.12.3.a. Regents’ Rules, requires Board approval on contracts that involve a stated or implied consideration that totals in excess of $1,000,000 over the term of the contract.
3. **TTUHSC El Paso: Authorize president to execute contract with Community Health Worker Core Consensus Consultants.**

Presenter: President Richard A. Lange, M.D., M.B.A.  Presentation Time: 5 minutes

Board approval required by: Section 07.12.4.e.1, *Regents’ Rules*

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the president to execute a contract with Community Resources LLC and Caitlin G. Allen to provide expertise and encourage outreach to stakeholders and leaders in the health and human service organizations.

**BACKGROUND INFORMATION**

Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) recognizes the need to obtain expert consulting services to aid in the implementation of the Community Health Worker (“CHW”) Core Consensus Project (“C3 PROJECT”) which addresses the development of identified CHW clinical and community-based roles and skills, assessment approaches and identifying organizations to endorse findings of this and the previous C3 Project findings.

TTUHSC El Paso received funding in the amount of $286,000 from Sanofi US in April 2016 and began reviewing qualifications for qualified consultants who would provide the best overall value to TTUHSC El Paso. TTUHSC El Paso is seeking approval for two consultants for this project:

- **Community Resources LLC:** The estimated annual cost will be $90,000 which includes $16,000 to reimburse the consultant for travel, lodging and out-of-pocket expenses and $13,000 will be available upon invoicing for the payment of C3 Project advisory committee honorarium.

- **Caitlin G. Allen:** The estimated annual cost will be $28,500 which includes $3,200 to reimburse the consultant for travel, lodging and out-of-pocket expenses.

Both contracts will be effective as of August 15, 2016 and will end on October 31, 2017. The contract terms are in line with the funding provided.

NOTE: A third consultant, Josefine P. Brownstein, will assist with this project. The estimated annual cost of the Brownstein consulting contract will be $10,500, which is below the threshold that requires Board approval. Accordingly, this contract is listed on the Information Agenda in compliance with Section 07.12.4.e(2), *Regents’ Rules*.

Section 07.12.4.e(1), *Regents’ Rules*, requires Board approval on consulting contracts with an initial consideration in excess of $25,000 or a consulting contract where the initial consideration was $25,000 or less and the modification will cause the total consideration to exceed $25,000.

3. **TTU: Approve Master of Science Degree in Finance.**

Presenter: Dr. Michael Glayean
Presentation Time: 3 minutes

Board approval required by: Section 04.09.1, Regents’ Rules; TTU Operating Policy 36.04 and Chapter 5, Subchapter C, THECB Laws and Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the new degree program, Master of Science in Finance, to be offered on-campus in the Jerry S. Rawls College of Business and authorize submission by the Office of the Provost and Senior Vice President for Academic Affairs to the Texas Higher Education Coordinating Board seeking its certification of such a program and to the Southern Association of Colleges and Schools Commission on Colleges for acknowledgement of a new degree program.

Currently, students in the existing Master of Science in Business Administration (“M.S.B.A.”) may complete a concentration in finance. The proposed M.S. in Finance will replace that concentration in the M.S.B.A. As such, no new tenure-track faculty members are needed to support this degree within the first five years, but existing faculty load will be reallocated from the M.S.B.A. to meet demand for the new program. Neither are any new non tenure-track faculty, graduate part-time instructors, or teaching assistants anticipated to be associated with the new program. The $1,381,250 in personnel costs listed below represents the personnel expenses associated with delivering the current finance concentration in the M.S.B.S. program. Equipment costs of $150,000 over five years include the program’s use of Bloomberg data services and equipment (the default financial data service provider used in the financial industry today). Promotion of the program and recruitment activity are expected to cost approximately $2500 per year in the first five years, for a total of $12,500. Together, these costs over five years total $1,543,750. With differential tuition projected at $3,794,344 and formula funding at $414,074 in the same time period, the program is anticipated to generate revenue of $4,208,418.

BACKGROUND INFORMATION

The proposed Master of Science in Finance is to provide graduate-level education in the use of financial analysis and tools to meet the needs and challenges of our modern financial economy. Graduates will be able to identify, analyze, and solve today’s financial challenges in corporation financial matters, investments (both financial and real estate focused), as well as the management of our financial services industry.

The finance concentration in the M.S.B.A. has a current headcount of approximately 20 students, clear evidence of existing demand for master’s level education in finance. Yet, the M.S.B.A. is not well known or well understood throughout the state and beyond. On the other hand, the M.S. in Finance degree is widely understood as providing graduate education concentrating on financial problems and the tools and analytical framework to provide solutions to such problems. The M.S. in Finance degree is more streamlined, slightly reducing overall credit hour requirements compared to the M.S.B.A. concentration.

Growing nationwide demand for master’s level graduates with financial-analysis skills has been recently demonstrated. Thus, demand for the new program should be robust for the first five years as we estimate in the table below, assuming all students take full-time enrollment of 33 semester credit hours per year.

4. **TTU: Approve conferral of honorary degree.**

Presenter: Dr. Michael Galyean  
Presentation Time: 2 minutes  
Board approval required by: Section 12.04, *Regents’ Rules*; TTU Operating Policy 30.08

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the conferral of an honorary degree of Doctor of Humanities upon _______________ at the December 2016 commencement ceremony or at a time and place mutually agreeable to the president, the chancellor, the board, and the recipient of the award.

However, in accordance with the requirements of the *Regents’ Rules*, the name of the nominee will not be disclosed or publicly discussed prior to or during the Board meeting. As a matter of courtesy, the recipient will be informed of the award prior to a public announcement.]

**BACKGROUND INFORMATION**

Pursuant to provisions of Section 12.04.5, *Regents’ Rules*, and paragraph 6, Texas Tech University Operating Policy and Procedure 30.08, an advisory committee has recommended conferral of this honorary degree. This recommendation comes after careful consideration of the proposed recipient’s educational background as well as the person’s exceptional service to society and reflection on Texas Tech University.

Section 12.04.5, *Regents’ Rules*, stipulates that the Board of Regents must authorize the conferral of an honorary degree.
5. **TTUHSC El Paso: Approve appointment with tenure.**

Presenter: Richard A. Lange, M.D., M.B.A.  Presentation Time: 1 minute

Board approval required by Section 04.02, *Regents’ Rules* and HSC Operating Policy 60.01

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the granting of tenure to Koko Aung, M.D., MPH, CPH, FACP concurrent with his appointment as the professor in the Department of Internal Medicine at the Paul L. Foster School of Medicine, effective as of February 5, 2016.

Dr. Aung joins the Texas Tech University Health Sciences Center at El Paso ("TTUHSC El Paso") from the University of Texas Health Sciences Center at San Antonio where he has served as a Professor of Internal Medicine and the Chief of the Division of General Internal Medicine. He also held the O. Roger Hollan Professorship in Internal Medicine. Dr. Aung was also the Director of Educational Programs for the Department of Medicine at the Health Science Center in San Antonio which included the emerging medical school of the University of Texas Rio Grande Valley at that time. He earned his medical degree from Rangoon University Medical College in Burma, and completed his internal medicine residency at Temple University/St. Luke's University Hospital in Bethlehem, Pennsylvania, where he served as the Chief Medical Resident. He received a Master of Public Health degree from the Johns Hopkins University School of Public Health. He received training on the conduct of systematic reviews and meta-analysis at Tufts University School of Medicine, Johns Hopkins University School of Public Health, and the U.S. Cochrane Center; and training on outcomes research at Harvard School of Public Health. He is board-certified by the American Board of Internal Medicine, and by the National Board of Public Health Examiners.

Dr. Aung's areas of expertise and interests include medical education leadership, educational program development, clinical internal medicine, clinical epidemiology, evidence synthesis, systematic reviews and meta-analyses. He published and delivered presentations related to clinical epidemiology, evidence synthesis and quality of health care. Dr. Aung is the current President of the Texas Chapter of the American College of Physicians Services. He is a member of Cochrane Collaboration, an international not-for-profit organization, providing up-to-date information about the effects of health care. He chairs the Society of General Internal Medicine (SGIM)-UpToDate Reviewers Leadership Committee. He also serves as a member of the United States Medical Licensing Examination Test Materials Development Committee for the National Board of Medical Examiners.
BACKGROUND INFORMATION

Pursuant to 04.02, Regents’ Rules, the Board of Regents approves the awarding of academic tenure with initial appointment. Approval of this individual for tenure brings the number of tenured faculty in all academic schools of the Health Sciences Center El Paso to 38. There are a total of 71 faculty either in the tenure-track or tenured. After this appointment, the percentage of tenure track faculty who has been awarded tenure will be 54 percent. The number of faculty that is on the non-tenure track is 222.
6. **TTUHSC El Paso: Approve a “Distinction in Anatomy” M.D. diploma notation for graduates of the Paul L. Foster School of Medicine who complete the associated supplemental program requirements.**

Presenter: Richard A. Lange, M.D., M.B.A.  
Presentation Time: 2 minutes

Board approval required by Section 04.09, Regent’s Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the “Distinction in Anatomy” M.D. diploma notation for graduates of the Paul L. Foster School of Medicine (“PLFSOM”) who complete the program requirements.

**BACKGROUND INFORMATION**

The first two years of the PLFSOM M.D. degree program consist primarily of highly integrated clinical presentation-based instruction in the basic biomedical sciences and introductory medical skills. Based on program feedback, the school intends to implement an elective and supplemental program of advanced instruction and scholarship in human anatomy. The program does not provide for additional course credit, and it does not change or alter the sequence of the graduation requirements for the PLFSOM Doctor of Medicine (M.D.) degree. Rather, the program consists of a set of rigorous supplemental academic requirements that upon successful completion will result in the student graduating with “Distinction in Anatomy”. The basic structure of this program is analogous to the currently approved “Distinction in Research and Scholarship”. Similar to the already approved diploma notation for “Distinction in Research and Scholarship”, TTUHSC El Paso is seeking approval for a notation of “Distinction in Anatomy” on the PLFSOM M.D. diploma for students who successfully complete the “Distinction in Anatomy” program requirements.

The proposal is considered ‘budget neutral’ as the additional costs are marginal and expected to be offset by the savings derived from the preparation of anatomical specimens by participants in the program, and the use of these specimens in the required medical school curriculum.

1. **ASU: Approve a project to construct the new Archer College of Health and Human Services building.**

   **Presenter:** Mr. Michael Molina  
   **Presentation Time:** 5 minutes  
   **Board approval required by:** Section 08.01.3, *Regents’ Rules*

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) proceed with a project to plan, design, and construct the new Archer College of Health and Human Services building project with a total project budget of $26,360,000; (ii) report the project to the Texas Higher Education Coordinating Board; (iii) amend the Design Professional contract, (iv) amend the Construction Manager Agent contract; and (v) amend the Construction Manager at Risk contract. The project budget of $26,360,000 is comprised of the Revenue Finance System ("RFS") funding of the 84th Texas Legislature’s Regular Session authorization of Tuition Revenue Bond ("TRB") ($21,360,000) and cash gifts ($5,000,000). The budget includes the previously approved Stage I design budget of $797,195 which was funded through the Revenue Finance System ("RFS") repaid with the Tuition Revenue Bond ("TRB") Legislative appropriation.

It is further recommended that the Board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of *Treasury Regulations*, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a project with an aggregate maximum principal amount expected to be $21,360,000.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In August 2015, the Board of Regents approved Stage I design services to provide for the solicitation and contracting of the Design Professional, Construction Manager Agent, and construction partners; facility functional use programming; schematic design; survey; geo-tech testing; site analysis; utility infrastructure analysis; and final package development for a full funding request.

The project will construct 56,600 gross square feet ("GSF") of teaching laboratories; classroom spaces that through the use of dividers would optimize
class sizes; a 100 seat seminar room; student study rooms; and high-tech interdisciplinary research laboratories. In addition, there would be a centralized administrative suite for college, departmental, and program administrators and support staff, faculty offices, an academic advising center, and a support center for online program development and delivery. Also included will be site development, utility infrastructure, landscape enhancements, and public art. The proposed building location is west adjacent to the existing Vincent Building, and will be designed to minimize any adverse impact to the site’s existing environment.

The proposed facility will support the new realigned College of Health and Human Services (“CHHS”) and its component departments and programs including Nursing, Doctor of Physical Therapy (DPT), athletic training, kinesiology, social work, applied psychology and counseling. Additionally, the building will allow for future program development and expansion including occupational therapy, and a Master of Social Work (“MSW”) program.

The proposal of the CHHS building is in alignment with the Texas Tech University System and Angelo State University’s strategic goal of growing ASU student enrollment to 10,000 by 2020. Close to one-third of ASU’s total student enrollment, are students majoring in one of the disciplines available in the CHHS. Authorization of this item will directly address the "Closing the Gaps" goals of participation and success by increasing enrollment of diverse populations and the graduation of highly trained nursing and allied health professionals ready and able to enter high demand healthcare professions.

2. **ASU: Approve scope expansion and budget increase to the new Press Box project at the LeGrand (Football) Stadium.**

   Presenter: Mr. Michael Molina  
   Presentation Time: 5 minutes  
   Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor's designee to (i) expand the project scope and increase the project budget for the new Press Box at the LeGrand (Football) Stadium at 1st Community Credit Union Field by $500,000 for a total project budget of $3,500,000; (ii) report the project change to the Texas Higher Education Coordinating Board; (iii) amend the design professional contract; (iv) complete the contract documents; and (v) amend the construction contract. The budget increase will be funded with a gift-in-hand.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In February 2016, the Board of Regents approved a project to plan, design, and construct a new Press Box at the LeGrand (Football) Stadium at 1st Community Credit Union Field with a total budget of $3,000,000. The project will demolish the existing Press Box building and construct a new 3-story Press Box building. The new 6,660 gross square foot facility will house concessions area, men’s, women’s, and unisex restrooms, VIP Suites, Press & Game Officials' Boxes, Coaches' Box, elevator & stairwells, MPE/utility rooms, and roof-top video deck.

The proposed project budget increase will cover modifications to (1) the window design in order to provide improved sight lines; (2) enhance ADA access within the suites; and (3) provide additional elevator stops to accommodate all visitors with total access to the concession area and the suites.

3. **TTU: Approve scope expansion and budget increase to the Petroleum Engineering Building Renovation – Phase I project.**

Presenter: Mr. Michael Molina  
Presentation Time: 5 minutes  
Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) expand the project scope and increase the project budget for the Petroleum Engineering Building Renovations – Phase I project by $725,000 for a total project budget of $9,859,000; (ii) report the project change to the Texas Higher Education Coordinating Board; (iii) amend the design professional contract; (iv) complete the contract documents; and (v) amend the construction contract. The budget increase will be funded through the Revenue Finance System ("RFS") repaid with Higher Education Assistance Funds ("HEAF") ($485,750) and Gifts ($239,250).

The original project was funded with Higher Education Assistance Funds ("HEAF") ($3,800,000), gifts ($750,000), and indirect cost recovery ($450,000) for a total $5.0 million project funding. The first budget increase was funded through the Revenue Finance System ("RFS") repaid with Higher Education Assistance Funds ("HEAF") ($4,134,000) for an amended project budget total of $9,134,000.

It is further recommended that the board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of Treasury Regulations, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a project with an aggregate maximum principal amount expected to be $9,859,000.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In March 2015, the Board of Regents approved Phase I of the project with a total project budget of $5,000,000. The project renovated approximately 17,062 square feet on the second floor of the Petroleum Engineering building for the Industrial Engineering Department. The renovation updated one wet lab, created a new office suite for the department chair, provided faculty/staff offices,
conference rooms, and support space, as well as, student offices and study space. Upgrades to the mechanical, electrical and plumbing systems were accomplished, along with a new access control system integrated into the existing infrastructure.

In February 2016, the Board of Regents approved a project scope expansion and budget increase of $4,134,000 for a total project budget of 9,134,000. The project budget increase renovated 20,480 square feet of the first floor to create industrial labs; a CadCam Computer Lab; conference room; upgrade two existing classrooms; renovate restrooms to meet ADA; upgrade all finishes and provide distance education capabilities and equipment installation in several classrooms. Also, the Board of Regents approved re-naming the former Petroleum Engineering building the "Industrial Engineering" building for utilization by the College of Engineering.

The proposed project budget increase covers the expanded scope to include renovation of an additional 3,237 square feet in the building, and modification to a lab within the previously approved scope. The project will (1) renovate Rooms 118A and 118B for the Advanced Manufacturing Teaching Lab; (2) renovate Room 119 into a study room; and (3) convert Lab #111 from the previously approved dry lab to a wet lab function.

4. **TTU: Approve a project to construct the Experimental Sciences Building II.**

Presenter: Mr. Michael Molina  
Presentation Time: 5 minutes

Board approval required by: Section 08.01.3, *Regents’ Rules*

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) proceed with a project to plan, design, and construct the Experimental Sciences Building II ("ESB II"), a new Research Building, with a total project budget of $77,000,000; (ii) report the project to the Texas Higher Education Coordinating Board; (iii) amend the Design Professional contract, (iv) amend the Construction Manager Agent contract; and (v) amend the Construction Manager at Risk contract. The project budget of $77,000,000 is comprised of the Revenue Finance System ("RFS") funding of the 84th Texas Legislature’s Regular Session authorization of Tuition Revenue Bond ("TRB") ($70,000,000) and the balance will be funded through RFS repaid by Higher Education Assistance Funds ("HEAF") ($7,000,000). The budget includes the previously approved Stage I design budget of $2,217,364 which was funded through the Revenue Finance System ("RFS") repaid with the Tuition Revenue Bond ("TRB") Legislative appropriation.

It is further recommended that the Board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of *Treasury Regulations*, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a project with an aggregate maximum principal amount expected to be $77,000,000.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In August 2015, the Board of Regents approved Stage I design services to provide for the solicitation and contracting of Design Professional, Construction Manager Agent, and construction partners; facility functional use programming; schematic design; survey; geo-tech testing; site analysis; utility infrastructure analysis; and final package development for a full funding request.
The facility’s functional use programming has revealed a change to the original project scope of a new facility and renovation of vacated backfill spaces. The revised fiscal strategy is to maximize the budget to build as much new research space as possible. The current program’s gross square footage (“GSF”) range is between 120,000 GSF – 140,000 GSF. The building will be designed as a flexible, open, and modular high-tech interdisciplinary research facility with laboratories, principal research investigator offices, laboratories for science disciplines, and academic offices and support space to foster Texas Tech’s growing research enterprise. The new science laboratories created will be efficient, modern with cutting-edge scientific equipment. The new research laboratory space will be characterized by an interdisciplinary “institute” environment.

The building will be located in close proximity to the current Experimental Sciences Building (“ESB”). The site’s development provides an opportunity to strengthen the campus master plan’s corridors, improve pedestrian connections, and create new open spaces and amenities to be shared within the campus community. The scope of the project will also include site and utility infrastructure work, landscape enhancements, and public art.

