1. **ASU: Approve concept and Stage I budget for new Angelo State University Art Museum building.**

   **Presenter:** Mr. Billy Breedlove  
   **Presentation Time:** 5 minutes  
   **Board approval required by:** Section 08.01.3, Regents’ Rules

   **RECOMMENDATION**

   The chancellor concurs with the recommendation of the president that the Board of Regents approve the concept for the project and authorize the chancellor or the chancellor’s designee to (i) acknowledge use of the Stage I budget of $425,000 to provide planning and design services for the new Angelo State University Art Museum building with an anticipated budget of $14,200,000; and (ii) award the Design Professional contract. The Stage I budget was previously board authorized from Gift funds ($425,000 cash).

   The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

   **BACKGROUND INFORMATION**

   The Stage I budget will allow the Design Professional to move forward on the project’s vision through the programming and schematic design phases, and provide a Statement of Probable Cost and project schedule.

   In March 2018, the board of regents approved a Preliminary Stage I Feasibility Study with a budget of $425,000.

   The proposed project will program and design an approximate 30,775 GSF new Art Museum building to support the Bachelor of Arts program in Studio Art. The building will include classrooms, class labs, student gallery space, along with faculty and staff offices and support spaces. Specialized laboratories will be constructed for graphic design, sculpture and ceramics programs. In addition, this space will be used in support of the annual Angelo State University Ceramics Symposium. The gallery will house the West Texas Collections which is currently located in the Houston Hart University Center. The scope of the project will also include analysis of the site utility infrastructure work required, surface parking, landscape enhancements, and public art.

   For reference, this project is listed on the Texas Higher Education Coordinating Board’s (“THECB”) Capital Expenditure Plan (“MP1”) Summary Report (Fiscal Years 2019-2023) proposed as a new 30,775 GSF facility, estimated at $25,000,000.

   The vice president for finance and administration has verified the source of funds.
1-A. **ASU: Approve naming at the Centennial Village Residence Hall complex.**

Presenter: Mr. Patrick Kramer        Presentation Time: 5 minutes
Board approval required by: Section 08.05.1, *Regents’ Rules*

**RECOMMENDATION**

The chancellor also concurs with the recommendation of the president that the Board of Regents approve naming the Commons building at the Centennial Village Residence Hall complex the “Seibel Commons.” The donor concurs with the naming of this facility. Appropriate exterior signage will specify the approved name.

**BACKGROUND INFORMATION**

The Abe and Annie Seibel Foundation (the “Foundation”) pledged $5.5 million to the Texas Tech Foundation, Inc., for the benefit of Angelo State University, to support costs associated with the construction of the Centennial Village complex at ASU. The gift will be fulfilled through annual amounts over a five-year period, completed no later than December 31, 2023. In recognition of this generous gift, Angelo State University desires to name the Commons building at the Centennial Village Residence Hall complex the “Seibel Commons.” The Commons provides gathering space for all residents of the Centennial Village complex. Appropriate exterior signage will specify the approved name; however, a final location has not yet been determined.

The Abe and Annie Seibel Foundation provides interest-free loans to qualified Texas residents attending Texas colleges or universities and designates a portion of its available funds each year to support the construction of residence halls and students centers at Texas colleges and universities. The Foundation’s generous gift provides significant support to ASU’s expanding campus and growing student population.

The gift meets the minimum fifty percent (50%) threshold requirement for naming a subunit within a facility, as verified by the vice chancellor of facilities planning and construction.

*Regents’ Rules* 08.05.01.f requires board approval of the naming of all buildings, subunits, and other facilities within the TTU System.
2. **TTU: Approve Stage II budget for renovation of Weeks Hall.**

   Presenter: Mr. Billy Breedlove  
   Presentation Time: 5 minutes  
   Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) establish a Stage II budget of $3,602,176 to provide design and construction services for the renovation of Weeks Hall with an anticipated budget of $24,800,000; (ii) amend the Design Professional contract; and (iii) amend the Construction Manager at Risk contract. The Stage II budget will be funded with Higher Education Assistance Funds (“HEAF”) cash. The Stage II budget includes the previously board authorized budget from HEAF funds ($975,000 cash).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

The Stage II budget will allow the Design Professional to move forward with the Design Development, Construction Documents, and Construction Administration Phases, and to provide a refined Statement of Probable Cost and project schedule. Also, the Construction Manager at Risk can move forward with the award of the asbestos abatement and demolition phase of the contract.

In December 2017, the Board of Regents approved concept and Stage I design budget for renovation of Weeks Hall with a budget of $975,000. Then in May 2018 the board authorized the award of the Construction Manager at Risk contract for pre-construction services only; those services were included in the December 2017 request.

The existing multi-story Weeks Hall building was originally constructed in 1958, is approximately 67,234 GSF and is listed on the Texas Historical Register. It had been in use until 1991 when it was closed.

The proposed project would provide abatement and complete renovation of Weeks Hall which was originally a women’s dormitory. The facility would be programmed as office space for faculty, administration and staff. Due to the age and years of vacancy the facility requires full scale interior demolition and installation of new interior finishes, HVAC, lighting/electrical and plumbing; installation of a fire suppression system as well as life safety upgrades and ADA modifications. The building would be tied into the campus steam and chilled...
water with new service via direct bury as part of the project. The project would be designed to comply with all applicable federal, state, and local laws, regulations, and codes; thereby bringing the existing building into full compliance with current life safety codes and ready for occupancy once again. The project would also include landscape enhancements and public art.