The vice president for administration and finance and chief financial officer has verified the source of funds.
5. **TTU: Authorize a Power Purchase Agreement for Texas Tech University's Junction campus.**

Presenter: Mr. Michael Molina          Presentation Time: 5 minutes
Board approval required by: Section 07.12.3.d, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the president or the president’s designee to (i) negotiate and execute a Power Purchase Agreement (“PPA”) with Paru USA, LLC (“Paru”) and its subsidiary, Sun Action Trackers, LLC, which includes a grant of access to approximately 3 acres of Texas Tech University’s Junction campus so it may install and operate a solar powered electric generating system (“System”) that will further research and development of solar energy, and (ii) authorize the TTU System Office of Facilities Planning and Construction to coordinate the System’s site location, plans, and any construction.

**BACKGROUND INFORMATION**

On January 13, 2015, TTU received a $13 million dollar award from the State of Texas Emerging Technology Fund (currently operating under the Office of the Governor’s Office of Economic Development and Tourism), to support research and innovation related to TTU’s Global Laboratory for Energy Asset Management and Manufacturing (“GLEAMM”). GLEAMM is a program aimed at increasing research, innovation and revenue related to microgrid, renewable energy, cybersecurity and other electricity grid modernization initiatives. Under the GLEAMM award, TTU has certain milestones to fulfill.

Paru approached TTU about granting access to land on TTU’s Junction campus for the installation of the System to further research and development of solar energy. TTU evaluated and approved the System as a proprietary purchase based on Paru’s patent for unique real time sensory technology.

The proposed agreement will provide explicit terms for research access to the System by TTU researchers. The System is expected to qualify as a GLEAMM milestone by allowing TTU (either directly or indirectly, through a subaward to another entity) to commission a solar array at no cost to TTU. Furthermore, TTU has plans to deploy a phasor measurement unit at or near the site in fulfillment of a GLEAMM milestone.

The TTU College of Engineering has identified three initial research projects for the System:

1. Modeling and Data analysis of electricity grid connected solar system;
2. Solar Panels operation mode analysis; and

The initial term of the PPA will be fifteen years from the date the System is operational (“Initial Term”), and there are two optional five-year optional renewal periods (each a “Renewal Term”), if agreed upon by the parties prior to the end of the Initial or then current Renewal Term. TTU will have the ability to terminate the PPA early for two reasons: (1) after the first 6 months post execution if Paru USA, LLC has not commenced the installation of the Solar Project within that time period, or (2) upon an event of default that remains uncured, including Paru USA’s or Sun Action Trackers, LLC’s making any misrepresentation to TTU; abandonment of the System; failure to operate the System; failure to perform any obligation under the PPA; and insolvency or bankruptcy.

TTU will permit access to the land for installation, maintenance of the System, and associated solar energy research, all of which will be funded entirely by Paru. TTU will not be responsible for any installation or operations costs, or insurance. For use of the land, Paru will provide TTU with sole control over a portion of the System, so that TTU may to conduct its own research.

The parties estimate the System will supply 50% of TTU’s power needs in Junction. In 2014, TTU spent $44,890 on electricity at the Junction campus for approximately 448,890 kWh. The System is anticipated to generate approximately 200,000 kWh. TTU will pay Paru $0.035 per kWh for power generated by the System, all of which will be delivered to TTU. Therefore, TTU’s cost for the estimated power generated by the System would be $7,000, a savings of approximately $13,000 per year on electric utilities.

Prior to expiration of the PPA, TTU will have the option to purchase the System for the then fair market value of the System. TTU must exercise its option not more than 12 months but not less than 9 months prior to the expiration of the PPA. If TTU does not exercise its option, the PPA will expire and Paru will decommission the System.

Section 07.12.3.d. Regents’ Rules, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.
6. **TTU: Authorize president to execute a contract with the Enrollment Management Dallas Office.**

Presenter: Mr. Michael Molina       Presentation Time: 5 minutes

Board approval required by: Section 07.12.3.d, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the president or his designee to negotiate and execute a lease agreement with PFV/Realty III, L.P. in Dallas, Texas, for use by the Department of Enrollment Management’s Dallas Office.

Texas Tech University (“TTU”), on behalf of its Department of Enrollment Management, issued a Request for Qualifications (RFQ 2015-672), seeking qualified brokers of retail leased space in Dallas, Texas. TTU selected Ryland Enterprise, Inc. dba ARVO Realty Advisors, who brokered for TTU adequate retail space at Preston Forrest Village in Dallas. Specifically, TTU wishes to lease 5,200 square feet of retail space at 11661 Preston Road, Preston Forrest Village, Dallas, Texas 75230, from PFV/Realty III, L.P., for use by Enrollment Management for recruiting efforts in the Dallas area.

The initial term of the lease is seven years and would begin upon completion of negotiations after Board of Regent approval. The lease allows for one extension of five years if TTU provides the Landlord with at least one year’s notice prior to the expiration of the initial term. For the initial term of the lease, TTU will pay annual rent as follows:

Thereafter, the Common Area rent payment will increase by 4% each year of the term.

**BACKGROUND INFORMATION**

Texas Tech University Dallas Regional Recruitment Center has been in the same location for 19 years. The center is currently located two miles south of Love Field Airport, near I-35, inside the Wells Fargo Bank Building, which is a seven story office building. Due to the density of surrounding buildings, the location provides little to no visibility for traffic to the Recruitment Center. Safety of the office has been a concern for some years, since the facility only provides one security officer during the hours of 8:00 a.m. to 5:00 p.m. Additionally, due to the expanded program offerings and the number of staff that occupy the space, there is no opportunity for expansion within the current office building.

The Dallas Regional Center’s recruitment territory covers all of the DFW metroplex area, East Texas, and the Waco, Temple, and Killeen area. In total, the office services 980 high schools and 51 community college campuses through targeted recruitment visits, programs, and communication. The office is responsible for 34.7% of the total number of applications that are received by Texas Tech. Additionally, the office generates 35% of the total number of students that enroll each year at Texas Tech University. The Dallas Regional Recruitment Center is responsible for outreach to nearly 36,000 students annually.

Usage of the Dallas Regional Recruitment Center varies from a variety of different programs which include application workshops, high school and community college advisor workshops, information sessions, financial aid nights, as well as individual student appointments. The office is equipped to process enrollment documents making the recruitment center a “one-stop shop” for students and parents who are interested in Texas Tech University.

The center has seen a 22% increase in walk in traffic, however, that is low in comparison to the retail space in Austin. This is primarily due to the fact that students and parents do not recognize the location and it does not lend itself to walk in traffic. In the last three years the number of programs offered at the center have increased by 41%. Not only have the programs and services provided in the recruitment center grown over the years, so has the staff that
occupy the center. In fact, reconfiguration of the space to accommodate the increased number of employees has limited the centers’ ability to host large events at the office.

Acknowledging the benefits of the existing Dallas Regional Recruitment Center as well as the progress towards and desire to expand and grow the offerings in the largest metropolitan recruitment territory, Undergraduate Admissions wishes to continue such operations in Dallas, but housed in a retail based location. They have found that the retail concept lends itself well to the role in which a Regional Recruitment Center serves. The value of retail for visibility, convenience for students and parents, parking and safety, as well as the ability to expand the offerings of the center justify the additional costs required for such operations in Dallas.

Section 07.12.3.d. Regents’ Rules, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.
7. **TTUHSC: Approve a project to construct the new Permian Basin Academic Facility on the Odessa campus.**

Presenter: Mr. Michael Molina  
Presentation Time: 5 minutes

Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) proceed with a project to plan, design, and construct a new Permian Basin Academic Facility on the Odessa campus with a total budget of $22,300,000; (ii) report the project to the Texas Higher Education Coordinating Board; (iii) amend the Design Professional contract, (iv) amend the Construction Manager Agent contract; and (v) amend the Construction Manager at Risk contract. The project budget of $22,300,000 is comprised of the Revenue Finance System (“RFS”) funding of the 84th Texas Legislature’s Regular Session authorization of Tuition Revenue Bond (“TRB”) ($14,256,000), Unexpended Plant Funds cash ($5,544,000), and gift ($2,500,000 pledge). The budget includes the previously approved Stage I design budget of $552,665 which was funded through the Revenue Finance System (“RFS”) repaid with the Tuition Revenue Bond (“TRB”) Legislative appropriation.

It is further recommended that the board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of *Treasury Regulations*, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a project with an aggregate maximum principal amount expected to be $16,756,000.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In August 2015, the Board of Regents approved Stage I design services to provide for the solicitation and contracting of the Design Professional, Construction Manager Agent, and construction partners; facility functional use programming; schematic design; survey; geo-tech testing; site analysis; utility infrastructure analysis; and final package development for a full funding request.

The project will construct a new 51,000 GSF building centrally sited on the main Odessa campus. The proposed structure and its adjacency to other facilities will...
provide accessibility and promote the use of the building by the campus community in order to continue to meet current and upcoming programmatic changes. The project will include academic space for lecture halls & classrooms, research laboratories, faculty/researcher and staff offices, education and conference center, specialized instruction and other support spaces. Classrooms to include extensive data communications and HealthNet distance learning capabilities.

The proposed project will provide a new facility on the Odessa campus to accommodate expansion of undergraduate medical students and other healthcare disciplines to the Permian Basin. The facility will support the expanded School of Medicine and other academic program changes and growth. For example, each medical class is increasing from 25 to 36 students, 3rd and 4th year respectively. Also 31 new faculty and 3 new researchers are being hired and they have inadequate offices and teaching space.

A new facility will also foster the ability to recruit, retain and provide a high quality educational experience to our future health care professionals in critical and high-demand fields. Program design of the spaces will promote collaborations, partnerships and opportunities with other external entities and stakeholders. This project will offer the unique opportunity to engage all of the schools and departments in partnership, service and interdisciplinary work.

8. **TTUHSC: Authorize the purchase of real property in Odessa, Texas.**

   Presenter: Mr. Michael Molina  
   Presentation Time: 5 minutes  
   Board approval required by: Section 07.12.3.d, Regents’ Rules; Texas Administrative Code, §17.10

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) establish a total project budget of $10,500; (ii) negotiate and execute an agreement to purchase Dotsy Avenue between 4th Street and 3rd Street; 0.37 acres (16,225 square feet) of, Odessa, Texas; and (iii) report the purchase to the Texas Higher Education Coordinating Board. The property purchase will be funded with Designated Funds Interest Earnings.

The city street have been assessed by the Odessa Central Appraisal District for an approximate value of $10,500. TTUHSC will negotiate a not-to-exceed amount of $10,500 for the improved real property.

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with the city, state, and county agencies, utility companies, and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

In August 2015, the Board of Regents approved the Stage I design services for the new Permian Basin Academic Facility, the first new structure on the campus since 1999. The new facility will provide 51,000 GSF of space to accommodate expansion of the undergraduate medical student programs and various other healthcare disciplines on the Permian Basin campus. Along with this new facility is the overall vision to unify the campus. The purchase of this improved real property is vital in fulfilling that expansion vision of the Texas Tech University Health Sciences Center Permian Basin Campus at Odessa, Texas.

The purchase of Dotsy Avenue and ultimate closing will allow for the creation of a green belt / pedestrian corridor that will tie the campus buildings together. Acquisition of the property will not only allow TTUHSC to convert asphalt paving to a green belt, park like setting, but also provide a buffer zone from the property to the east. Emergency and fire access will be incorporated into this design as well.

Section 07.12.3.d, Regents’ Rules, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.
Title 19, Chapter 17, Subchapter A of the Texas Administrative Code requires approval of the governing board before submitting the appropriate documentation to the Texas Higher Education Coordinating Board for their information on the purchase of real property.

1. **ASU, TTU, TTUHSC, TTUHSC El Paso, TTUSA and TTUS:** Approve Consent Agenda; acknowledge review of Information Agenda.

**RECOMMENDATION**

The chancellor recommends that the Board of Regents (i) approves the Consent Agenda for the meeting of August 11-12, 2016; and (ii) acknowledge its review of the Information Agenda for the same meeting.

**BACKGROUND INFORMATION**

Pursuant to Section 01.02.6.b(2), *Regents' Rules*, the Board of Regents approves certain administrative actions.

This action is required to authorize the various officers and officials of Texas Tech to perform the tasks and duties delineated in the policies of the Board of Regents. This action also confirms the authority to prepare reports, execute contracts, documents, or instruments approved within the Consent Agenda and further confirms that such authority has been delegated to the officer or official preparing and/or executing the said item.
2. **TTUHSC El Paso: Authorize the use of Eminent Domain.**

Presentor: Richard A. Lange, M.D., M.B.A.  
Presentation Time: 5 minutes

Board approval required by: Section 07.12.3.d, Regents’ Rules; Section 2206.053, Texas Government Code

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee use of the power of eminent domain on behalf of Texas Tech University Health Sciences Center at El Paso (“TTUHSC El Paso”) to acquire the property located at 4900 Gateway Boulevard East in El Paso, Texas (Exhibit A / Legal Description: F NEVE SURV 8 ABST 162 3-A (0.5346 AC) & 3-B (0.2689 AC) for a total of 0.8035 acres). The purchase of this improved real property is vital to the mission of TTUHSC El Paso.

**BACKGROUND INFORMATION**

The purchase of this improved real property is vital to fulfill the mission of the Texas Tech University Health Sciences Center at El Paso (“TTUHSC El Paso”). This property is located near the TTUHSC El Paso main campus and has a Hotel building that can be adapted for other facilities, including clinical and administrative space for TTUHSC El Paso departments, such as the Department of Neurology. These factors will help support the institution’s educational, patient and research missions.

As the final offer is sent to the property owner, we anticipate that the offer will not be accepted which would require TTUHSC El Paso to begin the eminent domain process. In order to properly institute eminent domain proceedings, the Chancellor recommends the Board of Regents authorize use of the power of eminent domain as needed for that property.

Per Section 109.051 of the Texas Education Code, the Board of Regents has power of eminent domain to acquire land needed to carry out the purposes of the university system and the component institutions, including TTUHSC El Paso.

Section 07.12.3.d. Regents’ Rules, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.

Section 2206.053 of the Texas Government Code sets forth particular requirements for a governmental entity’s public vote on use of eminent domain.

- Reviewed and updated Part I, Section B, 2: Actions against Members of the University Community and Others

- Clarified the definition of Complicity in Part I, Section B, 2.g.1.

- Clarified the definition and role of an “Advisor” in a Conduct Hearing in Part I, Section C, 2.b.2: Rights and Responsibilities.
Part II, Section I. C. The Anti-Discrimination Policy was updated to reflect and link to the System’s updated Operating Policies, ASU O.P. 16.02 Non-Discrimination and Anti-Harassment Policy and Compliant Procedure for Violations of Employment and Other Laws and ASU O.P. 16.03 Sexual Harassment, Sexual Assault, Sexual Misconduct, and Title IX Policy and Compliant Procedure for matters concerning Sexual Misconduct.

The Student Handbook is reviewed annually by university departments with related content. The Code of Student Conduct as a section of the Student Handbook (Part I) is reviewed annually by the Code of Student Conduct Review Committee including faculty, staff, and student representatives, along with further review by the Director of Title IX, Executive Director of Student Affairs, Senior Executive Assistant to the President, TTUS General Counsel, and the Office of the Vice President for Student Affairs and Enrollment Management.
b. **TTU: Approve leaves of absence without pay.**

Board approval required by: Section 04.05.1, *Regents’ Rules*

The request is to approve the following leaves of absence without pay. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

Leave without pay for Andrew Farley, Associate Professor in the Department of Classical and Modern Languages and Literatures in the College of Arts and Sciences, for the period of August 24, 2016 through May 20, 2017. Dr. Farley seeks leave for purposes of personal development.

**BACKGROUND INFORMATION**

Section 04.05.1, *Regents’ Rules*, requires Regents’ approval of leaves of absence for faculty. The existing policy provides that leaves may be granted under conditions allowable by the State of Texas. Faculty members submit requests for leave through their respective deans to the provost. The provost has approved the leaves as indicated.
c. TTU: Approve faculty development leave of absence.

Board approval required by: Section 04.05.1, Regents’ Rules; TTU OP 32.29

The request is to approve the following faculty development leave of absence. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

Faculty development leave with salary for Natalia Velikova, Associate Professor in the Department of Hospitality and Retail Management, College of Human Sciences, for the period September 1, 2016 through December 31, 2016. Dr. Velikova has received a Fulbright Scholar Award for study and teaching at the Agricultural University of Georgia where she will teach an upper-level course in wine marketing and conduct research to develop wine tourism and wine marketing strategies for the Georgian wine industry.

BACKGROUND INFORMATION

Per Section 04.05.1, Regents’ Rules, Board approval is required for leaves of absence for faculty. The existing policy provides that leaves may be granted under conditions allowable by the State of Texas. Faculty members submit requests for leave through their respective deans to the provost. The provost has approved each leave as indicated.

The principle objective of faculty development leaves is to enable faculty members to engage in study, research, writing, field work, or similar professional activities for a period of time free from their obligations to the university. The ultimate purpose of faculty development leaves is to subsequently enhance educational offerings available to Texas Tech University students through the faculty members’ refreshed or expanded knowledge gained from the leave activities. Faculty development leaves may be granted for one semester at full salary or for an academic year (two semesters) at one-half salary. Occasionally, a faculty development leave is recommended according to the program of Targeted External Awards for Faculty sponsored by the Provost and the Vice President for Research. In addition to a development leave, faculty who receive one of these prestigious external awards (such as a Fulbright Award) are granted a travel and relocation supplement for their project, and a one-time stipend upon completion of the project.
c-1. **TTU: Approve emeritus appointment.**

Board approval required by: Section 04.01.02, *Regents’ Rules*

**RECOMMENDATION**

The request is to grant emeritus status to the staff member named below. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

Peggy Flores, Commencement Coordinator *Emerita*

**BACKGROUND INFORMATION**

According to the *Regents’ Rules*, emeritus appointments shall be honorary and without stipend. Emeritus appointments may be given at retirement and are intended to recognize long and faithful service, or very distinguished service to the university. The *Regents’ Rules* specifically provide that administrative officers may be considered for emeritus appointments at the time of their retirement.

On August 31, 2015, Ms. Peggy Flores retired after completing 33 years as Texas Tech University’s Commencement Coordinator. She has been temporarily working in a part-time capacity to assist the new Commencement Coordinator with the transition, and her part-time position will end with the August 2016 commencement ceremony.