For reference, this project is listed on the Texas Higher Education Coordinating Board’s ("THECB") Capital Expenditure Plan ("MP1") Summary Report (Fiscal Years 2019-2023) proposed as renovation of an existing 67,233 GSF facility, estimated at $24,800,000.

The vice president for administration and finance and chief financial officer has verified the source of funds.
3. **TTU: Approve Stage II budget for a new Athletic Dining Facility.**

   Presenter: Mr. Billy Breedlove  
   Presentation Time: 5 minutes  
   Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) establish a Stage II budget of $598,358 to provide design services for a new Athletic Dining Facility with an anticipated budget of $5,500,000; (ii) waive the board directed public art fee; and (iii) amend the Design Professional contract. The Stage II budget will be funded with Gifts (cash). The Stage II budget includes the previously board authorized budget from Athletics Revenue ($224,970 cash).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

The Stage II budget will allow the Design Professional to move forward with the Design Development, Construction Documents, and Construction Administration Phases, and to provide a refined Statement of Probable Cost and project schedule.

In October 2017, the Board of Regents approved concept and Stage I design budget of $220,000 for a new Athletic Dining Facility with a budget of $5,500,000. Then in March 2018 the board authorized the award of the Construction Manager at Risk contract for pre-construction services only. The Stage I budget was increased by $4,970 for a total of $224,970.

The project will design an approximate 9,000 GSF Athletic Dining Facility to serve approximately 200 athletes. The facility will include multiple dining environments; educational kitchen; a full service kitchen with storage area, scullery, and walk-in cooler and freezer; men’s and women’s restrooms; operations office area; and a service dock. The scope of this project also includes site utility infrastructure work, and landscape enhancements.

For reference, this project is listed on the Texas Higher Education Coordinating Board’s (“THECB”) Capital Expenditure Plan (“MP1”) Summary Report (Fiscal Years 2019-2023) proposed as a new 11,000 GSF facility, estimated at $5,500,000.
The vice president for administration and finance and chief financial officer has verified the source of funds.
4. **TTU: Approve concept and Stage I budget for Dairy Barn Renovation project.**

Presenter: Mr. Billy Breedlove  
Presentation Time: 5 minutes  
Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the concept for the project and authorize the chancellor or the chancellor’s designee to (i) establish a Stage I budget of $123,650 to provide planning and design services for the Dairy Barn Renovation project with an anticipated budget of $2,600,000; (ii) waive the board directed fees for public art and landscape enhancements; and (iii) award the Design Professional contract. The Stage I budget will be funded with Gifts (cash). The Stage I budget includes the previously authorized budget from Gifts ($20,000 cash).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

The Stage I budget will allow the Design Professional to move forward on the project’s vision through the programming and schematic design phases, and provide a Statement of Probable Cost and project schedule.

The proposed project will program and design the renovation of the 8,000 GSF historic structure. The Texas Tech University (“TTU”) Dairy Barn was designed in 1925 and completed in 1927. In 1966 the Dairy Manufacturing Department abandoned the barn complex and subsequently two wings of the original building were demolished in order to make way for the construction of the Foreign Language building. Over the years the building has had minor renovations and fund-raising efforts to preserve the building. Efforts to raise funds and develop adaptive-use proposals for the remaining barn and silo has been a constant initiative since 1992.

Today, the project initiative is to renovate and convert the entire structure to support TTU’s collaborative learning environment with the creation of studio spaces, display area, and event space. Due to the original function and date of this facility, the infrastructure to accomplish this initiative must be provided. Therefore, construction of a complete interior package is required along with all the mechanical, electrical, lighting, plumbing, fire suppression, security, stairs, and elevator to support such renovation. Asbestos materials have been documented and abated. The existing silo is not a part of the renovation project.
During the summer of 2012, the roof of both the barn and the silo were replaced along with some roof decking and roof structure itself. The exterior of the building will require replacement of the existing deteriorated windows with energy efficient units; new exterior doors; stucco repair as required; and painting of soffits and trim - all these items shall reflect the Dairy Barn's historical period. The building will be utilized as a business and assembly occupancy and will be renovated according to the International Building Code. Due to the change in function and occupancy loads, the facility will require additional structural improvements. Ingress and egress of this facility will be coordinated with the newly design and constructed Library Mall.

For reference, this project is listed on the Texas Higher Education Coordinating Board’s (“THECB”) Capital Expenditure Plan (“MP1”) Summary Report (Fiscal Years 2019-2023) proposed as a new 8,000 GSF facility, estimated at $2,600,000.