To recognize her exceptional service to this university and to thousands of graduates and their families and friends, Texas Tech University wishes to confer upon Peggy Flores the title of Commencement Coordinator *Emerita*. 
d. **TTUHSC: Approve reclassification of the Doctor of Nursing Practice (“DNP”) degree as a distance program.**

Board approval required by: Section 04.09.1, *Regents’ Rules*; HSC Operating Policy 60.11 and Chapter 5, subchapter C, Rule §5.46 of the THECB Laws and Rules

The request is to approve the Texas Higher Education Coordinating Board’s (“THECB”) reclassification of the Texas Tech University Health Sciences Center’s (“TTUHSC”) Doctor of Nursing Practice (“DNP”) degree. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

The current TTUHSC DNP program was approved by the Board of Regents in May of 2006 as a hybrid model with 51% face-to-face and 49% online delivery of course content. The proposed change will result in course delivery of approximately 35% face-to-face and 65% online. The THECB classification for a distance program is greater than 50% of course content delivered via distance education methods. The purpose and educational objectives of the DNP program will not be altered with the reclassification and all required courses, semester credit hours, and curriculum will remain unchanged. Furthermore, the reclassification will not impact the number of students enrolled, currently 62, or existing faculty. Cost and funding to support the program will also remain unchanged. School of Nursing faculty and support staff have extensive experience in online education and will facilitate the transition of course content with no impact on quality.

The number of DNP programs in Texas has grown steadily to the current 13 programs in public and private institutions. At least one additional private school in West Texas is planning to open a DNP program in the near future. Several of these DNP programs are fully online while others are a combination of online and face-to-face delivery methods. TTUHSC DNP students are located across Texas and travel to Lubbock for on-campus three-day session three times per semester (9 days per semester). To stay competitive with the growing number of DNP programs, and to attract the best and brightest students from around the state, TTUHSC must reduce travel time and cost for potential students by decreasing the on-campus requirement and increasing the online component of our program. The proposed distance program will be a reduction of one on-campus session per semester and will significantly reduce time and travel costs for students without impacting quality. The additional 16% content delivered online will have no impact on the quality of the program as faculty already teach 49% of the course content via online teaching strategies with excellent outcomes.

Chapter 5, subchapter C, Rule §5.46 of the THECB Laws and Rules, requires Board approval of the delivery of doctoral programs through distance education.
e. **TTU: Approve renaming of academic buildings.**

Board approval required by: Section 08.05.1, Regents’ Rules

The request is to approve the re-naming of several buildings within the Engineering Key as follows: (1) the Industrial Engineering building (former Petroleum Engineering building #0016) the “Industrial, Manufacturing and Systems Engineering” (“IMSE”) building; (2) the Industrial Engineering building (former Textile Engineering building #0003) the “Mechanical Engineering South” (“MES”) building; and (3) the Mechanical Engineering building (#0374) the “Mechanical Engineering North” (“MEN”) building. These changes reflect the reorganization of the departments and alignment of the programs within the College of Engineering. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

The original Textile Engineering building (TTU Inventory Building #0003) located at the north end of the north-south axis of the Engineering Key is currently named the Industrial Engineering building.

In February 2016, the Board of Regents approved re-naming the former Petroleum Engineering building (TTU Inventory Building #0016) the Industrial Engineering building. That facility has been re-purposed for use by the College of Engineering’s Industrial Engineering Department for relocation and consolidation of their academic and research programs, and the department’s faculty and staff offices.

Due to additional reorganization within the College of Engineering, this recent renaming will be changed along with two other academic buildings within the College. The former Industrial Engineering building (#0003) will be vacated by the Department of Industrial Engineering and the Department of Mechanical Engineering will occupy the space. Therefore, the building will be re-named Mechanical Engineering South. The department of Mechanical Engineering occupies building #0374, which is adjacent to building #0003, the building will be renamed Mechanical Engineering North.

*Regents’ Rules*, Section 08.05.1, requires that the Board of Regents approve the naming of Texas Tech buildings and facilities.
f. **TTU and TTUHSC: Approve Permanent Right of Access and Use of Texas Tech University and Texas Tech University Health Sciences Center land to the City of Lubbock.**

Board approval required by: Section 07.12.3.d, Regents’ Rules

The request is to approve (i) a permanent right of access and use by the City of Lubbock for 0.0073 acres (320 square feet) of Texas Tech University land and 0.0262 acres (1,140 square feet) of Texas Tech University Health Sciences Center land. This right of use will allow for the installation of the City of Lubbock’s domestic water line/utility corridor to support the Museum Life Safety Upgrade and Air Management Replacement project; and (ii) approval of the final architectural and engineering plans. This request has been approved administratively by the presidents and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

In August 2015, the Board of Regents approved a project to plan, design, and construct the Museum Life Safety Upgrade and Air Management Replacement with a total project budget of $7,650,000. The project entails selective asbestos abatement in association with the installation of the fire suppression system and other life safety upgrades to the existing multi-story Museum building. The heating, ventilation, and air conditioning (“HVAC”) components of the buildings’ infrastructure that support the life safety system, as well as the buildings’ electrical systems, and affected interior finishes will be upgraded as required. Replacement of two air handlers in the basement will be a part of the project. The project will be designed to comply with all applicable federal, state and local laws, regulations, and codes; thereby bringing the existing building into full compliance with current life safety codes.

In addition to the work within the interior of the Museum, the water utility infrastructure serving the museum and several other facilities in the area will require a piping upgrade in order to provide proper pressure and flow for the new fire suppression system. Therefore, the need to provide the City of Lubbock with a utility corridor, in two locations, in order to extend a domestic water line to the project’s infrastructure.

The City of Lubbock will pay all costs associated with planning, constructing and maintaining this proposed connector and any related work. Final architectural and engineering plans of the proposed utility corridor will be provided to TTUS for review and approval. Additionally, the City of Lubbock will be required to return the property to original condition or an acceptable state.
Section 07.12.3.d. *Regents’ Rules*, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.
g. TTU: Authorize an improved real property lease in Lubbock, Texas.

Board approval required by: Section 07.12.3.d, Regents’ Rules

The request is to authorize the president or his designee to negotiate and execute a lease agreement with Gordon Davis, an individual, in order to provide warehouse space for the Southwest Collections’ (“SWC”) storage. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

BACKGROUND INFORMATION

The president of TTU recognizes the need for storage of collection materials for the Southwest Collections / Special Collections Library. TTU requests authorization to enter into a lease agreement with Gordon Davis, an individual, for approximately 10,400 square feet of warehouse space.

The initial lease term is for three years with two 1-year renewal options. The lease rate is $4,000 per month. The facility is located at 1020 SE Loop 289, Lubbock, Texas, which is in close proximity to the Library’s existing offsite warehouse facilities.

Section 07.12.3.d. Regents’ Rules, requires Board approval on contracts that involve a sale or lease of land and/or improvements thereon, or a commitment of funds or other resources for more than four years.
h. **TTU: Modification of endowment.**

Board approval required by: Section 06.02.2, *Regents Rules* and TTU OP 02.08.4

This request is to approve a modification of the loan fund established under the Last Will and Testament of Carl H. Gelin (the “Gelin Fund”) to create an endowed scholarship fund to Texas Tech University, as follows:

The 99th District Court of Lubbock County, Texas issued an Order to Modify Testamentary Gift Endowment of Carl H. Gelin on the 19th day of May, 2016, modifying the Last Will and Testament of Carl H. Gelin to establish an endowed scholarship fund, per the request of the Texas Attorney General’s Office, Texas Tech University and the Gelin Family.

This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

Carl H. Gelin ("Donor") passed away on November 9, 1996. Donor’s Last Will and Testament, dated March 19, 1963 (the “Will”), bequeathed all the rest and residue of Donor’s estate to Texas Tech University, under the following provision:

“All the rest and residue of my estate shall be reduced to cash by Executor and such funds shall be given to Texas Technological College to be used to establish a scholarship loan fund and be administered by said College in accordance with its rules and regulations . . .”

Texas Tech University endowed The Mr. and Mrs. Carl H. Gelin Scholarship Loan Fund, also known as the Mr. and Mrs. Carl H. Gelin Emergency Loan Fund, Gelin Quasi Endowment Fund (the “Gelin Fund”), on November 13, 1998, with the total amount received under the Will of $918,594.51 to provide emergency loans to graduate students in any field.

Six hundred and two student loan funds have been made from the Gelin Fund since 1998, with an average of fifty-six loans made annually between 2002 and 2009. The amount of loans made from the Gelin Fund has decreased since 2011—with an
average of twenty loans made annually and only eleven loans made in 2014, despite Texas Tech University’s substantial efforts to ensure all graduate students are aware of the Gelin Fund. Despite the increase in tuition costs since 1998, students are no longer using school-specific, donor-funded loans to finance their higher education, but instead access a wide range of Federal and state loan programs to cover increasing education costs—a development in financial aid unforeseen by Donor at the time his Will was drafted.

The terms of the Will require the Gelin Fund be “repaid in accordance with the terms and interested as determined by the [Texas Tech University] officials who administer such funds.” Texas Tech University’s policy regarding the repayment of donor-funded loans require that such loans be repaid by the borrowing student prior to the borrowing student’s graduation date. The majority of donor-funded loans are used by students otherwise ineligible for private loans because they are residents of countries other than the United States; therefore, the University has little to no recourse if a borrowing student returns to his or her country of citizenship and subsequently defaults on the obligation to repay a donor-funded loan like the Gelin Fund. The majority of these loans are taken out by students in emergency situations.

Seventy-seven (77) Gelin Fund loans totaling $98,269.11 remain active and outstanding at this time. Of those active loans, an aggregate $91,971.61, comprising sixty-eight (68) of the previously issued Gelin Fund loans, are in default or at least ninety days past due. University repayment policies places an additional burden on students already in difficult financial circumstances.

Donor established the Gelin Fund to assist students going through unexpected financial hardships, not create new hardships in the process—an outcome the Donor could not have intended or expected at the time the Gelin Fund was created. Therefore, Texas Tech University System Office of Institutional Advancement, at the request of the Texas Tech University Graduate School with the approval of Donor’s relatives that remain living, reached out to the Office of the Attorney General, State of Texas, to modify the Gelin Fund from a loan fund to an endowed scholarship, in accordance with the Donor’s charitable purpose.

The modification was approved by the 99th District Court, Lubbock County, Texas, by an Order to Modify Testamentary Gift Endowment of Carl H. Gelin, issued on the 19th day of May, 2016.

The total value of the Gelin Loan Fund as of June 30, 2016 is $2,152,302.77, including the corpus and spendable accounts for the fund.

Board approval required by: Section 06.02.2, Regents’ Rules and TTUHSC OP 02.08.4

The request is to approve modifying the name of the Crofoot Family Chair in Epilepsy to the “Crofoot Presidential Endowment in Epilepsy,” and modifying the purpose of the endowment from funding an Epilepsy Chair to the following:

1) Primary focus is funding for the continued support of the epilepsy clinic and any needs the clinic may have in order to provide high quality, state of the art clinical care to patients with epilepsy;

2) Provide funds for research in and education regarding epilepsy annually based on the following time frame:

This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents. The donors have made the request, in writing, and concur with the proposed modifications.

**BACKGROUND INFORMATION**

The Crofoot Family Chair in Epilepsy was established at the Texas Tech University Health Sciences Center by Terry Crofoot, on behalf of the Crofoot Family ("Donor"), on September 27, 2006, for the purpose of establishing an endowed chair in epilepsy (the “Endowment”), to be occupied an academic epileptologist; to establish a comprehensive epilepsy diagnosis, research, treatment and high-quality clinical program for citizens of the West Texas region; and to provide certain operational needs of the Epilepsy Program.

A need for a Chair is Epilepsy does not exist at this time; therefore, Texas Tech University Health Sciences Center and Donor desires to modify the existing Endowment to continue to provide support for the existing Epilepsy Clinic primarily, as well as providing annual grant funding for proposed research and education initiatives in epilepsy.

The fund balance as of May 9, 2016 was $2,370,192.53.

Texas Tech University Health Sciences Center Operating Policy 02.08.4 states that modification of an endowment with a principal balance of greater than $25,000.00
requires a written request of the donor and approval of the Board of Regents of the Texas Tech University System.

General Purpose
A University, like any community, must have regulations and/or standards by which its members abide and procedures by which its organization functions. The standards should provide order and an atmosphere conducive to intellectual and personal development. This Student Handbook and the Code of Student Conduct contained within are intended to serve these purposes in the interest of all segments of Angelo State University.

The University has a responsibility to maintain order within the University community and to discipline those who violate its standards, rules, and/or policies. Enrollment requires students to share this responsibility. Students are responsible for knowing the information, policies and procedures outlined in this document. Students agree to abide by the standards, rules and/or policies set forth in this Student Handbook, the Undergraduate Catalog and other official University publications, as well as the Texas Education Code. Student organizations also agree to follow these standards, rules, and/or policies. The University or its representative may amend this document at any time without notice.

The University reserves the right to make changes to this code as necessary and once those changes are posted online, they are in effect. Students are encouraged to check online for the updated versions of all policies and procedures. Students are also informed of changes to the Code of Student Conduct by electronic notification outlets and/or official campus publications. The Student Handbook was approved by the Board of Regents on August 11, 2016 to be effective Monday, August 15, 2016.

PART I: CODE OF STUDENT CONDUCT

SECTION A: STUDENT CONDUCT MISSION AND POLICIES

The Code of Student Conduct outlines behavioral standards developed by the University community for students and student organizations and the related procedures for addressing misconduct. Students should be aware that the student conduct process is not a criminal or civil court proceeding. Students and student organizations are responsible for actions that constitute misconduct and violate the Code of Student Conduct. Any student or student organization found responsible for misconduct may be subject to conduct sanctions.

The University provides a fair and equitable student conduct process, utilizing a thorough, neutral, and impartial investigation, from which is generated a prompt resolution.

The Code of Student Conduct and related processes educate students about their rights and responsibilities while promoting holistic development, self-worth, and mutual respect for all members of the University community. Freedom of discussion, inquiry and expression is also fostered by an environment in which the privileges of citizenship are protected and the obligations of citizenship are understood.

The Office of Student Affairs at Angelo State University is committed to an educational and developmental process that balances the interests of individual students with the interests of the University community. No student will be found in violation of University policy without sufficient information and evidence showing that it is more likely than not that a policy violation occurred and any sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

The student conduct process at the University exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students’ moral and ethical decision-making and to help them bring their behavior into accord with our community expectations and values. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

The Executive Director of Student Affairs, the Director of Title IX Compliance, Office of Student Affairs, and the Office Director of Housing and Residential Programs shall

Investigators are assigned to cases by the Executive Director of Student Affairs, Executive Director of Student Affairs, the Director of Title IX Compliance, the Assistant Director of Student Conduct, or designee. 6. Additional Committee Members

The Vice President for Student Affairs and Enrollment Management or designee may appoint additional members of the Code of Student Conduct Review Committee to expedite the review process of the code.

2. Jurisdiction

Students at the University are provided an electronic copy of the Code of Student Conduct annually in the form of a link on the Student Affairs and Enrollment Management website [http://www.angelo.edu/student-handbook/code-of-student-conduct/]. Students are responsible for having read and abiding by the provisions of the Code of Student Conduct.

The University community has developed standards of behavior pertaining to students and to student organizations. Students and registered student organizations are subject to conduct action according to the provisions of the Code of Student Conduct. The
University respects the rights and responsibilities of students and will consider each violation of the University policy and each violation of federal, state, and/or local law on a "case-by-case" basis and will further attempt to initially use educational options and subsequent intervention and/or prevention options to assist students.

The Code of Student Conduct and the student conduct process applies to the conduct of individual students, both undergraduate and graduate, and all registered student organizations. For the purposes of student conduct, the University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in the University.

The Code of Student Conduct applies to behaviors which occur on University premises, at University-sponsored activities and events, and may apply to off-campus behavior when the Executive Director of Vice President for Student Affairs and Enrollment Management or designee determines that the off-campus conduct affects a substantial University interest, such as situations where a student's conduct may present a danger or threat to the health or safety of him/herself or others; situations that infringe on the rights of other students; situations causing significant disruption to the educational community or are detrimental to the educational mission of the University. Proceedings under the Code of Student Conduct may be carried out prior to, independent of, concurrent with, or following civil or criminal proceedings.

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdrawal, or have graduated for any misconduct that occurred prior to the leave, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll, obtain official transcripts, and/or graduate. All sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the University may invoke these procedures and, should the former student be found responsible, the University may revoke that student's degree.

The Code of Student Conduct may be applied to behavior conducted online, via e-mail, or other electronic medium. Students should also be aware that online postings such as blogs, web postings, chats, and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information, but may take action if and when such information is brought to the attention of University officials.

The Code of Student Conduct applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. The Code may also be applied to resident non-students, campers, and high school bridge/extension/partner/dual-credit programs by contractual agreements. Visitors to and guests of the University may seek resolution of violations of the Code of Student Conduct committed against them by members of the University community.
3. Notice

Notice is deemed to have been properly provided when written notification is sent to the student’s official assigned Angelo State University e-mail address, delivered via Certified Mail to the student’s last known address, or personally delivered to the student. University e-mail is the University’s primary means of communication with students. Students are responsible for all communication delivered to their University e-mail address. Students will be given a reasonable amount of time to respond to requests to meet with University officials. Prescheduled meetings are scheduled around a student’s published academic schedule and include the opportunity to reschedule in the event of unavoidable conflicts. Should a student wish to reschedule an appointment, they should contact the sender of the message in a timely manner. The University will make all reasonable efforts to accommodate student scheduling conflicts, but will not permit unreasonable delays in the conduct process. After proper notice has been given to the student, the Student Conduct Officer/Investigator or designee may proceed with the conduct process. Should a student fail to comply with the requests of a Student Conduct Officer/Investigator or designee, the Executive Director of Student Affairs, or the Director of Title IX Compliance, or designee Office of Student Affairs may issue a “Failure to Comply” Code of Student Conduct allegation to the student. Students are advised to keep their most current local address, permanent address, and primary telephone number updated in the student records system at http://ramport.angelo.edu.

4. Timelines

It is recommended that reports of alleged violations of the Code of Student Conduct should be received by the Office of Student Affairs reported as soon as possible after within ten (10) University business days of the alleged incident to initiate conduct procedures. There is no time limit on reporting violations; however, the longer someone waits to report an offense, the more difficult it becomes to obtain information and evidence regarding the incidents. Incidents should be resolved within 60 days of notice regarding the incident, not including appeal. This timeline may vary depending on the availability of individuals participating in the process, availability of evidence, delays for concurrent criminal investigations, breaks between academic semesters, and other delays.

5. Standards of Evidence

The proceedings are not restricted by the rules of evidence governing criminal and civil proceedings. The standard of proof used in Code of Student Conduct proceedings is the preponderance of evidence, or more likely than not.

6. Reporting Allegations of Misconduct

To file allegation(s) of misconduct against student(s) or student organization(s), individuals should complete an online Incident Reporting Form. The written allegation should describe the action or behavior in question. Individuals may also file a report in person at the Office of Executive Director of Student Affairs or designee, located in suite 112 of the Houston Harte University Center. Staff are also available in the Office of Student Affairs to take initial reports of allegations and assist with conduct processes.
The Office of Executive Director of Student Affairs, Director of Title IX Compliance, or designee also regularly reviews reports submitted from the Angelo State University faculty and staff community, University Student Housing and Residential Programs, and the University Police Department, and non-University community members.

To submit a concern regarding a student organization or to file an allegation of misconduct against a student organization or its members, individuals (faculty, staff, students, organization members, parents, community members, or other parties) may complete the online Incident Reporting Form. Individuals may also file a report in person with the Center for Student Involvement, room 001 of the Houston Harte University Center, with the Executive Director of Student Affairs or designee. Staff are also available in the Office of Student Affairs to discuss reports of misconduct against student organizations.

Student organization leaders also can may self-report organization or member behavior that may be considered a violation(s) of Angelo State University policy. When an organization is able to quickly identify a concern, address it, and report it, it is less likely that the organization would be held responsible for behavior that may be a policy violation. The self-report allows the University, in conjunction with the student organization, to collect information, begin individual student conduct processes, and ensure that behavior has ceased and does not reoccur. When incidents are unreported by organizations and instead come to the attention of the University via a Complainant Reporting Party or third party, the options for resolution are more limited. Self-reporting allows the University to work collaboratively with the organization to address the situation and can allow for lower-levels of sanctioning for misconduct.

Sometimes organization leaders may also become aware that of organization or member activities that may result in violations of policy but have not occurred yet. In these cases, the organization leadership is encouraged to work directly with the Executive Director for Student Affairs or designee, Life staff to intervene and address the concern. This type of pre-report has the highest likelihood of lowering the risk of potential conduct violations and sanctions for the organization. Organization leaders may self-report misconduct or potential misconduct by utilizing the online Incident Reporting Form, or by contacting the appropriate student organization or fraternity/sorority Life staff member in the Center for Student Involvement, room 001 of the Houston Harte University Center.

If, after an initial report has been made, a student experiences a subsequent concern or continued incident(s) of alleged misconduct, a student may file an additional report pursuant to the procedures in this section (Part I, Section A.6).

### 7. Confidentiality

Angelo State University is committed to ensuring confidentiality during all stages of the student conduct process. The confidentiality of both the Reporting Party and the Responding Party will be honored by the University to the extent possible without compromising the University’s commitment and obligation to investigate allegations of Sexual Misconduct, to protect the University Community, and to the extent allowed by law. However, because the University also has an obligation to maintain an...
environment free of Sex Discrimination and Sexual Misconduct, many University employees have mandatory reporting and response obligations and may not be able to honor a Reporting Party’s request for confidentiality. The Director of Title IX Compliance or designee will evaluate requests for confidentiality. The willful and unnecessary disclosure of confidential information by anyone, including the Reporting Party or Responding Party, may affect the integrity of the investigation.

If students are unsure whether they want to involve family or friends, and are not yet certain whether they want to report to the police or the University, there are resources available, both on and off campus, that offer confidential assistance and support.

- University Health Clinic and Counseling Services:
  http://www.angelo.edu/services/health_clinic_counseling/

The University is committed to facilitating an environment that supports students reporting incidents of misconduct, and will always attempt to resolve a situation in accordance with a student’s wishes. In most cases, the University will not initiate student conduct proceedings or take administrative action without consulting with the reporting student.

In some exceptional circumstances, where the incident in question presents a continuing threat to the campus community, the University may be required to investigate irrespective of the Complainant’s/Reporting Party’s desire to pursue allegations of student misconduct, and may be required to issue a “timely warning” to the campus community as required by the Clery Act. Timely warnings do not include personally identifiable information of involved parties.

All reports of misconduct will be maintained with the highest possible level of confidentiality. Information provided by the student will only be shared with essential staff members and only as is necessary for the effective investigation and adjudication of the case. Where reports of misconduct involve other students, either as Respondents or the Responding Student or witnesses in the case, some information may need to be shared with those involved parties in order to complete a thorough investigation.

Students may make confidential reports to the University Counseling Center. All Reporting Parties may also make confidential reports to local rape crisis centers, clergy, or to other licensed clinical and/or mental health professionals acting in their professional role of providing those services.

8. Anonymity

Angelo State University understands the sensitive nature of some incidents of alleged misconduct. Further, the University is mindful of Complainants'/the Reporting Party’s
desire, in some cases, to report an incident without disclosing their name or other identifying information. Angelo State University will always attempt to protect a student’s anonymity if that is the student’s request. Providing anonymity, however, can often times make it more difficult to thoroughly and effectively investigate an alleged incident. The University will work with each student on case-by-case basis to find the approach that best fits the student’s wants and needs.

9. Family Educational Rights and Privacy Act (FERPA)
FERPA protects the privacy of student education records, including personally identifiable information derived from student conduct records. Generally, schools must have written permission from a student in order to release any information from a student’s education record. FERPA allows schools to disclose student records, without consent, in situations including, but not limited to:

- School officials with legitimate educational interest,
- Other schools to which a student is transferring,
- To comply with a judicial order or lawfully issued subpoena,
- To parents when there is a health or safety emergency involving the student,
- To parents when the student has committed a disciplinary violation with respect to use or possession of alcohol or a controlled substance and the student is under 21 years of age at the time of the disclosure,
- To the victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense concerning the final results of a disciplinary hearing.

Additional information on Student Records is available in The Student Handbook, Part II, Section O (www.angelo.edu/ferpa/).

10. Student Organizations
Information gathered during an investigation of student organization misconduct, as well as any conduct findings and decisions, may be shared with the inter/national or regional headquarters of organizations as appropriate. This otherwise confidential information will not be shared with other students or the Greek community.

Student organization records do not impact the content of individual student records for members of those student organizations. A finding of responsibility for misconduct for a student organization does not indicate a finding of responsibility for individual students. Individual students may be subject to their own conduct processes separate from the student organization process.

All records concerning a student organization related to conduct processes will remain on file with the University for a minimum of seven (7) years from the date of the completion of the case via Informal Resolution, Administrative or Panel University Discipline Committee Hearing, and/or conduct appeal processes.

11. Reporting Criminally
Some instances of student misconduct may also constitute a violation of state, federal, and/or local law. Students have the option to report misconduct to the University, to
local law enforcement, or to both. Angelo State University administrators are happy to assist students in making a report to law enforcement and will even accompany the student if he or she wishes.

12. Amnesty
The University will provide educational options in lieu of conduct proceedings in certain situations. Examples of the amnesty provision include, but are not limited to:
- Victims of misconduct who were engaging in policy violations, such as underage drinking or drug use, at the time of the incident.
- Students who offer assistance to others by calling medical personnel or law enforcement.
- Students who bring their own use, addiction, or dependency to alcohol, drugs, or other addiction to the attention of the University prior to any conduct incidents or reports.

Abuse of amnesty provisions can result in a violation of the Code of Student Conduct. Amnesty does not preclude students from being charged with allegations of misconduct related to Part I, Section B.2 (Actions against Members of the University Community and Others). The Code of Student Conduct amnesty provisions do not impact criminal proceedings or charges. Amnesty does not preclude students from being required to meet with University staff and to participate in conditions such as counseling and alcohol assessments. The Office of Executive Director for Student Affairs or designee can assist with questions related to amnesty provisions.

13. Withdrawal
A responding student facing an alleged violation of the Code of Student Conduct may not be permitted to withdraw from the University until all allegations are resolved.

      g. Access, creation, storage, or transmission of material deemed obscene (as defined by Chapter 43 of the State of Texas Penal Code on Public Indecency or other applicable laws). Exceptions may be made for academic research where this aspect
of the research has the written consent of the Department Chair. Discovery of
obscene material, including child pornography, on any Angelo State University
information resource must be reported to the Chief Information Officer
immediately.

h. Attempted or actual destruction, disruption or modification of programs, records or
data belonging to or licensed by the University or another user or destruction of the
integrity of computer-based information using Angelo State University information
resources.

i. Attempt of actual use of Angelo State University information resources to
interfere with the normal operation of the University.

j. Intentional "spamming" of students, faculty or staff (defined as the sending of
unsolicited and unwanted electronic communications, including, but not limited to,
e-mails and text messages to parties with whom the sender has no existing business,
professional or personal acquaintance) using Angelo State University information
resources.

14. Providing False Information or Misuse of Records
Knowingly furnishing false information to the University, to a University official in the
performance of his or her duties, or to an affiliate of the University, either verbally or

Use of skateboards, rollerblades, scooters, bicycles, or other similar modes of
transportation in University buildings or on University premises in such a manner as to
constitute a safety hazard or cause damage to University or personal property.

NOTE: Refer to University Parking Services regulations at:
http://www.angelo.edu/services/parking_services/

16. Violation of Published University Policies, Rules, or Regulations
Violation of any published University policies, rules, or regulations that govern student
or student organization behavior, including, but not limited to, violations of University
Operating Policies and Procedures and Texas Tech University System Regent's Rules:

a. University Parking Services

17. Violation of Federal, State, Local Law, and/or University Policy
Misconduct which may constitute a violation of federal, and/or state, local laws, and/or
Angelo State University policy will be considered a violation of this policy, and will be
investigated and adjudicated through the University conduct system and standard of proof. A lack of conviction in any criminal proceeding will not, in and of itself, serve as evidence in a University conduct proceeding.

18. Abuse of the Discipline System
   a. Failure of a student to respond to a notification to appear before a Student Conduct Officer/Investigator during any stage of the conduct process.
   b. Falsification, distortion, or misrepresentation of information in disciplinary proceedings.
   c. Disruption or interference with the orderly conduct of a disciplinary proceeding.
   d. Filing an allegation known to be without merit or cause.
   e. Discouraging or attempting to discourage an individual's proper participation in or use of the disciplinary system.
   f. Influencing or attempting to influence the impartiality of a member of a disciplinary body prior to and/or during the disciplinary proceeding.
   g. Influencing or attempting to influence another person to commit an abuse of the discipline system.

SECTION C: CONDUCT PROCEDURES FOR STUDENTS

Upon notice of an alleged violation of the Code of Student Conduct, the Executive Director of Student Affairs or the Assistant Director of Title IX Compliance, or designee Student Conduct, will appoint a Student Conduct Officer/Investigator to review allegations of misconduct. The Student Conduct Officer/Investigator will inquire, gather, and review information about the reported student misconduct and will evaluate the accuracy, credibility, and sufficiency of the information.

Incident reports will be forwarded for investigation when there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or Complainant statement. If it determined that the information reported does not warrant an allegation, a policy warning letter may be issued to clarify the policy that was in question.

When an initial report of misconduct by a third party does not identify the victim or the victim is not available, the Student Conduct Officer/Investigator will investigate the reported incident to the fullest extent of the information available.

When a Complainant Reporting Party is identified, but is reluctant to participate in the investigative process and/or the student conduct process entirely, the University will make every attempt to follow the wishes of the Complainant Reporting Party while weighing the interests of the campus community and the possibility of a continuing threat. If the Complainant Reporting Party does not want to participate in the investigative process but has no aversion to the University pursuing conduct action with respect to the named Respondent, the University will proceed with the student conduct process to the extent of the information available. If the Complainant Reporting Party does not want the University
to pursue the report in any respect, the University will investigate further only if there is reason to believe that a significant continuing threat to the campus community exists.

1. Remedies and Resources

The University will take immediate action to eliminate hostile environments, prevent recurrence, and address any effects on the Complainant Reporting Party and community prior to the initiation of formal investigation and/or formal conduct procedures. These immediate steps will be taken to minimize the burden on the Complainant Reporting Party while respecting due process rights of the Responding Party. Remedies for students may include, but are not limited to, counseling services, victim's advocate assistance, and modifications to on-campus housing, modifications to parking permissions, and modifications to academic schedule. Remedies will be evaluated on a case-by-case basis.

a. Resources

Angelo State University has a variety of resources to assist students involved in conduct processes or experiencing concerns related to other student conduct. Resources include, but are not limited to assistance in reporting criminal behavior to the University Police Department or the San Angelo Police Department, counseling services, medical assistance, academic support referrals, and other support services. The Office of Executive Director Student Affairs, Director of Title IX Compliance, or designee are also available to help students understand the student conduct process and identify resources.

b. Interim Actions

Under the Code of Student Conduct, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee may impose restrictions and/or separate a student from the community pending the completion of the conduct process on alleged violation(s) of the Code of Student Conduct when a student represents a threat of serious harm to others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University. Interim actions can include separation from the institution or restrictions on participation in the community pending the completion of the conduct process on alleged violation(s) of the Code of Student Conduct. A student who receives an interim suspension may request a meeting with the Executive Director of Student Affairs or, the Director of Title IX Compliance or designee to demonstrate why an interim suspension is not merited. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of a campus Hearing. During an interim suspension, a student may be denied access to Housing and Residential Programs/or the University campus/facilities/events. As determined appropriate by the Executive Director of Student Affairs or, the Director of Title IX Compliance, or designee, this restriction may include classes and/or all other University activities or privileges for which the student might otherwise
be eligible. At the discretion of the Executive Director of Student Affairs or the Director of Title IX Compliance, or designee and with the approval of, and in collaboration with, the appropriate Instructor(s), alternative coursework options may be pursued to ensure as minimal an impact as possible on the responding student. Students are informed of interim actions by the official notice procedures outlined in Part I, Section A.3 of the Code of Student Conduct. Interim action is not a sanction. It is taken in an effort to protect the safety and well-being of the Complainant Reporting Party, Respondent Responding Party, and/or other members of the University Community. Interim action is preliminary in nature; it is in effect only until the conduct process has been completed. However, violations of interim administrative action may result in additional allegations of the Code of Student Conduct.

1. **No Contact Order**
   When initial inquiry indicates persistent and potentially escalating conflict between two members of the University community, a No Contact Order may be issued as a remedial, non-punitive deterrent to further conflict or situational complication. A No Contact Order will be issued by the Office of Student Affairs or Executive Director of Student Affairs or the Director of Title IX Compliance, or designee via the student’s official Angelo State University e-mail. The notice serves as an official directive that the student(s) have no contact with the other listed parties. Contact cannot occur in person, by telephone, e-mail, text message, or other electronic means of communication, or through a third party (other than an attorney). Should contact need to occur, the student should coordinate with the Office of Executive Director of Student Affairs or the Director of Title IX Compliance, or designee. This notice may also come with other information related to changes in class schedule or other restrictions to facilitate the no contact order. Failure to comply with the no contact order is considered retaliation and will result in disciplinary action, including possible suspension or expulsion. Violations of no contact orders may also result in immediate temporary suspension during the completion of the conduct process. The term of a No Contact Order is indefinite, unless otherwise stated in the Order.

2. **Immediate Temporary Suspension – Students**
   A student may be temporarily suspended pending completion of conduct procedures if, in the judgment of the Executive Director of Student Affairs or the Director of Title IX Compliance, or on recommendation of a Student Conduct Officer/Investigator, the physical or emotional well-being of a student or other students or members of the University community could be endangered or if the presence of the student could significantly disrupt the normal operations of the University. The Executive Director of Student Affairs or the Director of Title IX Compliance, or designee will notify the Assistant Director of Student Conduct to initiate appropriate conduct
procedures to address the disruptive behavior within five (5) University business days from the date of Temporary Suspension.

Upon Immediate Temporary Suspension, the student may no longer attend classes, use University services and/or resources, and is not allowed to be on campus until the conduct proceedings have been concluded. Any instances whereby the student should need to return to campus must be coordinated through the Executive Director Office of Student Affairs, Director of Title IX Compliance, or designee and the University Police Department. Conduct, on or off-campus, that typically results in immediate temporary suspension:

- A significant and articulable threat to the health or safety of a student of other member(s) of the University community;
- Sexual assault, other forms of sexual misconduct, stalking, and relationship violence that are creating a hostile environment for the victim and the remedy for the harassment requires temporary separation;
- Criminal felony charges related to weapons, drugs, aggravated assault, and/or terrorist threats;
- Severe disruption in the academic community related to erratic behavior, threats, property damage, and/or verbal aggression with another student, where the offending student is uncooperative with staff requests;
- Violation of a No Contact Order;
- Retaliatory harm, discrimination, or harassment.

3. Other Interim Actions
In the event that the physical or emotional well-being of a student, other students, or members of the University community could be endangered, or if the presence of the student could significantly disrupt the normal operations of the University, other interim actions may be taken to protect the educational environment. These actions include, but are not limited to, temporary removal from University student housing, temporary changes in a student’s academic schedule, and temporary restrictions from University activities, services and/or buildings.

4. Non-Student Interim Actions
Any guest to the University who is alleged to have violated the Code of Student Conduct and/or is deemed to pose a threat to the physical and/or emotional well-being of a student or other members or the University community and/or the presence of an individual could significantly disrupt the normal operations of the University, the Office of Student Affairs the Executive Director of Student Affairs or designee, in conjunction with the
University Police Department, will issue a Criminal Trespass Warning to that individual(s).

5. Withdrawal of Consent
   a. Grounds for Removal
      The Student Conduct Officer/Investigator or another University agent acting in accordance with his/her duties may recommend to the Executive Director of Student Affairs or Director of Title IX Compliance that, in accordance with the Texas Education Code, the student have his/her consent to remain on the campus withdrawn if, in the judgment of the Student Conduct Officer/Investigator and Executive Director of Student Affairs, Director of Title IX Compliance or designee, it is determined that:
      - The student has willfully disrupted the orderly operation of the premises, and;
      - The student’s presence on the campus or facility constitutes a substantial and material threat to the orderly operation of the premises.

      If the Executive Director of Student Affairs or the Director of Title IX Compliance concurs with the Student Conduct Officer/Investigator’s recommendation, permission for the student to be on University premises will be withdrawn. This Withdrawal of Consent will not be longer than fourteen (14) calendar days and a Hearing must be held within these fourteen (14) calendar days to determine the student’s status at the University. Permission to be on University premises must be coordinated through the Executive Director of Student Affairs or the Director of Title IX Compliance and the University Police Department. The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will notify all parties of the final decision using the written notification procedures outlined in Part I, Section A.3 within five (5) University business days.

   b. Registration Flag Following Withdrawal of Consent
      When a student is withdrawn under this section, an administrative hold will be placed on the student’s readmission to the University. This administrative hold will remain on the student’s record until the student is readmitted.

NOTE: See Texas Education Code, Sections 51.233-51.244

2. The Conduct Process
   a. Notice of Involvement
A student will be given notice of his or her involvement in an alleged violation of the Code of Student Conduct by the receipt of a “Notice of Involvement/Need to Talk” Letter. In cases involving Part I, Section B.1 (Academic Misconduct), the instructor of record will notify the student of the allegations. When preliminary information indicates that certain, identifiable student(s) are associated with the reported incident, those student(s) will be asked to meet with a Student Conduct Officer/Investigator or the instructor of record for allegations of Academic Misconduct. In addition to the possible sanctions, and in the event that a student fails to respond to written notification, an administrative hold may be placed on the student’s record to prevent further registration and transcript receipt. The administrative hold will remain until such time as the Student Conduct Officer/Investigator receives an appropriate response. Failure to comply with or respond to a notice issued as part of conduct procedure and/or failure to appear will not prevent a Student Conduct officer/Investigator from proceeding with the conduct process. Likewise, failure of a student to respond to notification to appear may result in additional alleged violation and result in a charge of Failure to Comply.

b. Rights and Responsibilities

Prior to the formal investigative process, a student will be provided a Student Rights and Responsibilities document. This document will be reviewed and signed by the student prior to an interview with the Student Conduct Officer/Investigator. The Students Rights and Responsibilities document informs the student of his or her rights to be exercised before and during the investigative process. Information gathered during the course of the investigation and student conduct process may only be shared with faculty, staff, students, and/or advisors who are directly involved in the incident or necessary to the student conduct process. Information gathered may also be disclosed in compliance with a judicial order or lawfully issued subpoena.