The vice president for administration and finance and chief financial officer has verified the source of funds.
5. **TTU: Approve concept and Stage I budget for a proposed new School of Veterinary Medicine.**

Presenter: Mr. Billy Breedlove  
Presentation Time: 5 minutes  
Board approval required by: Section 08.01.3, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the concept for the project and authorize the chancellor or the chancellor’s designee to (i) establish a Stage I budget of $1,372,103 to provide planning and design services for a proposed new School of Veterinary Medicine with an anticipated project budget of $89,820,000; and (ii) amend the Design Professional contract. The Stage I budget will be funded with appropriated funds. The Stage I budget includes the previously authorized budget from appropriated funds ($242,300).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

The Stage I budget will allow the Design Professional to move forward on the project’s vision through the programming and schematic design phases, and provide a Statement of Probable Cost and project schedule.

In December 2017, the Board of Regents approved a Preliminary Stage I Facilities Feasibility Study budget of $242,300 for a proposed new School of Veterinary Medicine with an anticipated project budget of $89,820,000.

Texas Tech University (“TTU”) in collaboration with Texas Tech University Health Sciences Center (“TTUHSC”) anticipates establishment of a new School of Veterinary Medicine on the TTUHSC Amarillo Campus that will allow teaching of veterinary medicine, as well as clinical research. A fully operational four-year Veterinary School is expected to serve approximately 240 students, with an additional 150 to 200 non-DVM graduate students and an estimated FTE academic staff of 90 persons.

There are two facilities in separate locations contemplated to facilitate the various components of the program. Each facility would be designed to accommodate the opportunity for growth. The feasibility/programming study has estimated these two facilities to total approximately 261,720 gross square feet.

The anticipated project would create a top-tier facility for students, teachers and clinicians and – just as importantly – ensure the project benefits the regional food
industry and veterinary community by providing lifelong learning facilities, research and commercial opportunities to work with the University.

For reference, this project is listed on the Texas Higher Education Coordinating Board’s (“THECB”) Capital Expenditure Plan (“MP1”) Summary Report (Fiscal Years 2019-2023) proposed as a new 210,000 GSF facility, estimated at $89,820,000.

The vice president for administration and finance and chief financial officer has verified the source of funds.
6. **TTU: Approve acceptance of gift-in-kind benefitting the Oilfield Technology Center.**

Presenter: Marshall Watson, Ph.D. & Mr. Patrick Kramer  
Presentation Time: 5 minutes

Board approval required by: Section 02.03.2.d of Texas Tech University Operating Policies

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) accept a drilling rig and associated equipment benefitting the Edward E. Whitacre Jr. College of Engineering’s Oilfield Technology Center located on the East Research Campus. The final valuation has not yet been provided by the donors as they do not intend to take a charitable deduction for the gift; however, the gift is considered valued in excess of $250,000.; and (ii) proceed with a project to install the oil rig with a total project budget of $18,700. The installation cost will be funded with Gift funds (cash).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

**BACKGROUND INFORMATION**

The Bob L. Herd Department of Petroleum Engineering’s Oilfield Technology Center requests approval for the acceptance and installation of an oil rig on the Texas Tech University East Campus. The facility is designed to serve as a research and teaching facility to give both undergraduate and graduate petroleum engineering students a hands-on experience in the design and operation of typical oilfield equipment.

With the help of the International Association of Drilling Contractors (“IADC”), the following donors have combined their efforts to generously donate a fully refurbished and functional drilling rig and associated well drilling equipment the Whitacre College of Engineering’s East Oilfield Technology Center (the “OTC”): National Oilwell Varco (“NOV”), Patterson-UTI Energy, Inc, also known as Patterson Drilling. The unit is described as an Ideco H-44 mast with a 675 BBL mud system and an Ideco F1000 pump on a Cat 298. The entire system is rated for drilling up to 7,500’.

As part of the development of the OTC, a section of the property was set aside for a drilling rig and associated drilling tools. The rig and related equipment would be used by the Petroleum Engineering Department (the “Department”) for primarily undergraduate instruction, with some application for graduate research. The Department is also working with South Plains College to potentially use the
drilling rig and OTC for a workforce development program, which will help offset ongoing costs to maintain the drilling rig and strengthen Texas Tech’s ties to West Texas and Permian Basin region employers.

To be an effective tool for educational and workforce training, the rig must be operational; therefore, a local drilling contractor has indicated they would provide trained crews to operate the rig as needed, subject to execution of the appropriate and necessary agreements. The rig will utilize a shallow, ~1,000’ deep well to demonstrate running drill strings and other down-hole tools—it will not be used to drill new wells. A diesel generator set gifted as part of the donation will alleviate the need for external electrical utilities, and a shallow water well could supply the non-potable water necessary as the rig will not need large quantities of water.

Acceptance and utilization of this gift will make the OTC and Texas Tech University truly unique amongst American university petroleum engineering programs and will strengthen Texas Tech University’s ties to the petroleum industry.

The drilling rig and associated well drilling equipment are collectively valued in excess of $250,000.

Texas Tech University Operating Policy 02.03.2.d requires Board of Regent approval for acceptance of personal property valued in excess of $250,000.

The vice president for administration and finance and chief financial officer has verified the source of funds for installation.
7. **TTUHSC: Approve naming of the Pediatric Waiting Room at TTUHSC Amarillo campus.**

   Presenter: Dr. Tedd L. Mitchell  
   Presentation Time: 5 minutes  
   Board approval required by: Section 08.05.01.f, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve the naming of the Pediatric Waiting Room, located on the Texas Tech University Health Sciences Center (“TTUHSC”) Amarillo campus, as the “Beth Hance Hodges Pediatric Waiting Room.” The donor concurs with the naming of this interior space. Appropriate signage for the suite will specify the approved name.

The naming meets the requirement of donation of at least 50 percent of the project’s total cost as stated in *Regents’ Rules*, Section 08.05.

**BACKGROUND INFORMATION**

Chancellor Emeritus Kent Hance made a generous gift of $100,000.00 to the Texas Tech Foundation, Inc. (the “Foundation”), benefiting scholarships at Texas Tech University Health Sciences Center Amarillo. The gift exceeds the fifty percent (50%) threshold requirement for naming consideration of new facilities, as verified by the vice chancellor of facilities planning and construction.

In honor and recognition of the gift, TTUHSC desires to name the Pediatric Waiting Room located on the TTUHSC Amarillo campus, the “Beth Hance Hodges Pediatric Waiting Room.”

Kent Hance was the third and longest serving chancellor of the Texas Tech University System, serving from 2006 until his retirement in July 2014. Hance continues to be an avid and generous supporter of the Texas Tech University System and its component institutions.

*Regents’ Rule* 08.05.01.f requires board approval of the naming of all buildings and other facilities within the Texas Tech University System.
8. TTUHSC El Paso: Approve Stage II budget for the new School of Dentistry – Dental Learning Center.

Presenter: Mr. Billy Breedlove
Presentation Time: 5 minutes
Board approval required by: Section 08.05.01, Regents’ Rules

RECOMMENDATION

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the chancellor or the chancellor’s designee to (i) establish a Stage II budget of $924,383 to provide design services for the new School of Dentistry – Dental Learning Center with an anticipated budget of $11,500,000; and (ii) amend the Design Professional contract. The Stage II budget will be funded with Institutional funds and General Revenue funds (cash). The Stage II budget includes the previously board authorized budget from General Revenue funds ($300,000 cash).

The chancellor further recommends that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

BACKGROUND INFORMATION

The Stage II budget will allow the Design Professional to continue with the complete design to provide a refined Statement of Probable Cost and project schedule.

In December 2017, the Board of Regents approved a preliminary Stage I facilities Feasibility Study budget of $300,000 for a new School of Dentistry with a budget of $23,300,000. The budget provided for the contracting of both the design professional and construction manager at risk (“CMR”) to provide programming/schematic design services and CMR pre-construction services.

The Design Professional for the new School of Dentistry for the Texas Tech University Health Sciences Center at El Paso (“TTUHSC EP”) has evaluated the shell space within the Medical Sciences Building II (currently under construction) and various other spaces available within the TTUHSC EP campus (to include options ranging from repurposing existing facilities to construction of new facilities). Consensus is to finish out the third floor of the Medical Sciences Building II for this initiative. The anticipated program is expected to include DDS, dental hygiene, primary care, and various specialty programs.

The proposed project will finish-out 25,845 gross square feet on the third floor to include (1) simulation lab with the associated support spaces: student locker room, radiological simulation room, dispensary, CAD/CAM lab, dental stores/storage room, and a faculty grading/conference room; (2) the dental
administration suite containing waiting room, reception area, staff offices, conference room, copy/print/workroom and filing room; and (3) other ancillary offices.

The vice president and chief financial officer has verified the source of funds.

6. Adjournment

NOTE: Following consideration of the above items by the committee, the Committee Chair will present the Committee Report to the full Board of Regents for its consideration on Friday, August 10, 2018.
1. **TTU, ASU, TTUHSC, TTUHSC El Paso and TTUSA: Approve FY 2019 operating budgets.**

   Presenter: Mr. Gary Barnes  
   Presentation Time: 15 minutes  
   Reports approval required by: Section 07.04.2, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the each respective president that the Board of Regents approve the FY 2019 operating budgets for Texas Tech University System Administration, Texas Tech University, Angelo State University, Texas Tech University Health Sciences Center, and Texas Tech University Health Sciences Center at El Paso.

In addition, it is recommended that the Board appropriate the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the Board.

**BACKGROUND INFORMATION**

The Board is required to approve on or before September 1, 2018, an itemized budget covering operations for the ensuing fiscal year.

The FY 2019 budget has been prepared on the basis of funds appropriated by the 85th Legislature, Regular Session, including estimated local income.

The State Auditor has requested that all fund balances be appropriated by the Board of Regents or be classified as unreserved or unallocated. It is our opinion that it would be best for the Board of Regents to appropriate fund balances for the activities usually supported by the accounts unless otherwise appropriated by the Board of Regents.
2. **TTU: Approve a contract with the City of Lubbock for bus service.**

   Presenter: Ms. Noel Sloan  
   Presentation Time: 5 minutes

   Board approval required by: Section 07.12.3.a and 07.12.3.c, Regents’ Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the president, or his designee, to finalize negotiations and to enter into a contract with the City of Lubbock to provide on and off campus bus service routes, benefiting Texas Tech University students (“Citibus”).