A student has the right to:

1. A prompt, fair, and equitable process.

2. Be accompanied by an advisor at any meeting or Hearing. An advisor can be any one of the following: a member of the Angelo State University Community (faculty, staff, or student not otherwise involved in the case), a Victim’s Advocate, a parent or legal guardian, a relative, or in situations involving criminal legal proceedings, an attorney. An advisor’s role is that of support—he or she may not speak on behalf of the student and does not have an active, participatory role in the conduct process. If an advisor for the accused student is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend the Hearing on behalf of the University. The Complainant and/or the student accused of alleged misconduct is responsible for presenting his or her own information, and therefore, advisors are not permitted to speak or participate directly in any Hearing unless authorized by a Student Conduct Officer/Investigator.
Officer. Students should select an advisor whose schedule allows attendance at the scheduled date and time for the Hearing, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of a Student Conduct Officer/Investigator upon written request five (5) University business days in advance of the scheduled Hearing date.

3. Refrain from making any statement relevant to the investigation. Students are expected to cooperate in the University conduct process, but may elect not to participate in the investigation process, either in part or entirely. However, a student’s refusal to participate in the investigation, in whole or in part, lasts for the duration of the conduct process. In other words, if a student chooses not to provide information during the investigation they will not be allowed to present new information during the Hearing; similarly, if a student provides only limited information during the investigation (i.e., answering some of the Investigator’s questions but not others), then during the Hearing, the student will only be permitted to speak to the information he or she provided, with no additional commentary. The rationale for this policy is to prevent either party from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

NOTE: See Pre-Hearing Process, below, for details on inclusion of new, previously unavailable information after conclusion of the investigate process.

4. The opportunity to provide information and evidence in support of his/her case.

5. Know if they have been issued any allegations of misconduct.

6. Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred.

7. Know the Angelo State University conduct policies and procedures, and where to find them.

8. Know that any information provided by the student may be used in a conduct proceeding.

9. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action.

It is the student’s responsibility to:

1. Be responsive to all correspondence from the University.

2. Provide information relevant to the incident or situation.
3. Be honest and provide true and accurate information during the investigation.

4. Review the Code of Student Conduct in order to fully understand all aspects of the student conduct process.

c. **Investigation**

The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator who will conduct a thorough, reliable, and impartial investigation of the reported allegation. In cases involving Part I, Section B.1 (Academic Misconduct), the instructor of record will conduct the initial inquiry/investigation. Reported allegations of misconduct under the Code have varying degrees of complexity and severity. Therefore, the investigation procedures described below may vary.

When an initial inquiry indicates a concurrent police investigation is occurring, the Student Conduct Officer/Investigator will, where possible, collaborate with the University Police Department during the investigation. Elements of this collaborative investigation may include the Student Conduct Officer/Investigator coordinating with responding officers at the scene of the incident, joint interviews with police detectives, and evidence sharing. The Student Conduct Officer/Investigator will never take physical custody of any physical or electronic evidence, but will work closely with the University Police Department to inspect, analyze, and incorporate physical or electronic evidence into the Investigative report.

During the investigative process, Complainants/Reporting Parties and Respondents/Responding Parties are responsible for providing all information or evidence that they believe should be considered.

Once the investigative process is complete, the Student Conduct Officer/Investigator may compile the relevant information and evidence into an Investigation Report, which will include the allegations of the Code of Student Conduct and may include a timeline of the event(s), statements from interviews, physical and electronic evidence, a breakdown of the discrepancies in the various interviews, and credibility considerations. The Student Conduct Officer/Investigator will document any physical or electronic evidence in a manner that is conducive and unobstructive to concurrent or forthcoming police investigations. A student will have access to review the completed Investigation Report and/or investigative materials relevant to the investigation after the Investigative process has concluded. In order to protect confidentiality however, students are not given copies of Investigation Reports and/or investigative materials.

Allegations of potential violations of the Code of Student Conduct, if appropriate, are assigned at the conclusion of the Investigative Process at which point the Student Conduct Officer/Investigator explains the options for resolution to the involved
parties. Should students not participate in the Investigative Process, the conduct process may continue without their participation, including the assignment of allegations.

d. Informal Resolution
If after the Initial Inquiry/Investigation, the responding student accepts responsibility for the allegations of the Code of Student Conduct which may be outlined in an Investigation Report, the student can choose to resolve the issue informally. Should the student wish to participate in the Informal Resolution Process, the Student Conduct Officer/Investigator conducting the initial inquiry/investigation will inform the student of the appropriate sanctions for the misconduct. To participate in the Informal Resolution process, a student must accept both the finding and the sanctions. If accepted, the process ends, the finding is final, and there is no appeal. In cases involving Part I, Section B.1 (Academic Misconduct), the instructor of record can assign sanctions in Part I, Section C.4.h. Additional sanctions in Part I, Section C.4.a-g can also be assigned on a case by case basis by the Executive Director of Student Affairs, Director Title IX Compliance, or designee.

In cases involving another student (a Reporting Party/Complainant) and/or a violation of Part I, Section B.2 (Actions Against Members of the University Community and Others) of the Code of Student Conduct, both the Complainant Reporting Party and the Respondent-Responding Party must agree to both the finding and the sanctions as recommended by the Student Conduct Officer/Investigator. The case will only be reopened if new material, previously unavailable is presented. Mediation will not be used to resolve cases involving Title IX (sexual misconduct)-based allegations. The Informal Resolution, while not considered mediation, will also not be utilized to resolve cases of nonconsensual sexual intercourse.

Written notification of the outcomes and sanctions, if applicable, of the Informal Resolution will be provided to the student and appropriate University Administrators within five (5) University business days of the effectuation of the Informal Resolution. All cases involving Part I, Section B.1 (Academic Misconduct) will be reported to the Office of Executive Director of Student Affairs or designee by the instructor of record if the student chooses the Informal Resolution.

e. Pre-Hearing Process
In cases involving an Administrative or Panel Hearing University Discipline Committee Hearing, the Pre-Hearing Process will be followed. Once the investigative process is complete, the responding student will be given notice of a Pre-Hearing Meeting scheduled outside of the student's academic schedule. Should students not participate in the Pre-Hearing, the conduct process may continue without their participation, including the assignment of allegations and the completion of an Administrative or Panel Hearing University Discipline Committee Hearing. During
this meeting, students will be given the opportunity to review the Investigation Report, relevant evidence, and/or other documents to be used in the Administrative or Panel Hearing/University Discipline Committee Hearing. Other documents reviewed may include notification of Respondent’s allegations, Panel Committee composition, and Hearing script. Following the Pre-Hearing, student(s) will be notified, via the notification procedures, outlined in Part I, Section A.3 of a date, time, and location of the Hearing.

While students may identify errors in their own statements during the Pre-Hearing, they are not able to add additional information to the Investigation Report unless that information, in the judgment of the Student Conduct Officer/Investigator, was unavailable during the investigative process and is pertinent to the consideration of the case. If a student discovers new, previously unavailable information during the time after the Pre-Hearing but before the Administrative or University Discipline Committee Panel Hearing, the student should inform the Student Conduct Officer/Investigator immediately. If the new information is pertinent to the consideration of the case, the Student Conduct Officer/Investigator will determine whether the new information should be included in the Investigation Report or presented verbally during the Administrative or University Discipline Committee Panel Hearing. If there is new evidence introduced, other involved parties would also be given the opportunity to provide a response to any new evidence that will be presented in the Administrative or University Discipline Panel Committee Hearing.

The student conduct process is designed to be non-adversarial. Students will be permitted to question the statements and evidence presented by the other involved parties, but may not do so directly. After reviewing the investigation report, during the Pre-Hearing, Reporting Parties/Complainants and Respondents/Responding Parties will have the opportunity to question the statements and evidence presented by the other involved parties, via the Student Conduct Officer/Investigator, who will pose the questions and supplement the Investigation Report.

NOTE: Questions that are deemed objectionable, inappropriate, and/or irrelevant by the Student Conduct Officer/Investigator may be rejected.

Students may indicate whether an Administrative Hearing or Panel University Discipline Committee Hearing is preferred. However, the Student Conduct Officer/Investigator has the sole discretion in all cases to designate whether an Administrative Hearing or University Discipline Committee Hearing Panel will be held notwithstanding the student’s preference.

In cases requiring a Hearing Panel University Discipline Committee, the Student Conduct Officer/Investigator will share the list of committee members which consists of faculty, staff, and students trained for Panel Hearings University Discipline Committees. Students will be given the opportunity to request to strike any member of the Hearing Panel University Discipline Committee whose impartiality may be in question. In order to strike a member of the Hearing
Panel University Discipline Committee, the student must provide the Student Conduct Officer/Investigator with a reasonable and substantiated rationale for the request. Once the composition of the Hearing Panel University Discipline Committee is set, the Student Conduct Officer/Investigator, Executive Director of Student Affairs and/or the Director of Title IX Compliance or designee will schedule the Panel University Discipline Committee Hearing.

3. Hearings

Upon completion of the initial inquiry/investigation, after the allegation(s) have been assigned, and proper notice has been given to the student, the University may proceed to conduct either an Administrative or a Panel University Discipline Committee Hearing and issue a finding and accompanying sanctions, if applicable. The Administrative or Panel University Discipline Committee Hearing may be held and a decision made, regardless of whether the student responds, fails to respond, attends the Hearing, or fails to attend the Hearing. Should the student fail to attend the Administrative or Panel University Discipline Committee Hearing, the Student Conduct Officer/Investigator or the Hearing Panel University Discipline Committee may consider the information contained in the Investigation Report and render a decision. In cases involving Part I, Section B.1 (Academic Misconduct), the hearing will be conducted by the Academic Dean of the college housing the course where the violation occurred or designee or the Academic Integrity Committee. Additional sanctions in Part I, Section C.4a-g could also be assigned on a case-by-case basis by the Executive Director of Student Affairs or designee.

Hearings are closed to the public. In cases involving another student (a Complainant Reporting Party) and/or a violation of Part I, Section B.2 (Actions against Members of the University Community and Others) of the Code of Student Conduct, both the Complainant Reporting Party and the Respondent Responding Party students have the right to be present at the Hearing; however, they do not have the right to be present during deliberations. Arrangements can be made so that complaining reporting and responding students do not have to physically be in the Hearing room at the same time. To request changes in the scheduled Hearing time, students should contact the Office of Student Affairs prior to the scheduled Hearing.

a. Administrative Hearing

An Administrative Hearing is the process of adjudicating allegations of violations of the Code of Student Conduct by an Administrative Hearing Officer. The Administrative Hearing Officer in an Administrative Hearing may be the Student Conduct Officer/Investigator that completed the Investigation Report or Administrative Hearing Officer assigned by the Executive Director of Student Affairs or designee. In cases involving Part I, Section B.1 (Academic Misconduct), the Administrative Hearing Officer will be the Academic Dean of the college housing the course where the violation occurred or designee with assistance from the Executive Director of Student Affairs or designee. The Administrative Hearing Officer makes the decision of responsibility and assigns sanctions, as appropriate.
Written notification of the outcomes of the Administrative Hearing will be provided to the student within five (5) University business days of the conclusion of the Administrative Hearing. Decisions made through the Administrative Hearing may be appealed by students by utilizing the Disciplinary Appeals Procedures outlined in Part II, Section C.5.

\b Panel Hearing University Discipline Committee Hearing \n
A Panel University Discipline Committee Hearing panel consists of a panel of three (3) members. The panel will be selected from the available pool by the Executive Director of Student Affairs and/or the Director of Title IX Compliance or designee. Typically, the Hearing Panel will be comprised of one student, one faculty member, and one staff member, including faculty, staff, and students. Availability may determine a different composition for the Hearing Panel. For allegations involving Part I, Section B.1 (Academic Misconduct), the Hearing Panel will be comprised of only students and faculty members. For cases involving Part I, Section B.2 (Actions Against Members of the University Community and Others) or other sensitive issues, the Director of Title IX Compliance or designee will appoint three (3) Administrative Hearing Officers for the Hearing Panel.

Administrative Hearing Officers who served as Investigators for the case being heard by a Hearing Panel may not serve as either a voting member of the Hearing Panel or as the non-voting Resource Person, and will only participate as the Investigator in the Hearing Panel.

All Hearing proceedings, excluding deliberations of the Hearing Panel, will be recorded by the University. In cases including Part I, Section 2B.2 (discrimination, sexual misconduct, or other sensitive issues), the Committee will only include faculty and staff. In cases involving Part I, Section B.2 (Academic Misconduct), the Committee is comprised only of students and faculty from the Academic Integrity Committee.

During the Panel University Discipline Committee Hearing, a designated Resource Person will facilitate the Hearing process. Hearing proceedings, excluding the deliberations of the University Discipline Committee, will be recorded by the University.

The Director of Title IX Compliance or designee will appoint a Panel Committee Resource Person to serve as a non-voting participant in the Panel University Discipline Committee Hearing. The Panel Committee Resource Person will be a trained University staff member who may:

- Prepare the Panel University Discipline Committee Hearing materials;
- Record the Panel Hearing University Discipline Committee proceedings;
- Escort participants into the Hearing room, grant breaks for participants, and distribute evidentiary materials;
- Ensure proper decorum throughout the Panel University Discipline Committee Hearing;
- Ensure the procedural soundness of the Panel University Discipline Committee Hearing;
- Provide student conduct history as well as any documented Policy Warnings issued to the Responding Party, during the sanctioning phase, if necessary; of the Responding Party and during the sanctioning phase, if necessary;
- Transcribe the findings of the University Discipline Committee Hearing Panel;
- Compile the post-Hearing documentation;
- Deliver notification to student parties.

The Student Conduct Officer/Investigator presents the Investigation Report/materials, evidence, witnesses, allegation(s), and questions for deliberation. Both the Reporting Party/Complainant and Responding Party have the right to add or make additional comments about the facts of the case. The Hearing Panel University Discipline Committee may question the Student Conduct Officer/Investigator, Complainant/Reporting Party, Responding Party, and any witnesses. The Complainant/Reporting Party and Responding Party do not have the right to question each other or witnesses directly but may pose questions through the Student Conduct Officer/Investigator. Should new evidence be presented without prior discussion with the Student Conduct Officer/Investigator, the Hearing may be halted to consider the inclusion of this information. Impact statements will also be halted if they are shared prior to the sanctioning phase of the Hearing. In the event the Resource Person chair of the Hearing removes a student due to misconduct (Reporting Party/Complainant, Responding Party, or witnesses), the alleged misconduct will be forwarded to the Office of Executive Director of Student Affairs, Director of Title IX Compliance or designee.

Following the Hearing, the Hearing Panel University Discipline Committee will deliberate and will render a decision in regard to the alleged misconduct as well as decide any sanctions, if applicable. Should the Hearing Panel University Discipline Committee have any questions for the Student Conduct Officer/Investigator, the Complainant/Reporting Party, and/or the Responding Party, the University Discipline Committee Hearing Panel will reconvene so that all parties have the opportunity to respond and be present for other parties’ responses.

Outcomes of the Hearing Panel University Discipline Committee will be provided to the student(s) in writing within five (5) University business days of the conclusion of the Panel University Discipline Committee Hearing. Decisions made through the University Discipline Committee Hearing Panel may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.
4. Sanctions

A Student Conduct Officer/Investigator, Administrative Hearing Officer, or a University Discipline Committee may impose sanctions as a result of an Informal Resolution, Administrative Hearing, or University Discipline Committee Hearing Panel, when a student is found responsible. The potential sanctions are listed in the Code of Student Conduct grid at http://www.angelo.edu/services/saem/student_affairs.phphttp://www.angelo.edu/student-handbook/appendices/sanctioning-grids.php. The grid, mentioned above, is provided only as a guideline for administering sanctions by the Student Conduct Officer/Investigator, Administrative Hearing Officer, or the Hearing Panel. University Discipline Committee/Academic Integrity Committee. The Student Conduct Officer/Investigator, Administrative Hearing Officer, and/or the University Discipline Committee/Academic Integrity Committee Hearing Panel may deviate from the grid.

Implementation of the disciplinary sanction(s) will not begin and are not deemed final until either the time for a disciplinary appeal has expired or until the disciplinary appeal process is exhausted. Sanctions agreed upon through the Informal Resolution process are final upon effectuation of the Informal Resolution. When sanctions are final, appropriate University Administrators may be notified of the student's sanctions. Upon the judgment of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee some cases resulting in sanctioning of suspension and expulsion may begin prior to the completion of the disciplinary appeal process.

All records related to the disciplinary process will remain on file in room 112 of the Houston Harte University Center the Office of Student Affairs or Housing and Residential Programs Center for Student Empowerment for a minimum of seven (7) years from the date the case is completed through an Informal Resolution, Administrative Hearing, or Hearing Panel. University Discipline Committee/Academic Integrity Committee Hearing and/or Disciplinary Appeal Procedures in Part I, Section C.5. All records related to the disciplinary process resulting in suspension and/or expulsion will remain on file indefinitely.