**BACKGROUND INFORMATION**

Texas Tech University (“TTU”) continues to provide a transportation system which draws on parking, busing, biking, and walking modes of transit. Bus service contributes to the overall plan by providing students additional commute options, reducing traffic congestion on campus, reducing infrastructure demands and expediting transit between areas in Lubbock and TTU’s campus.

The proposed Citibus contract continues the long-standing agreement between the city and the university.

**Term and termination.** The contract provides bus services for two years, beginning September 1, 2018 and ending on August 31, 2020. TTU may terminate the contract with 30 days prior written notice.

**Cost.** TTU will pay $55.75 per hour for Citibus services, for an estimated total of $2,002,083.05 for on-campus services and an estimated total of $1,810,681.95 for off-campus services, each year. The total cost of services provided over the two year term is estimated to be $7,625,530.

TTU may request additional services on as as-needed basis for an additional amount.

The TTU Chief Procurement Officer has verified the solicitation and purchasing method, and the contractor selection process complies with state law and TTU system policies. The Chief Procurement Officer also confirms there are not any anticipated issues that may arise in the solicitation, purchasing, or contractor selection process.

Section 07.12.3.a. Regents’ Rules, requires Board of Regents approval of contracts which exceed $1,000,000.
Section 07.12.3.c *Regents’ Rules*, requires each contract for the purchase of goods and services, with a value exceeding $5,000,000, that the Chief Procurement Officer for the applicable component institution or the TTU system must submit to the board:

(1) verification that the solicitation and purchasing method and contractor selection process comply with state law and TTU system policies; and
(2) information on any potential issue that may arise in the solicitation, purchasing, or contractor selection process.
3. **TTUS: Approve amendments to Chapters 05 (Student Affairs) and 08 (Facilities), Regents’ Rules, relating to traffic and parking regulations.**

Presenter: Mr. Gary Barnes  
Presentation Time: 3 minutes  
Board approval required by: Section 01.08, Regents’ Rules

**RECOMMENDATION**

The Regents Rules Review Committee (“Rules Committee”) recommends that the Finance and Administration Committee consider adoption of amendments as attached on the following page to Chapter 05 (Student Affairs) and 08 (Facilities) relating to traffic and parking regulations.

It is proposed that the Board:

- retain approval authority for the setting of parking fee rates, but
- delegate to the Presidents the authority to set policies and regulations governing the operation and parking of vehicles on their respective campuses.

**BACKGROUND INFORMATION**

Section 51.202, *Texas Education Code*, authorizes governing boards to adopt rules and regulations that provide for the operation and parking of vehicles on property under an institution’s control.

Section 109.001(c), *Texas Education Code*, also authorizes the Texas Tech governing board to delegate, by rule, a power or duty of the Board to an officer, employee, or other agent of the Board. This statutory authority for the Board to delegate its powers and duties also is incorporated into Section 01.02.1.b, *Regents’ Rules*.

As proposed, the Board would continue to approve changes in parking fees but would allow the Presidents to adopt rules that regulate other matters pertaining to traffic and parking — such as setting speed limits, controlling the use of parking lots, penalties for violations of traffic and parking regulations, and so forth.

The Rules Committee (composed of Regents Tim Lancaster-chair, Mickey Long, and John Steinmetz) is charged with considering and, when appropriate, submitting to the appropriate Board committee proposed amendments to the *Regents’ Rules* of the Texas Tech University System. Any amendment to the *Regents’ Rules* or a Board Policy Statement must be approved by the full Board in accordance with Section 01.08, *Regents’ Rules*. 

FA-5
ATTACHMENT

RELATING TO TRAFFIC AND PARKING REGULATIONS, AMEND §05.01.2 AND ADD §08.12, AS FOLLOWS:

05.01.2 Board policies and procedures approval. Prior to being effective as a part of each component institution’s operating manuals or student handbooks, policies, procedures, rules, and regulations relating to codes of student conduct, admission requirements, parking [regulations] fees, student fees, rules related to suspension, and retention of students, and any other policy or procedure requiring board approval as required by law must be approved by the board.

Because Chapter 05 only deals with matters relating to students, a delegation of authority on traffic and parking regulations that applies to all persons on campus needs to be in a chapter that has a broader application ... and Chapter 08 governs matters relating to use of campus land.

08.12 Regulations for the operation and parking of vehicles. The Board shall approve the establishment of parking fees and any changes thereto. However, the board delegates to the presidents of the respective institutions the authority to adopt policies and regulations that govern the operation and parking of vehicles on property owned or under the control of the institution, including but not limited to: limiting the rate of speed; designating parking spaces and areas and their use; prohibiting parking as deemed necessary; removing vehicles parked in violation of the institution’s policies and regulations at the expense of the violator; and instituting a system of registration for vehicle identification.
4. **TTUS: Approve amendments to the Investment Policy Statement for the Short/Intermediate Term Investment Fund and related amendments to Chapter 09, Regents’ Rules.**

**Presenter:** Tim Barrett  
**Presentation Time:** 5 minutes  
**Board approval required by:** Sections 01.08 & 09.03, Regents’ Rules

**RECOMMENDATION**

The Regents Rules Review Committee (“Rules Committee”) recommends that the Finance and Administration Committee consider adoption of the amendments, included as a supplemental attachment to the agenda, to the Investment Policy Statement for the Short/Intermediate Term Investment Fund (“SITIF”) and Chapter 09 (Investments and Endowments), Regents’ Rules. The proposed amendments would:

1. allow the System’s Chief Investment Officer and the Investment Advisory Committee (“IAC”) to manage the Intermediate Pool portion of the SITIF, which is currently managed by Cash Pool and Short Term Pool investment management staff in the System CFO’s office; and

2. conform the SITIF section of Chapter 09, Regents’ Rules, to the same format as is used for the Long Term Investment Fund (“LTIF”) provision in Chapter 09.

**BACKGROUND INFORMATION**

Board policy statements provide system-wide policies and procedures in greater detail than may be appropriate for the Regents’ Rules. As such, Board policy statements supplement various provisions of the Regents’ Rules. Board policy statements must be initially adopted by the Board, and any subsequent changes to a Board policy statement must be approved by the Board.

The SITIF Investment Policy Statement consists of detailed policies relating to the administration and management of the SITIF that had been embedded within the Regents’ Rules at one time but were offloaded into a separate Board policy statement.

The Rules Committee (composed of Regents Tim Lancaster-chair, Mickey Long, and John Steinmetz) is charged with considering and, when appropriate, submitting to the appropriate Board committee proposed amendments to the Regents' Rules and Board policy statements of the Texas Tech University System. Any amendment to the Regents’ Rules or a Board policy statement must be approved by the full Board in accordance with Section 01.08, Regents’ Rules.
5. **TTUS: Authorize chancellor to execute contract with STM Charters, Inc.**

Presenter: Mrs. Chelle Hillis & Mr. Kirby Hocutt
Presentation Time: 3 minutes
Board approval required by: Section 07.12.3.a, Regents’ Rules

**RECOMMENDATION**

The chancellor recommends that Board of Regents authorize the chancellor to execute a master services contract between Texas Tech University System (“TTUS”) and STM Charters, Inc. (“STM”) to provide on-demand air charter broker services to TTUS entities, and associated departments.

**BACKGROUND INFORMATION**

There is a system-wide need for brokerage of air charter services, with a specific (but not limited to) need by the TTU Athletics Department for team transportation for away competition.

Procurement. TTUS issued a Request for Qualifications (“RFQ”) on April 16, 2018, seeking competitive responses from qualified vendors, and selected STM as a non-exclusive provider of services based on its qualifications and best value to TTUS.

Term and termination. The contract will be effective upon the date of a fully executed agreement (expected, August 2018) and will expire after one (1) full year from that date. The contract may be renewed for up to three (3) optional one-year terms if both parties agree in writing at least sixty (60) days in advance. The contract allows for TTUS to terminate the agreement without cause if TTUS provides at least 30 days written notice to STM during any contract year. If TTUS terminates without cause, TTUS would only be responsible for fees due to STM for services rendered prior to termination.

It is expected that the accumulated total spend for team air charter services each fiscal year for the TTU Athletic Department (multiple sports) will exceed $1,000,000.

Section 07.12.3.a. Regents’ Rules, requires Board approval on contracts that involve stated or implied consideration of more than $1,000,000 over the life of the contract.

1. **ASU: Approve appointment with tenure.**

Presenter: Dr. Donald Topliff  
Presentation Time: 2 minutes  
Board approval required by: Section 04.02, Regents’ Rules; ASU Operating Policy 06.23

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve granting tenure effective August 23, 2018 to the faculty member as listed below in accordance with his recent appointment to Angelo State University.

Kyle A. Beran, Ph.D., new professor and chair, Department of Chemistry and Biochemistry, College of Science and Engineering, effective August 23, 2018. Dr. Beran was formerly a tenured professor of chemistry at the University of Texas Permian Basin in Odessa, Texas.

**BACKGROUND INFORMATION**

The faculty member named above has been judged by the appropriate committees and administrative personnel as worthy of academic tenure at Angelo State University. The procedure established by OP 06.23: Tenure and Promotion Standards and Procedures has been carefully followed.

Approval of this individual will bring the number of full-time tenured faculty at Angelo State University to 149. There are a total of 217 faculty, either tenured or tenure-track. After this appointment, the percentage of tenure-track faculty who have been awarded tenure will be 69 percent. The number of full-time non-tenure track faculty is 98.
2.  **ASU: Approve emeritus appointment.**

   Presenter: Dr. Donald Topliff  
   Presentation Time: 1 minute
   Board approval required by: Section 04.01.2, *Regents’ Rules; ASU Operating Policy 02.03*

   **RECOMMENDATION**

   The chancellor concurs with the recommendation of the president that the Board of Regents approve to confer the title of distinguished professor emeritus to Dr. William M. Doll, Ph.D., for his long and faithful service to Angelo State University.

   **BACKGROUND INFORMATION**

   Dr. William M. Doll received his Ph.D. in Fine Arts and Theatre from Texas Tech University. In addition to his teaching, Dr. Doll has demonstrated outstanding contributions to the University through his exceptionally high quality service, most notably as his role as Director of the University Theatre. Dr. Doll has been a bastion of the local and regional theater community.