If a student is found responsible for violating the Code of Student Conduct, sanctions may be imposed and can include, but are not limited to, the following:

a. **Disciplinary Reprimand**

Disciplinary Reprimand is an official written notification using the notice procedures outlined in Part I, Section A.3 to the student that the action in question was misconduct.

b. **Disciplinary Probation**

Disciplinary Probation is a period of time which a student's conduct will be observed and reviewed. The student must demonstrate the ability to comply with University policies, rules, and/or standards and any other requirement stipulated for the probationary period. Further instances of misconduct under the Code of Student Conduct during this period may result in additional sanctions.
c. **Deferred Disciplinary Suspension**

Deferred Disciplinary Suspension is a period of time where a Disciplinary Suspension may be deferred for a period of observation and review, but in no case will the Deferred Disciplinary Suspension be less than the remainder of the semester. Further instances of misconduct under the *Code of Student Conduct* during this period may result in additional sanctions.

d. **Time-Limited Disciplinary Suspension**

Time-Limited Disciplinary Suspension is a specific period of time in which a student is not allowed to participate in class or University related activities. The status of disciplinary suspension will be shown on the student's academic record, including the transcript. Time-Limited Disciplinary Suspension is noted on the student's transcript by the phrase "Disciplinary Suspension" and will include the period of time in which the student is/was suspended from the University. The notation of disciplinary suspension will remain on the transcript indefinitely. Notification of disciplinary suspension of a student will indicate the date on which it begins and the earliest date the application for student readmission will be considered. The Student Conduct Officer/Investigator may deny a student’s readmission, if the student’s misconduct during the suspension would have warranted additional disciplinary action. If the student has failed to satisfy any sanction that was imposed prior to application for readmission, the Student Conduct Officer/Investigator may deny readmission to a student. On denial of a student’s readmission, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee will set a date when another application for readmission may again be made. An administrative hold will be placed on the student record to prevent registration during the Disciplinary Suspension.

e. **Disciplinary Expulsion**

Disciplinary Expulsion occurs when the student is permanently withdrawn and separated from the University. The status of Disciplinary Expulsion will be shown permanently on the student’s academic record, including the transcript. Disciplinary Expulsion is noted on the student’s transcript by the phrase “Disciplinary Expulsion” and the date in which the student’s expulsion was effective. An administrative hold will be placed on the student record by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to prevent future registration.

f. **Conditions**

A condition is an educational or personal element that is assigned by Student Conduct Officer/Investigator, Administrative Hearing Officer, or University Discipline Committee Hearing Panel. Costs associated with conditions may be the responsibility of the student and will be billed to the student’s account. Some examples of conditions include, but are not limited to:
Personal and/or academic counseling intake session;

- Discretionary educational conditions and/or programs of educational service to the University and/or community;
- Residence hall relocation and/or contract review/cancellation of residence hall contract and/or use of dining facilities;
- Restitution or compensation for loss, damage or injury, which may take the form of appropriate service and/or monetary or material replacement;
- Monetary assessment owed to the University;
- Completion of an alcohol or drug education program;

g. Restrictions

A restriction is an additional component of a disciplinary sanction. A restriction is usually an educational component that is to occur in conjunction with the sanctions and will usually be time specific. Some examples of restrictions include, but are not limited to:

- Revocation of parking privileges;
- Denial of eligibility for holding office in registered student organizations;
- Denial of participation in extracurricular activities;
- Prohibited access to University facilities and/or prohibited direct or indirect contact with members of the University community;
- Loss of privileges on a temporary or permanent basis.

h. Academic Penalties

In cases involving violations of Part I, Section B.1 (Academic Misconduct) an academic penalty may be imposed by the referring party. Academic penalties include, but are not limited to:

- Assignment of a grade for the relevant assignment, exam, or course;
- Relevant make-up assignments;
- No credit for the original assignment;
- Reduction in grade for the assignment and/or course;
- Failing grade on the assignment;
- Failing grade for the course;
- Dismissal from a departmental program;
- Denial of access to internships or research programs;
- Loss of appointment to academically-based positions;
- Loss of departmental/graduate program endorsements for internal and external fellowship support and employment opportunities;
- Removal of fellowship or assistantship support.
1. **Parental Notification**

Violations of Part I, Sections B.3 (Alcoholic Beverages) or B.4 (Narcotics or Drugs) may result in notification to the parents/guardians of dependent students under the age of 21.

5. **Disciplinary Appeals Procedures**

A student may appeal the finding or the sanction(s) imposed in an Administrative Hearing or Panel University Discipline Committee Hearing by submitting a written petition to the designated appeal officer within five (5) University business days of the delivery of the written decision. An appeal may not be filed on behalf of the student by a third party.

The Executive Director of Student Affairs/Vice President for Student Affairs and Enrollment Management or designee will be the designated appeal officer in each conduct case. The Provost and Vice President for Academic Affairs or designee will be the designated appeal officer for cases involving Academic Misconduct. The Vice President for Student Affairs and Enrollment Management or designee will be the designated appeal officer for cases involving Sexual Misconduct. The designated appeal officer will be a trained University staff of faculty member who did not serve as the Student Conduct Officer/Investigator or the Administrative Hearing Officer in the original Conduct Process and will render a neutral, impartial, and unbiased decision.

The petition must clearly set forth the grounds for the appeal, together with the evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal. The only proper grounds for appeal, and the only issues that may be considered on appeal are as follows:

- A procedural [or substantive error] occurred that significantly impacted the outcome of the Hearing (e.g. substantiated bias, material deviation from established procedures, etc.).

- The discovery of new evidence, unavailable during the original Hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.

- The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.

In cases involving alleged misconduct involving Part I, Section B.2 (Actions against Members of the University Community and Others), either the Complainant/Reporting Party or Responding Party may appeal the decision of the Hearing Panel/Office of Student Affairs. In such cases, the Office of Vice President for Student Affairs or designee will provide the request for appeal to the other party and provide opportunity for response.
The designated appeal officer will first review the appeal to determine if the appeal is timely and properly sets forth the appropriate grounds for appeal, with adequate accompanying evidence. If any of these requirements are not met, the appeal will be dismissed, and the decision will be final.

If the designated appeal officer determines that the sanction appeal is valid, the appeal officer will then determine whether the error or new evidence would have substantially impacted the decision of the Administrative Hearing Officer or Hearing Panel/University Discipline Committee/Academic Integrity Committee. If the designated appeal officer determines that the error or new evidence would have substantially impacted the decision, they may:

- Modify the finding and/or increase, decrease, or otherwise modify the sanctions;
- Remand the case to the original Hearing PanelBody; or
- Remand the case to a new Hearing PanelBody.

The Office of Vice President for Student Affairs and Enrollment Management, Academic Dean, or designee shall make all reasonable efforts to notify the student(s) of the status of the appeal throughout the appellate process and shall make all reasonable efforts to notify the student(s) of the result of their appeal using the written notification procedures outlined in Part I, Section A.3 within ten (10) University business days. If necessary, the designated appeal officer will notify the student should they need additional time to determine the outcome of the appeal. The decision of the designated appeal officer is final and cannot be appealed.

If the designated appeal officer remands the decision to a new Hearing PanelBody, the decision of that Hearing PanelBody is final and may not be appealed.

6. Former Student Conduct & Readmission
A former student who engages in conduct that is a violation of the Code of Student Conduct may be subject to conduct procedures prior to reenrollment, a bar against readmission, revocation of a degree, and withdrawal of a diploma.

A student who has had an administrative hold placed on his or her records under this section must request readmission from the Executive Director of Student Affairs and Enrollment Management or designee at least three (3) weeks prior to any Angelo State University Office of Admissions application deadlines for the semester or summer session in which the student wishes to re-enroll. The student may be required by the Executive Director of Student Affairs and Enrollment Management or designee to submit evidence in writing supportive of his/her present ability to function properly and effectively in the University community. The University will evaluate the student’s request and supporting documentation with primary consideration given to satisfying all conditions specified at the time of suspension or withdrawal. If approval is granted by the
Executive Director of Student Affairs/Vice President for Student Affairs and Enrollment Management or designee for the removal of the administrative hold, the student must then complete the regular University readmission procedures.

SECTION D: CONDUCT PROCEDURES FOR STUDENT ORGANIZATIONS

Upon notice of an alleged violation of the Code of Student Conduct by a student organization, the Executive Director of Student Affairs or, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator to review allegations of misconduct. The Student Conduct Officer/Investigator will inquire, gather and review information about the reported student organization misconduct, and will evaluate the accuracy, credibility, and sufficiency of the information.

Incidents will be forwarded for investigation when there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or Complainant/Reporting Party’s statement. If it is determined that the information reported does not warrant an allegation, a policy warning letter may be issued to clarify the policy that was in question.

1. Initial Inquiry
An initial inquiry would occur to review information about the alleged misconduct and to evaluate the accuracy, credibility, and sufficiency of the information. When an initial report does not identify victims of misconduct or victims are not available, it can limit the ability to investigate the incident. When the reporting party or Complainant/Reporting Party is identified but is reluctant to participate in the investigation process or student conduct process, the University will make every attempt to follow the wishes of the Complainant/Reporting Party while weighing the interests of the campus community and the possibility of continuing inappropriate behavior and threat to the community. If the Reporting Party/Complainant does not want to participate in the investigative process but has no aversion to the University pursuing the conduct process, the University will proceed to the extent of the information available.

2. Decision to Document the Incident without Further Investigation
If it is determined that the information reported and available does not warrant an allegation of a conduct violation, a policy warning letter may be issued to clarify the policy in question. This may happen in situations where reports received are from anonymous sources with no ability to validate the credibility of the concern and the initial inquiry identifies little to no other information to support the report.
3. Remedies & Resources to Reporting Parties/Complainants
   a. The University will take immediate action to eliminate hostile environments, prevent reoccurrence, and address any effects on the Reporting Party Complainant and community prior to the initiation of formal investigation and/or formal conduct processes. These immediate steps will be taken to minimize the burden on the Reporting Party Complainant while respecting due process rights of the Respondent Responding Party. Remedies for students may include, but are not limited to, counseling services, victim’s advocate assistance, and modifications to on-campus housing, modifications to parking permission, and modification to academic schedule. Remedies will be evaluated on a case-by-case basis.

   b. Assistance and resources are provided to the Reporting Party Complainant in order to help them understand the options available to them when making a report, to determine what resolution the reporting party is seeking, to identify university and community resources to support the reporting party, and to stop any current inappropriate behavior. Resources include, but are not limited to, assistance in reporting criminal behavior to the University Police Department or San Angelo Police Department, counseling services, medical assistance, academic support referrals, and other support services. This is handled by the staff member in the Office of Student Life, Office of Student Affairs, or by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee taking the initial report. This staff member may or may not be the person to investigate the complaint.

4. Interim Actions
   Under the Code of Student Conduct, the Executive Director of Student Affairs or the Director of Title IX Compliance, or designee may impose restrictions and/or temporarily suspend the registration of a student organization pending the scheduling of a campus Hearing on alleged violation(s) of the Code of Student Conduct when the student organization represents a threat of serious harm to others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University. Examples of conduct or incidents that may result in interim suspension are hazing; conduct or incidents at organization events and activities resulting in allegations of sexual misconduct; behavior that results in criminal felony charges, severe disruption, and/or retaliatory harassment; alcohol/drug policy violations occurring during recruitment or social events; and cease and desists directives from inter/national or regional organizations. A student organization who receives an interim suspension may request a meeting with the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to demonstrate why an interim suspension is not merited. Regardless of the outcome of the meetings, the University may still proceed with the scheduling of a campus Hearing. During an interim suspension, the student organization is not able to access the benefits of being a registered student organization during this time period, and organization activities should cease in order to prevent additional misconduct. Student organizations are informed of interim actions by the official notice procedures outlined in Part I, Section A.3 of the Code of Student Conduct. Interim action is not a sanction. It is taken in an
effort to protect the safety and well-being of the Reporting Party/Complainant, Responding Party/Ent, and other members of the University Community, the University, and/or property. Interim action is preliminary in nature; it is in effect only until the conduct process has been completed. However, violations of interim actions may result in additional allegations of violations of the Code of Student Conduct.

5. Notice of Involvement

A student organization will be given notice of the organization’s involvement in an alleged violation of the Code of Student Conduct by receipt of a “Notice of Involvement/Need to Talk” letter or direct contact by a Student Organization or Greek Fraternity/Sorority Life staff member.

6. Initial Contact to the Student Organization Leadership and Advisor

In most cases, the appropriate Student Organization or Fraternity/Sorority Life staff will ask the student organization President and Faculty/Staff Advisor or Alumni Advisor for an initial response to the information received within a prompt timeframe. At this time, student organization officers and members accused of conduct violations will also receive information about resources that can assist them during the conduct proceedings. When organization leaders are prompt, cooperative and forthcoming with information to assist in the inquiry, it can reduce conduct findings and sanctions. Organizations should be aware that information gathered during this initial contact is documented for use during conduct proceedings. Organizations that fail to comply with or respond to a notice issued as part of conduct procedures and/or fail to appear will not prevent the continuation of the conduct process. Likewise, a student organization that ignores requests for information, misrepresents information, or conceals information can face additional allegations of misconduct and increased sanctions.

7. Notification of the Inter/National or Regional Headquarters (if relevant)

In most cases (with the exception of low-level concerns), Greek Fraternity and Sorority Life staff will notify representatives of the inter/national or regional headquarters of the complaint received and of the process for reviewing the complaint. Angelo State University believes in an active partnership with inter/national and regional organization staff to resolve concerns. These inter/national and regional staff and volunteers are often better able to identify opportunities to address concerns and may be conducting their own investigation and conduct process. Angelo State University staff will specifically contact inter/national and regional organizations when reoccurring concern indicates a climate issue for the organization, when the response of the organization is not compliant or timely, when there is an immediate threat to member or other’s safety, or when the organization has already participated in conduct processes for concerns.

8. Rights & Responsibilities

Prior to the formal investigation process, a student organization will be provided a Students Rights & Responsibilities document to review and sign prior to an interview with the appointed Student Conduct Officer/Investigator. The Rights & Responsibilities...
document informs the student organization of rights to be exercised before and during the conduct process. Those rights include the right to:

a. A prompt, fair, and equitable process;
b. Be accompanied by an advisor at any conduct or related proceeding.
   - An “advisor” can be any of the following: a member of the Angelo State University community (faculty, staff, or student not otherwise involved in the case), a victim’s advocate, a parent or legal guardian, a relative, or, in situations involving criminal legal proceedings, an attorney.
   - An advisor’s role is that of support – he or she may not speak on behalf of the organization and does not have an active, participatory role in the conduct process. If an advisor for the organization is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend on behalf of the University.
   - In the case of a student organization conduct proceeding, the President of the student organization is asked to make a response on behalf of the organization. During these processes, the President is also encouraged to include the faculty/staff advisor for the student organization. In many cases, the President may not be able to speak on behalf of the local advisory board to the student organization, so the inclusion of a local alumni advisor is also allowed.
   - In the case of student organizations, the current President of the organization, is responsible for presenting information during the formal hearing. The roles of the advisors during formal hearings should be for support and guidance, not to speak or participate directly in the formal hearing unless authorized.
   - Student organizations should select an advisor whose schedule allows attendance at the meeting, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of the investigator and with advanced notice.

c. Refrain from making any statement relevant to the investigation. Student organizations are expected to cooperate with the University conduct process, but may elect not to participate in the investigation process, either in part or entirely. However, a student organization’s refusal to participate in the investigation, in part or whole, lasts for the duration of the conduct process. In other words, if a student organization chooses not to provide information during the investigation, they will not be allowed to present new information during the Hearing; similarly, if a student organization provides only limited information during the investigation (i.e., answering some of the Investigator’s questions but not others), then during the Hearing, the student organization will only be permitted to speak to the information provided, with no additional commentary. The rationale for this policy is to prevent parties from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

d. The opportunity to provide information and evidence in support of the case;
e. Know if they have been issued any allegations of misconduct;
f. Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred;
g. Know the Angelo State University conduct policies and procedures, and where to find them;
h. Know that any information provided by the student organization may be used in a conduct proceeding:
   • Any information provided by a student during an investigation may be used in formal conduct processes related to allegations against the student organization, the student, or other students.
   • Student and student organization records are subject to the Federal Education Rights & Privacy Act (FERPA). Information collected during an investigation will be compiled into an investigation report and is considered student or student organization records. The investigation report may be shared with the assigned student conduct hearing panel members or administrative officers assigned to adjudicate concerns as officials with legitimate educational interest and without written consent for release. Student and student organization records can be subpoenaed in accordance with criminal processes which could include the release of the investigation report to law enforcement officials. The investigation report may also be shared with the inter/national or regional organization headquarters staff to assist with collaborative investigations.
i. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action.

Student organization responsibilities include:

j. Be responsive to all communications from the University;
k. Provide information relevant to the incident or situation;
l. Be honest and provide true and accurate information during the investigation;
m. If a student or student organization needs additional time to gather information, please inform your Student Conduct Officer/Investigator;
n. Review the Code of Student Conduct in order to fully understand all aspects of the student conduct process.

9. Investigation

a. The Executive Director of Student Affairs or, the Director of Title IX Compliance or designee will appoint a Student Conduct Officer/Investigator to conduct a thorough, reliable, and impartial investigation of the reported concern.
b. Reported allegations of misconduct under the Code of Student Conduct have varying degrees of complexity and severity. Therefore, the investigation procedures described below may vary. In student organization incidents there is potential for three or more separate investigations to be occurring in a similar time frame:
   • Angelo State University Student Organization Conduct Investigation,
• Criminal Investigation by the University, San Angelo, or Other Police Departments.
• Inter/National or Regional Headquarters Investigation.
• Local Student Organization Advisory Board Investigation.

c. When initial inquiry indicates that another concurrent investigation is occurring alongside the Angelo State University student conduct investigation, the appointed investigator(s) will, where possible, collaborate with the other entities conducting investigations. Elements of a collaborative investigation may include coordinated or joint interviews, evidence sharing, and investigation report sharing within the limits of student records policies.

d. Investigations of student organization conduct may include the requirement for student organization members to attend an investigation meeting as a group or as individuals. Students may be asked to complete written questionnaires related to the investigation. Regardless of the nature of the investigation, students and student organizations should be aware of their rights and responsibilities in the conduct process and recognize that any information shared during the course of the student conduct investigation may be used in formal conduct processes against the student organization or the individual student. Students can always decline to participate in a collaborative investigation meeting and meet only with the student conduct investigator instead of meeting together with other investigators.

e. During the investigation process, student organization representatives are responsible for providing all information or evidence that they believe should be considered. Once the investigative process is complete, the Student Conduct Officer/Investigator will compile the relevant information and evidence into an Investigation Report, which will include the allegations of the Code of Student Conduct and may include a timeline of the event(s), statements from the interviews, physical and electronic evidence, a breakdown of the discrepancies in the various interviews, and credibility considerations. The Investigator will document any physical or electronic evidence in a manner that is conducive and un-obstructive to concurrent or forthcoming police investigations.

f. Student organizations will be asked to provide information about any actions, occurring voluntarily by the organization and/or, to address concerns or actions occurring related to other conduct processes (inter/national or regional actions, local alumni board actions). This information is used to afford the opportunity for an organization to be eligible for informal resolution processes or the sanctioning portion of a formal hearing if an organization is found responsible for a policy violation.

g. A student organization will have access to a completed Investigation Report and/or investigative materials relevant to the allegation(s) after the investigative process has concluded. In order to protect confidentiality, however, student organizations are not given copies of the Investigation Reports and/or investigative materials.

10. Investigation Report is Completed by Investigator and Pre-Hearing Scheduled

a. Once the investigation report is completed, the President and his/her advisors for the student organization will be given notice of a Pre-Hearing Meeting. During this
meeting, the representatives will be given an opportunity to review the Investigation Report and other documents or evidence that would be used in a formal hearing. If new or previously unavailable information is now available, the investigator will make a determination about the inclusion of the information in the report.

- If there is not sufficient evidence to proceed to a hearing, a Policy Warning letter would be issued to the organization and the incident would be closed.
- If there is sufficient evidence to proceed to a hearing, the investigation report will outline the formal allegations against the student organization.
- A discussion would occur around the opportunity for an informal resolution or a formal hearing.

b. In cases proceeding to a formal hearing, the student organization representative(s) would review the formal hearing script and the pool of faculty, staff, and students trained for the Hearing Panel University Discipline Committee.