   Dr. Doll is retiring on August 31, 2018, after 19 years of distinguished service as a teacher, scholar and Director of the University Theatre.
3. **ASU: Approve modification of OP 06.19, Regulations for Performance Evaluation of Tenured Faculty.**

   **Presenter:** Dr. Don Topliff
   **Presentation Time:** 3 minutes
   **Board approval required by:** Section 04.03, *Regents Rules*

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approve modification of OP 06.19 concerning performance evaluation of tenured faculty, effective immediately.

[NOTE: OP 06.19, Regulations for Performance Evaluation of Tenured Faculty, with proposed revisions is included as a supplemental attachment to the agenda book.]

*Regents’ Rules*, Section 04.03, requires Board approval of this policy modification.

**EXECUTIVE SUMMARY**

- Non-substantive changes in Section 2.a. deleted scholarly activity/creative endeavor and was replaced by research and creative works.
- Expand Section 2.b. to include additional documents that outline faculty progress towards departmental-level performance criteria as a part of the annual performance evaluation materials.
- Section 4 was modified to allow a faculty member to undergo developmental planning as specified in OP 06.28 Annual Performance Evaluation for Tenured and Tenure Eligible Faculty or appropriate actions as specified in OP 06.29 Faculty Non-Reappointment and Tenure Revocation.

**BACKGROUND INFORMATION**

The current Regulations for Performance Evaluation of Tenured Faculty have been under review by the Faculty Senate as well as the deans and department chairs. These changes mirror the language used in OP 06.23, OP 06.28 and OP 06.29 and are considered non-substantive.

4. **TTU: Approve appointments with tenure.**
RECOMMENDATION

The chancellor concurs with the recommendation of the president that the Board of Regents approve the granting of tenure for the faculty, as listed below, concurrently with their respective appointments effective the 2018 fall semester:

Alexander Wiseman, Ph.D., professor, Department of Educational Psychology and Leadership, College of Education. Dr. Wiseman most recently was a tenured professor at Lehigh University where he was also director of the Comparative and International Education program;

Arthur Durband, Ph.D., associate professor, Department of Sociology, Anthropology, and Social Work, College of Arts and Sciences. Dr. Durban most recently was a tenured associate professor of anthropology at Kansas State University. Prior to Kansas State, Dr. Durban was at Texas Tech as an assistant professor and then a tenured associate professor of anthropology; and

Joseph Romano, Ph.D., professor, Department of Physics and Astronomy, College of Arts and Sciences. Dr. Romano comes to Texas Tech from the University of Texas Rio Grande Valley where he held tenure as a professor of physics.

BACKGROUND INFORMATION

The faculty members whose names appear above have been judged by the respective department faculty, appropriate committees and administrative personnel as worthy of academic promotion and tenure. University procedures (OP 32.01) for recommending promotion and tenure of qualified members of the faculty have been carefully followed.

Approval of these individuals will bring the number of full-time tenured faculty at Texas Tech University to 779. There are 1,078 full-time tenured and tenure-track faculty. After these appointments, the percentage of tenure-track faculty who have been awarded tenure will be 72.3%, and tenured faculty represent 50.5% of all faculty (including part-time). Together, tenured and tenure-track faculty represent 69.8% of all faculty, and 75.2% of all full-time faculty.

5. **TTU: Approve Bachelor of Applied Arts and Sciences in Early Childhood.**

   Presenter: Dr. Michael Galyean
   Presentation Time: 3 minutes
RECOMMENDATION

The chancellor concurs with the recommendation of the president that the Board of Regents approve the new degree program, Bachelor of Applied Arts and Sciences (“BAAS”) with a major in Early Childhood, to be offered on-campus in the College of Human Sciences as well as online; and authorize submission by the Office of the Provost and Senior Vice President for Academic Affairs to the Texas Higher Education Coordinating Board seeking its certification of such a program, and to the Southern Association of Colleges and Schools Commission on Colleges for acknowledgement of a new degree program.

The Bachelor of Applied Arts and Sciences in Early Childhood will serve students who complete an Applied Arts and Sciences (“AAS”) degree in Child Development or Early Childhood from a community college. This program may form the basis for seeking teaching certification in grades EC-3 or EC-6 subsequent to earning the degree. In addition to general education and other requirements, students will take 21 hours in Early Childhood and 24 hours in Human Development and Family Studies. The degree plan will be the same for on-campus students and online students. Course offerings are regularly available, and courses will be offered frequently enough to all students to complete the program in a timely manner.

The BAAS degree in Early Childhood complements the existing BS in Early Childhood (taught on campus since 1991) and serves the community college (workforce education) transfer population as opposed to the more traditional transfer population.

Early Childhood is a popular major at TTU with 242 students enrolled in fall 2017 and 41 graduates in FY 2017. While it is not expected that enrollment in the BAAS in Early Childhood degree will be as significant, there should be a steady demand, allowing community college AAS transfers to take advantage of the courses offered by this popular major. A smaller enrollment will not be detrimental to existing program functions or a drain on program viability, therefore very little additional funding is necessary to offer this BAAS degree (see Table 1).