11. Informal Resolution

a. Upon review of the investigation report and the investigation process, the organization may have the opportunity to resolve the issue informally. The investigator would provide an informal resolution in writing to the organization representatives for their consideration. The organization would agree to the outlined findings of responsibility for misconduct and the outlined sanctions. If there is a complaint, the Reporting Party Complainant must also agree to the informal resolution. To participate in the Informal Resolution process, student organizations must accept both the finding and the sanction. There is no appeal of signed informal resolutions.

Once completed, the informal resolution completes the conduct process. The case will only be reopened if new materials, previously unavailable, are presented.

12. Pre-Hearing Process

a. In cases involving an Administrative or Panel University Discipline Committee Hearing, the Pre-Hearing Process will be followed. Once the investigative process is complete, the student organization will be given notice of a Pre-Hearing Meeting. Should student organizations not participate in the Pre-Hearing, the conduct process may continue without their participation, including the assignment of allegations and the completion of an Administrative or Panel University Discipline Committee Hearing. During this meeting, student organizations will be given the opportunity to review the Investigation Report, relevant evidence, and other documents to be used in the Administrative or Panel University Discipline Committee Hearing. Other documents include notification of Respondent’s Responding Party’s allegations, Panel Committee composition, and Hearing script. Following the Pre-Hearing, student organizations will be notified, via the notification procedures outlined in Part I, Section A.3 of a date, time, and location of the Hearing.
b. While students may identify errors in their own statements during the Pre-Hearing, they are not able to add additional information to the Investigation Report unless that information, in the judgment of the Student Conduct Officer/Investigator, was unavailable during the investigative process and is pertinent to the consideration of the case. If a student discovers new, previously unavailable information during the time after the Pre-Hearing but before the Administrative or Panel University Discipline Committee Hearing, the student should inform the Student Conduct Officer/Investigator immediately. If the new information is pertinent to the consideration of the case, the Student Conduct Officer/Investigator will determine whether the new information should be included in the Investigation Report or presented verbally during the Administrative or Panel University Discipline Committee Hearing. If there is new evidence introduced, other involved parties would also be given the opportunity to provide a response to any new evidence that will be presented in the Administrative or Panel University Discipline Committee Hearing.

c. The conduct process is designed to be non-adversarial. Student organization representatives will be permitted to question the statements and evidence presented by the other involved parties, but may not do so directly. After reviewing the Investigation Report, during the Pre-Hearing, Complainants the Reporting Party and Respondents the Reporting Party will have the opportunity to question the statements and evidence presented by the other involved parties, via the Student Conduct Officer/Investigator, who will pose the questions and supplement the Investigation Report. Questions that are deemed objectionable, inappropriate, and/or irrelevant by the Student Conduct Officer/Investigator may be rejected.

d. Student organizations may indicate whether an Administrative Hearing or Panel University Discipline Committee Hearing is preferred. However, the Student Conduct Officer/Investigator has the sole discretion in all cases to designate whether an Administrative Hearing or Panel University Discipline Committee Hearing will be held notwithstanding the student’s preference.

e. In cases requiring a Hearing Panel University Discipline Committee, the Student Conduct Officer/Investigator will share the pool of faculty, staff, and students trained for Hearing Panels University Discipline Committees. Student organization representatives will be given the opportunity to request to strike any member of the Hearing Panel University Discipline Committee whose impartiality may be in question. In order to strike a member of the Hearing Panel University Discipline Committee, the student organization representative must provide the Student Conduct Officer/Investigator with a reasonable and substantiated rationale for the request. Once the composition of the Hearing Panel University Discipline Committee is set, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee will schedule the Panel Student Conduct Officer/Investigator will schedule the University Discipline Committee Hearing.
13. Formal Hearings

a. Upon completion of the initial inquiry/investigation, after the allegation(s) have been assigned, and proper notice has been given to the student organization, the University may proceed to conduct either an Administrative or a Panel University Discipline Committee Hearing and issue a finding and accompanying sanctions, if applicable. The Administrative Hearing or Panel University Discipline Committee Hearing may be held and a decision made, regardless of whether the student organization responds, fails to respond, attends the Hearing, or fails to attend the Hearing. Should the student organization fail to attend the Administrative or Panel University Discipline Committee Hearing, the Student Conduct Officer/Investigator or the Hearing Panel University Discipline Committee may consider the information contained in the Investigation Report and render a decision. Student organization conduct processes are typically adjudicated by a Panel Hearing University Discipline Committee.

b. Hearings are closed to the public. Complainants-The Reporting Party and Respondents-The Reporting Party have the right to be present at the formal hearing; however, they do not have the right to be present during deliberations. Arrangements will be made so that complaining the Reporting Party and Responding students Party are not present in the hearing room at the same time.

c. Student organizations are typically represented by the current President and an advisor.

d. In situations where the organization no longer has a current student representing the organization, the conduct process will continue with the information available at the time. Organizations with inter/national, regional, or local advisory staff or volunteers with a long-term interest in the organization’s recognition at the University may be allowed to participate in the resolution of conduct processes when a current student is no longer able to represent the organization.

e. Administrative Hearing

An Administrative Hearing is the process of adjudicating allegations of violations of the Code of Student Conduct by an Administrative Hearing Officer. The Administrative Hearing Officer in an Administrative Hearing may be the Student Conduct Officer/Investigator that completed the Investigation Report, or an Administrative Hearing Officer assigned by the Executive Director of Student Affairs or designee. The Administrative Hearing Officer makes the decision of responsibility and assigns a sanction, as appropriate. Written notification of the outcomes of the Administrative Hearing should be provided to the student within five (5) University business days of the conclusion of the Administrative Hearing. Decisions made through the Administrative Hearing may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

f. Panel Hearing University Discipline Committee Hearing

For each Panel Hearing a panel of three (3) members will be chosen from the available pool by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee. The Panel will typically be comprised of one student, one faculty member, and one staff member. Availability may determine a different composition for the Hearing Panel. For allegations involving Part I, Section B...
(Academic Misconduct), the Panel will be comprised of only students and faculty members. For cases involving Part I, Section B.2 (Actions Against Members of the University Community and Others) or other sensitive issues, the Director of Title IX Compliance or designee will appoint three (3) Administrative Hearing Officers from the pool of available members for the Panel. A University Discipline Committee Hearing panel consists of five (5) University Discipline Committee members including faculty, staff, and students. Availability may determine a different composition for the Hearing panel. In cases involving Part I, Section B.1 (Academic Misconduct), the Committee is comprised only of students and faculty. In cases including Part I, Section B.2 (discrimination, sexual misconduct, or other sensitive issues), the Committee will only include faculty and staff.

Administrative Hearing Officers who served as Investigators for the case being heard by a Hearing Panel may not serve as either a voting members of the Hearing Panel or as the non-voting Resource Person, and will only participate as the Investigator in the Panel Hearing.

All Hearing proceedings, excluding deliberations of the Hearing Panel, will be recorded by the University.

During the Panel University Discipline Committee Hearing, a designated Resource Person/Committee Chairperson will facilitate the Hearing process. Hearing proceedings, excluding the deliberations of the University Discipline Committee, will be recorded by the University.

The Executive Director of Student Affairs - Director of Title IX Compliance, or designee will appoint a Panel Committee Resource Person to serve as non-voting participant in the Panel University Discipline Committee Hearing. The Panel Resource Person will be a trained University staff member who may:

- Prepare the Panel University Discipline Committee Hearing materials;
- Record the Panel Hearing University Discipline Committee proceedings;
- Escort participants into the Hearing room, grant breaks for participants, and distribute evidentiary materials;
- Ensure proper decorum throughout the Panel University Discipline Committee Hearing;
- Ensure the procedural soundness of the Panel University Discipline Committee Hearing;
- Provide student conduct history as well as any documented Policy Warnings issued to the Responding Party, during the sanctioning phase, if necessary, of the Respondent Responding Party during the sanctioning phase, if necessary;
- Transcribe the findings of the University Discipline Committee Hearing Panel;
- Compile the Post-Hearing documentation.
Deliver notification to student parties.

The Student Conduct Officer/Investigator presents the Investigation Report, evidence, witnesses, allegation(s), and questions for deliberation. Both the Complainant Reporting Party and Respondent Responding Party have the right to add or make additional comments about the facts of the case. The Hearing Panel University Discipline Committee may question the Student Conduct Officer/Investigator, Reporting Party Complainant, Responding Party, and any witnesses. The Complainant Reporting Party and Respondent Responding Party do not have the right to question each other or witnesses directly, but may pose questions through the Student Conduct Officer/Investigator. Should new evidence be presented without prior discussion with the Student Conduct Officer/Investigator, the Hearing may be halted to consider the inclusion of this information. Impact statements will also be halted if they are shared prior to the sanctioning phase of the Hearing. In the event the Resource Person Chair of the Hearing Panel removes a student due to misconduct (Complainant Reporting Party, Responding Party, or witnesses), the alleged misconduct will be forwarded to the Office of Executive Director of Student Affairs, the Director of Title IX Compliance, or designee Center for Student Affairs Empowerment for additional processing as appropriate Office of Student Affairs.

Following the Hearing, the Hearing Panel will deliberate and will render a decision in regard to the alleged misconduct as well as decide any sanctions, if applicable. The Investigator will provide information during sanctioning related to any previous conduct history, self-sanctioning occurring with the organization, and general information about the organization’s activities and participation at Angelo State University to help inform sanctioning the panel determine appropriate sanctioning.

Following the Hearing, the University Discipline Committee will deliberate and will render a decision in regard to the alleged misconduct as well as decide any sanctions, if applicable. Should the Hearing Panel University Discipline Committee have any questions for the Student Conduct Officer/Investigator, the Complainant Reporting Party, and/or the Responding Party, the University Discipline Committee Hearing Panel will reconvene so that all parties have the opportunity to respond and be present for other parties’ responses.

Outcomes of the Hearing Panel University Discipline Committee will be provided to the student(s) organization in writing within five (5) University business days of the conclusion of the Panel University Discipline Committee Hearing. Decisions made through the University Discipline Committee Hearing Panel may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

14. Sanctions
A Student Conduct Officer/Investigator, Administrative Hearing Officer, or a Hearing Panel University Discipline Committee may impose sanctions as a result of an Informal Resolution, Administrative Hearing, or Panel University Discipline Committee Hearing, when a student organization is found responsible. The potential sanctions are listed in the Student Organization Sanctioning Grid in the Student Handbook, Appendix C. The grid is provided only as a guideline for administering sanctions by the Student Conduct Officer/Investigator, Administrative Hearing Officer, or the Hearing Panel University Discipline Committee.

The cooperation of an organization during the investigation and conduct process as well as any self-sanctioning or other required sanctioning will also be considered in the determination of sanctions.

Implementation of the sanctions will not begin until either the time for a disciplinary appeal has expired or until the disciplinary appeal process is exhausted. Upon the judgment of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee some cases resulting in sanctioning of suspension and expulsion may begin prior to the completion of the disciplinary appeal process.

If a student organization is found responsible for violating the Code of Student Conduct, sanctions may be imposed and can include, but is not limited to the following:

1. **Disciplinary Reprimand**
   The Disciplinary Reprimand is an official written notification that the action in question was misconduct. The disciplinary status of the organization is still good-standing.

2. **Disciplinary Probation**
   Disciplinary Probation is a period of time during which the organization’s conduct will be observed and reviewed. The organization must demonstrate the ability to comply with University policies and any other conditions/requirements stipulated for the period of probation. Further instance of misconduct during this time period may result in additional sanctions, conditions, and/or restrictions.

3. **Deferred Disciplinary Suspension**
   Deferred Disciplinary Suspension is utilized for misconduct that could have resulted in suspension, but the suspension is deferred for a period of observation and review. Deferred suspensions are assigned for no less than one semester. Further instances of misconduct during this time period may result in immediate temporary suspension of organization activities and often result in suspension or expulsion. Deferred suspension often includes multiple conditions and restrictions for the organization to continue recognition with the University.

4. **Time-Limited Disciplinary Suspension**
   Time-Limited Disciplinary Suspension is a specific period of time in which a student organization’s registration with the University is suspended as well as privileges...
and benefits of registration. Suspended student organizations may not hold events or activities on campus, may not solicit or utilize University grounds or services to promote organizations or events or to recruit members, and may not utilize any other benefits or services provided to registered student organizations. If an inter/national or regional organization suspends the charter of an organization, this results in a sanction no less than time-limited suspension for the time period of the suspended charter. Notification of disciplinary suspension of a student organization will indicate the date on which it begins and the earliest date the student organization's application for registration will be considered. The Student Conduct Officer/Investigator may deny an application for registration if the organization's misconduct during suspension would have warranted additional disciplinary action. If the student organization has failed to satisfy any sanction that was imposed prior to application for registration, the Student Conduct Officer/Investigator may deny registration to the student organization. On a denial of student organization registration, the Student Conduct Officer/Investigator, Executive Director of Student Affairs or Director of Title IX Compliance will set a date when another application for registration may again be made.

d. **Disciplinary Expulsion**

Disciplinary Expulsion occurs when the student organization is permanently separated from the University with no opportunity for future registration as a student organization.

e. **Conditions**

A condition is an additional component of a disciplinary sanction, usually an educational element assigned to occur in conjunction with a period of probation or deferred suspension or assigned to occur prior to returning from time-limited suspension. Examples include, but are not limited to:

- Hosting educational programs or initiatives for the organization or community related to the misconduct.
- Requirements for additional training or advisement from Angelo State University staff, advisory boards, or other appropriate parties.
- Requirements for community service or other activities beneficial to the membership and associated with remedying the impact of behavior on the community.
- Restitution or compensation for loss, damage or injury, which may take the form of appropriate service and/or monetary or material replacement.
- Requirements for completion of membership reviews and providing updated rosters.
- Requirements to submit information about updated and improved organizational processes such as new member education plans, or social event plans.

f. **Restrictions**

-
A restriction is an additional component of a disciplinary sanction, usually an educational restriction on organization activities that occurs during a time period of probations or deferred suspension or upon return from time-limited suspension. Examples include, but are not limited to:

- Revocation of organization benefits such as eligibility for SGA funding, eligibility to reserve rooms, and eligibility to solicit or hold events on campus; or
- Denial of participation or restrictions associated with participation in University activities as a student organization such as homecoming, intramurals, and recruitment activities.

h. Required Notifications
Some organization misconduct requires additional notifications. Texas Education Code, Chapter 51.936 indicates that institutions of higher education shall distribute to each student during the first three weeks of each semester a list of organizations that have been disciplined for hazing or convicted for hazing on or off the campus of the institution during the preceding three (3) years.

15. Disciplinary Appeals Procedures
a. A student organization may appeal the decision of a formal hearing or the sanction(s), condition(s), and restriction(s) imposed following a formal hearing by submitting a written petition for appeal to the designated appeal officers within five (5) University business days of receiving the written decision.

b. The Executive Director of Vice President for Student Affairs and Enrollment Management or designee will select an appeal officer in each case. The designated officer will be a trained University staff or faculty member who was wholly uninvolved in the original Conduct Process and will render a neutral, impartial, and unbiased decision.

c. Petitions for appeal must clearly identify the grounds for the appeal, together with the evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal.

d. The only proper grounds for appeal are as follows:
   - Procedural or substantive error that significantly impacted the outcome of the hearing (e.g., substantiated bias, material deviation from established procedures, etc.);
   - Discovery of new evidence, unavailable during the original hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included;
   - The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.

e. In cases involving alleged misconduct involving Part I, Section B.2 (Actions Against Members of the University Community and Others), either the Reporting Party or Respondent-Responding Party may appeal the decision of the Hearing Panel Office of Student Affairs. In such cases, the Office of the Vice President
for Student Affairs and Enrollment Management or designee will provide the request for appeal to the other party and provide opportunity for response.

f. The designated appeal officer will first review the appeal to determine if the appeal is timely and properly sets forth the appropriate grounds for appeal, with adequate accompanying evidence. If any of these requirements are not met, the appeal will be dismissed, and the decision will be final.

g. If the designated appeal officer determines that the sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions, the appeal identifies a procedural/substantive error or new evidence that was unavailable at the original Hearing, the appeal officer will then determine whether the error or new evidence would have substantially impacted the decision of the Administrative Hearing Officer or Panel Hearing University Discipline Committee. If the designated appeal officer determines that the error or new evidence would have substantially impacted the decision, they may:
- Modify the finding and/or increase, decrease, or otherwise modify the sanctions;
- Remand the case to the original Hearing Panel Body;
- Remand the case to a new Hearing Panel Body.

h. The Office of Vice President for Student Affairs and Enrollment Management or designee shall make all reasonable efforts to notify the student organization of the status of the appeal throughout the appellate process and shall make all reasonable efforts to notify the student organization of the result of their appeal using written notification procedures outlined in Part I, Section A.3 within ten (10) University business days. If necessary, the designated appeal officer will notify the student organization should they need additional time to determine the outcome of the appeal. The decision of the designated appeal officer is final and cannot be appealed.

i. If the designated appeal officer remands the decision to a new Hearing Panel Body, the decision of that Hearing Panel Body is final and may not be appealed.

16. Student Organization Records

a. All records concerning a student organization related to conduct processes will remain on file with the University for a minimum of seven (7) years from the date of the completion of the case via informal resolution, formal hearing, and/or conduct appeal processes.

b. Student organization records do not impact the content of individual student records for student organization members. A finding of responsibility of misconduct for student organizations does not indicate a finding of responsibility for individual students. Individual students are subject to their own conduct processes separate from the student organization process.

c. Student organization conduct decisions and findings are shared with the inter/national or regional headquarters or organizations as appropriate.
PART II: COMMUNITY POLICIES

SECTION A: ALCOHOL POLICY & INFORMATION

a. Beverage Provisions in the Code of Student Conduct

Alcoholic Beverages violations are outlined in Part I, Section B.3 of the Code of Student Conduct.

SECTION B: ACADEMIC INTEGRITY

a. Angelo State University Statement of Academic Integrity

Academic integrity is taking responsibility for one’s own class and/or course work, being individually accountable, and demonstrating intellectual honesty and ethical behavior. Academic integrity is a personal choice to abide by the standards of intellectual honesty and responsibility. Because education is a shared effort to achieve learning through the exchange of ideas, students, faculty, and staff have the collective responsibility to build mutual trust and respect. Ethical behavior and independent thought are essential for the highest level of academic achievement, which then must be measured. Academic achievement includes scholarship, teaching, and learning, all of which are shared endeavors. Grades are a device used to quantify the successful accumulation of knowledge through learning. Adhering to the standards of academic integrity ensures grades are earned honestly. Academic integrity is the foundation upon which students, faculty, and staff build their educational and professional careers.

b. Academic Dishonesty Definitions

Students must understand the principles of academic integrity, and abide by them in all class and/or course work at the University. Academic Misconduct violations are outlined Part I, Section B.2 of the Code of Student Conduct. If there are questions of interpretation of academic integrity policies or about what might constitute an academic integrity violation, students are responsible for seeking guidance from the faculty member teaching the course in question.

c. Instructor Responsibilities

Any person becoming aware of alleged violations of academic integrity should report the allegation to the instructor of record in the course. The instructor in a course is responsible for initiating action in each case of dishonesty or plagiarism that occurs in that class. The instructor should contact the Office of Executive Director for Student Affairs or designee to discuss the nature of the violation and the student’s record of academic integrity violations. Instructions for reporting allegations of academic dishonesty are available in the Code of Student Conduct. The instructor will notify the student of the alleged misconduct and should attempt to discuss the matter with the student and receive a response from the student about the allegations. Then, the instructor may notify the student of possible academic sanctions including, but not limited to, assigning a paper or research project related
to the academic integrity, make-up assignment that is different than the original assignment, issue no credit for the original assignment, reduce the grade for the assignment and/or course, and issue a failing grade on the assignment, and/or issue a failing grade for the course. The academic penalty will not be implemented or assigned until all disciplinary procedures are complete. All academic integrity violations should be referred to the Office-Executive Director of Student Affairs or designee as a central clearinghouse of violations. The Executive Director of Student Affairs or designee will review the case and may impose additional sanctions if warranted as outlined in and for adjudication as a the Student Code of Conduct, violation when disciplinary sanctions will be assigned.

d. Withdrawal and Assignment of Grades

1. Once a student has been notified of an academic integrity allegation, the student may not drop the course until the academic integrity processes are complete. If a student drops or withdraws, the student will be reinstated to the course in question. A student should continue attending class and participating in course work until the disciplinary process is complete. If it is determined that the student was not responsible for academic integrity violations and/or the referring faculty member allows the student to withdraw from the course, the student may file a request with the Provost and Vice President for Academic Affairs for approval to drop the course or withdraw from the University retroactively.

2. If a referring faculty member must submit a final course grade before an Academic Integrity Violation allegation is resolved, the faculty member should notify the Department Chair and the Academic Dean of the intention to assign a grade of F and/or leave the final grade blank. The involved student may be given a temporary grade of X by the Registrar’s Office, which does not affect the student’s GPA, until the academic integrity adjudication process is complete. When the academic integrity adjudication process is complete, the final grade will be assigned through the appropriate academic channels and the completion of a grade change form. All appeals related to academic integrity violations should follow the process outlined in Part I, Section C.5 (Disciplinary Appeals Procedures).

e. Academic and Disciplinary Penalties

The academic and disciplinary penalties will not be implemented until the disciplinary procedure and appeal process has been exhausted. In cases in which a student is found not responsible for academic dishonesty, the student will be entitled to the grade he/she would have received in the absence of an academic integrity violation. In addition, the student will be allowed to continue in the particular course without prejudice.

f. Referrals to the Office-Executive Director of Student Affairs

In addition to the assignment of academic sanctions by the instructor of record, a referral of the academic integrity violation should also be made to the Office-Executive Director of Student Affairs or designee for the assignment of disciplinary
sanctions. Instructions for reporting academic dishonesty violations are available in the Code of Student Conduct. A student referred to the Office of Executive Director of Student Affairs or designee for alleged violations of academic misconduct is entitled to all substantive and procedural guarantees provided in the Code of Student Conduct. Instructors of record of the course where the violation occurred and the Academic Dean of the college where the student is enrolled or of the college housing the course where the violation occurred may participate in the adjudication of the violation and assignment of additional sanctions with the Office of Executive Director of Student Affairs or designee as outlined in the Code of Student Conduct.

NOTE: Additional Academic Integrity information is available from the Office of Student Affairs.

bath units, offers private bedrooms in a suite-style setting. Likewise, Texan Hall offers private bedrooms with a shared common area in a suite-style setting. Carr Hall offers suite-style accommodations to men and women. Most suites are comprised of two double-occupancy rooms adjoined by a shared bathroom. Carr Hall includes a limited number of private suites with two single-occupancy rooms adjoined by a shared bath. Vanderventer Apartments offer fully furnished apartment style living with full kitchens and an on-site free laundry room. Priority for assignment to the private suites in Carr and apartments in Vanderventer will be given to students of sophomore or higher classification. Plaza Verde, Mary Massie and Robert Massie Residence Halls all house residents in a double-occupancy room with its own bath. Concho Hall offers private suites with two double occupancy rooms adjoined by a shared bath, for graduate students or undergraduate students with 90 or more credit hours.

b. Ethernet computer connections are provided in each room. All halls have WiFi. However, students are encouraged to utilize Ethernet connections for quizzes, homework, etc. Other services include laundry rooms, vending machines, and 24-hour professional staff.

The Residence Hall Association sponsors social, cultural, educational, and recreational activities and participation in the activities is a wonderful way for students to be engaged in their community.

e. Complete information regarding campus housing can be found at http://www.angelo.edu/dept/residential_programs/. Information regarding residence hall policies can be found at: https://www.angelo.edu/dept/residential_programs/Housing_Requirements/university_housing_requirements.php.

In support of the Strategic Plan of Angelo State University, the University requires students to reside on campus their first year. If, at the end of their first year, they have not completed 30 credit hours, they will be required to reside on campus an additional year, with 90 or fewer hours to live in the University Residence Halls. Institutional research suggests that students who live on campus are significantly more inclined to remain in college and achieve higher GPA’s in comparison to students living off campus. Compliance with the University housing policy is a condition of enrollment, as set forth in the Angelo State University Student Handbook and the Undergraduate and Graduate Catalog and approved by the Board of Regents.

3. Housing Requirements

a. Subject to verification and authorization by Housing and Residential Programs, students who meet one or more of the following criteria may be given permission to live off campus prior to moving in:

b. In conjunction with the University’s support of academic integrity, evidence of deliberate falsification of information, data, or any materials submitted, or providing false or erroneous information in connection with an application for exemption from the on-campus housing requirement will be grounds for disciplinary action. c. Students sign a Residence Hall Contract for the summer session or the academic year (fall and spring semesters). Any student wishing to move from the residence halls should consult the Residence Hall Contract for the provisions applicable to cancellation of the contract.

Additional remedies available to the University for non-payment of room and dining plan fees include withholding the student's transcript of grades, diploma, and other academic records, and cancellation of enrollment.

b. Students with academic year contracts are charged 50.60% of the academic year room and dining plan rate for the fall semester and 50.40% for spring semester. Requests for outdoor dances utilizing sound amplification devices must be submitted as reservation requests to the Office of Special Events online at http://reservations.angelo.edu. Bands may use their own equipment on such dates.

   - Permission for use of the carillon bells in the Sol Mayer Administration Building must be requested through the Office of the President at least three (3) University business days before time of intended use. Use of the bells must not interfere with the normal function and programs of the University.

SECTION Q: WITHDRAWALS

1. Voluntary Withdrawal from the University
   a. According to the Undergraduate and Graduate Catalog, students who find it necessary to withdraw from the University during a semester or summer term must apply to the Registrar's Office prior to the term withdrawal deadline. A student wishing to drop to zero hours must withdraw from the institution. If a student withdraws on the 13th class day or after, a W will be recorded for all classes that semester or term, and these W's will not be counted toward the six state-defined permitted drops. International students must receive clearance from the Center for International Studies as a part of the withdrawal procedure. Student athletes must receive clearance from the Director of Athletic Academic Services.
   b. Students considering withdrawal for medical reasons may contact the Office of Student Affairs to discuss additional University resources and services.
   c. There may be financial implications to withdrawal. If a student receives financial aid or is living in Angelo State University student housing, he/she should first contact those offices before applying for the withdrawal.
   d. Refunds
      The Undergraduate and Graduate Catalog indicates that students withdrawing to zero hours at their request or those who have been withdrawn due to University action may be eligible to receive a refund of paid tuition and fees. A tuition and fee refund schedule is listed in the Undergraduate and Graduate Catalog and at http://www.angelo.edu/services/registrar/office/withdrawals_refunds.php.
   e. Returning to the University after a Voluntary Withdrawal
      Application materials and deadlines for former Angelo State University students are available at https://myfuture.angelo.edu. Official transcripts from all institutions attended subsequent to Angelo State University reenrollment must be submitted by
the application deadline. All returning students must have a minimum of a 2.0 GPA on work taken since leaving Angelo State University.

2. Involuntary Withdrawals
   a. Angelo State University seeks to balance the rights of individual students with the rights of the community. In order to maintain the safety of both, some behaviors require consultation among a network of campus professionals to determine the appropriate course of action to address the behavior.
   b. When a student poses a direct threat to the health or safety of others, and the direct threat cannot be eliminated or reduced to an acceptable level through the provision of reasonable accommodations where required, a student may be involuntarily withdrawn from the University.
   c. Notice regarding students who may be direct threats (both self-reports and third-party reports) should be made to the Executive Director of Student Affairs or designee.
   d. A “direct threat” means:
      - There is a high probability (not just a slightly increased, speculative, or remote risk)
      - Of substantial harm; and
      - Based on observation of a student’s conduct, actions, and statements.
   e. The Executive Director of Student Affairs or designee will review the information presented in the notice, including what attempts, if any, have been made to reduce or eliminate the direct threat, such as the student’s voluntary compliance with medical or counseling assistance.
   f. The Executive Director or designee will notify the student of the concern.
   g. The Executive Director of Student Affairs or designee will request a meeting with the student to inform the student that an initial individualized, objective assessment will be scheduled within five (5) University business days in order to determine whether the student poses a direct threat to him/herself or others. The meeting may include, but is not limited to discussion of:
      - Involvement of parents or significant others;
      - Academic progress;
      - Living arrangements;
      - Previously granted accommodations;
      - Confidentiality waivers;
      - Other possible accommodations, care and support resources including medical or counseling assistance; and
      - Withdrawal implications such as financial aid, health insurance, visas, and academic timelines.
   h. If the student does not respond to the request for a meeting or does not attend the meeting, written notice of the pending assessment will be sent via Certified Mail to the student’s last known official, local address as provided by the student to the Registrar’s Office and/or electronically to the student’s University e-mail account.
Students not responding to requests for meetings or assessments may be referred to the Office of Executive Director of Student Affairs or designee for allegations of failure to comply with reasonable directive and/or requests of a University official acting in the performance of his or her duties.

i. Temporary Suspensions
During the involuntary withdrawal process, if the Executive Director of Student Affairs, Vice President for Student Affairs and Enrollment Management or designee determines that an immediate direct threat exists or an overt disruption of the campus community has occurred, the student may be temporarily suspended pending a final decision on the involuntary withdrawal as long as the student has received notice of the concern, had an opportunity to address the concern, and the student was afforded a Hearing and right to appeal the final decision. During a temporary suspension, the student may not attend classes, use University services and/or resources (except those expressly permitted by the Executive Director of Student Affairs or designee), and may not be on campus until the proceedings have been resolved. If the student needs to return to campus, the visit must be coordinated through the Executive Director of Student Affairs or designee and the University Police Department.

j. Involuntary Withdrawal Assessment
An individualized, objective assessment will be completed to determine whether a direct threat exists, and if so, whether the student should be permitted to remain enrolled at the University. The assessment will be based on reasonable medical judgment, using current medical knowledge, or the best available objective information, to assess the student’s ability to safely participate in the University’s programs. The assessment will be in the form of a written report containing the findings and recommendations of the medical and other professionals performing the assessment.

Within five (5) University business days from the initial meeting with the student or five (5) University business days from the date of notice regarding the meeting, the student will be scheduled for an assessment with a medical doctor, a licensed counseling or clinical psychologist, and other professionals as appropriate. If applicable, this assessment would include a licensed professional counselor from University Counseling Services. The student may provide information from other medical professionals as part of the assessment.

If a student elects not to participate in this assessment, the process will continue with the information that is otherwise available to consider. The assessment will determine:

- The nature, duration, and severity of the risk;
- The probability that the potentially threatening injury will actually occur;
- Whether reasonable modifications of policies, practices, or procedures will sufficiently mitigate the risk.

k. Involuntary Withdrawal Committee
The assessment report will be forwarded to the Involuntary Withdrawal Committee for review. The Involuntary Withdrawal Committee is comprised of the following voting members: the student’s Academic Dean, Director of the Student Counseling Services, the appropriate representative from the Student Health Clinic, Director of Student Development, Assistant Director of Student Conduct, Senior Executive Assistant to the President and General Counsel, and the Executive Director of Student Affairs. If the student resides in campus housing, the Director of Housing and Residential Programs will also serve as a voting member of the committee. If the student is receiving disability accommodations the Director of Disability Services will also serve as voting member of the committee. The Executive Director of Student Affairs will chair the committee. A non-voting resource person may be assigned by the Executive Director of Student Affairs to present information and assist the committee. The Involuntary Withdrawal Committee will meet with the student in an informal, non-adversarial Hearing to review the information collected throughout the process, and discuss the assessment with the student. The student will be permitted an opportunity to attend the Hearing, address the evidence being considered by the Involuntary Withdrawal Committee, and present information on his or her behalf. The student may be accompanied by one or more advisors. The Hearing will be scheduled by the Executive Director of Student Affairs or designee within five (5) University business days of the completion of the individualized assessment. The student will be provided the information to be considered at the Hearing by the Executive Director of Student Affairs or designee in advance of the Hearing. The student may elect to attend the Involuntary Withdrawal Committee Hearing and present information on his or her behalf. The student may be accompanied by one or more advisors. A non-voting resource person will present information and act as a recorder for the committee. When deliberating a decision, the Involuntary Withdrawal Committee will meet in closed session with only voting members and the resource person present. Following the Hearing, the Executive Director of Student Affairs or designee will determine one of the following:

- The student may remain enrolled at the University with no restrictions.
- The student may remain enrolled at the University subject to specific conditions and/or restrictions as defined by the Involuntary Withdrawal Committee.
- The student should be involuntarily withdrawn from the University upon a specific date.

The Executive Director of Student Affairs or designee will notify the student in writing of the decision within five (5) University business days. The student may appeal the decision of the Executive Director of Student Affairs by submitting a written appeal to the Vice President for Student Affairs and Enrollment Management within five (5) University business days. The student will be notified in writing of the final decision within five (5) University business days of receipt of the appeal.
n. Final Decision

Upon completion of the appeal process or with no receipt of an appeal, the student who is involuntarily withdrawn may not attend class or use University facilities, must vacate University housing within 24 hours and may not return to campus unless approved by the Executive Director of Student Affairs. Referrals will be made for the student upon request to appropriate community resources, i.e. medical care and housing. The student may be entitled to refunds or prorated tuition, fees, and room and board charges as a result of involuntary withdrawal. A registration hold will be placed on the student’s record at the direction of the Executive Director of Student Affairs or designee, limiting any subsequent registration until approval is given by the Executive Director of Student Affairs.

o. Eligibility for Readmission

Students are eligible for consideration of readmission following an involuntary withdrawal after one calendar year from the withdrawal date. At that time, the student should present documentation to the Executive Director of Student Affairs or designee for review. Documentation may include, but is not limited to, current psychological evaluation, demonstration of ongoing medical care, and a plan for care upon re-enrollment. Readmission requests and documentation must be presented at least 30 University business days prior to the beginning of the semester that the student wishes to attend. Readmission will be contingent upon demonstration or documentation that the student is no longer a direct threat, and upon meeting admission deadlines and requirements.

Introduction

When conducting an investigation, the Office of Student Affairs will inquire, review, and gather information about the reported student misconduct and will evaluate the accuracy, credibility, and sufficiency of information. It is our intention to resolve this matter and address this complaint as quickly as possible for all individuals concerned. Angelo State University takes all allegations and complaints very seriously.

Statement of Student Rights and Responsibilities

In any student conduct proceeding, the student or student representing a student organization has the right to:

1. A prompt, fair, and equitable process;

2. Be accompanied by an advisor at any meeting or Hearing. An advisor can be any one of the following: a member of the Angelo State University Community (faculty, staff, or student not otherwise involved in the case), a Victim’s Advocate, a parent or legal guardian, a relative, or in situations involving criminal legal proceedings, an attorney. An advisor’s role is that of support – he or she may not speak on behalf of the student and does not have an active, participatory role in the conduct process. If an advisor for the accused student is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend the Hearing on behalf of the University. The Complainant and/or the student accused of alleged misconduct is responsible for presenting his or her own information, and therefore, advisors are not permitted to speak or participate directly in any Hearing unless authorized by a Student Conduct Office. Students should select an advisor whose schedule allows attendance at the scheduled date and time for the hearing, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of a Student Conduct Office/Investigator upon written request five (5) University business days in advance of the scheduled Hearing date;

3. Refrain from making any statement relevant to the investigation. Students are expected to cooperate in the University conduct process, but may elect not to participate in the
investigation process, either in part or entirely. However, a student’s refusal to participate in the investigation, in whole or in part, lasts for the duration of the conduct process. In other words, if a student chooses not to provide information during the investigation, they will not be allowed to present new information during the hearing; similarly, if a student provides only limited information during the investigation (i.e., answering some of the Investigator’s questions but not others), then during the hearing, the student will only be permitted to speak to the information he or she provided, with no additional commentary. The rationale for this policy is to prevent either party from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

NOTE: See Pre-Hearing Process for details on inclusion of new, previously unavailable information after conclusion of the investigative process.

4. The opportunity to provide information and evidence in support of his/her case;

5. Know if they have been issued any allegations of misconduct;

6. Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred;

7. Know the Angelo State University conduct policies and procedures, and where to find them;

8. Know that any information provided by the student may be used in a conduct proceeding;

9. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action;

It is the student’s responsibility to:

1. Be responsive to all correspondence from the University;

2. Provide information relevant to the incident or situation;

3. Be honest and provide true and accurate information during the investigation;
4. Review the *Code of Student Conduct* in order to fully understand all aspects of the student conduct process.

**FERPA**

Angelo State University will respond to all requests for explanations and interpretations of records or information if the response does not violate the Family Educational Rights and Privacy Act of 1974 (as amended). The Executive Director of Student Affairs or designee reserves the right to contact parents or guardians of students who are under twenty one (21) years of age and found responsible for an alcohol or drug violation.

**Records Retention**

Disciplinary records are maintained in room 112 of the Houston Harte University Center Office of Affairs and both electronic and paper records are destroyed after seven (7) years from the last date a student is seen in the office.

**Important Reminders**

- Discussing this investigation may result in policy violations and in some situations, lawsuits for defamation.
- Any and all forms of retaliation will be dealt with seriously.

**Retaliation**

Retaliation is strictly prohibited against a person who files a complaint of discrimination or harassment in good faith, opposes a charge, testifies, assists, or participates in an investigative proceeding or hearing. Retaliatory harassment is an intentional action taken by an accused individual or allied third party, absent legitimate non-discriminatory purposes, that harms an individual as reprisal for filing or participating in a grievance process.