No new faculty members are needed in order to offer the requested degree. New BAAS EC students will matriculate under existing administrative and advising staff representing an equivalent workload cost of $7,500 in five years. Additional resource materials and recruitment travel are estimated to cost $10,000 over five years. Total expected cost of delivering the program over five years is $17,500. These costs are far exceeded by projected funding of $699,763 through state formula and local tuition and fees, based on current enrollment estimates (Table 2).

**BACKGROUND INFORMATION**

While there are a few BAAS programs in Texas, there are none that are similar to the program proposed. The University of Texas at San Antonio offers a BAAS in Children, Family and Community but does not include courses on child development. The University of Texas at Tyler offers a BAAS degree with concentrations in wellness and psychology and Sam Houston State University offers a BAAS but does not specify a given major. The BAAS degree in Early Childhood would fill a unique and well-needed niche.

Two general populations would be served by the proposed BAAS degree: those with a technical degree needing further education for career advancement and traditional students who wish to obtain a four-year degree. Many adult learners and other non-traditional student populations may be best accommodated by a four-year degree that incorporates their earned technical or applied credits from accredited institutions. The traditional students often plan to continue their education at a four-year school but are hampered by the lack of transferability of workforce development courses into a four-year university. The student population targeted for this degree completion program differs from the population in the traditional degree programs at Texas Tech University. As Texas Tech does not currently serve these students, all students enrolling the BASS Early Childhood will be new to the university.

Student recruitment at the college level will be through the Department of Human Development website, social media, and new and existing personal and professional relationships among faculty at community colleges. In addition, the office of Academic Partnerships will inform current and potential transfer partners of the option for the BAAS.
Students who graduate with a BAAS in Early Childhood will have strong knowledge of typical and atypical child development, including milestones of development, contexts that influence development (parenting, families, schooling, community) and how to support and guide children’s development—all marketable skills related to early childhood. Students will have good communication skills needed in all professional settings, including oral, written, and graphic communication skills. Students will also have professional skills (resumes, professional behavior) and applied knowledge of promoting child development through their practicum course that will greatly contribute to their marketability.

6. **TTU: Approve the establishment of the Department of Professional Communication in the College of Media and Communication.**

Presenter: Dr. Michael Galyean  
Presentation Time: 3 minutes  
Board approval required by: Section 04.11.1, Regents’ Rules; TTU Operating Policy 36.04 and Title 19, Part 1, Chapter 5, Subchapter C, Texas Administrative Code
RECOMMENDATION

The chancellor concurs with the recommendation of the president that the Board of Regents approve the new academic Department of Professional Communication in the College of Media and Communication and authorize submission by the Office of the Provost and Senior Vice President to the Texas Higher Education Coordinating Board seeking its approval of such a unit, and to the Southern Association of Colleges and Schools Commission on Colleges for acknowledgement of a new academic unit.

Because of rapid growth at the undergraduate level and the emergence of industry demands, the College of Media & Communication (“CoMC”) seeks approval to create a new Department of Professional Communication to serve a new undergraduate degree program and its affiliated faculty. Since CoMC became an independent college in 2004, the college has served its six bachelor’s degree programs with four different departments – Advertising (B.A. in Advertising), Communication Studies (B.A. in Communication Studies), Journalism & Electronic Media & Communication (B.A. in Journalism; B.A. in Electronic Media & Communication), and Public Relations (B.A. in Public Relations; B.A. in Media Strategies). In 2017-2018, Texas Tech University, the Texas Higher Education Coordinating Board and the Southern Association of Colleges and Schools Commission on Colleges approved a new interdisciplinary generalist B.A. degree, Digital Media & Professional Communication (“DMPC”), to be administered by the college outside the existing four departments.

Additionally, the Rawls College of Business has transferred its business communication courses and the faculty who teach them to the CoMC. Therefore, concurrent with initiation of the new degree program, the proposed Department of Professional Communication will also house the business communication faculty and administer the business communication courses with which CoMC will be serving all students in the Rawls College of Business.

The creation of a Department of Professional Communication at Texas Tech University will provide its faculty and students with an “identity” for the new degree program and the business communication courses and associated learning outcomes. Students in the DMPC program will be able to have a clear home for their major and faculty members will have an infrastructure for governance, advising, recruiting, retention and other student success initiatives. Establishing a department is the next logical step in the long tradition of teaching professional communication courses in CoMC. The creation of the new department will not burden the other departments in the College; in fact, by providing an actual departmental structure, the other departments whose students will take courses in the new degree should see immediate utility from program assessment, course planning and scheduling and other administrative functions. Additionally, per internal polling, all 13 faculty members who would be joining this department are in favor of having a Department of Professional Communication. There are no new costs associated with implementing the new
department because it is a reconsolidation and reorganization of existing positions and resources.
7. TTU: Approve exception to Section 03.01.11, Regents’ Rules (nepotism).

Presenter: Dr. Michael Galyean  
Presentation Time: 3 minutes  
Board approval required by: Section 03.01.11, Regents’ Rules; TTU Operating Policy 70.08 3.d.

RECOMMENDATION

The chancellor concurs with the recommendation of the president that the Board of Regents approve an exception to Section 03.01.11, Nepotism, Regents’ Rules, to allow Ms. Marella Canny to hold the position of Research Associate on a grant-funded project in the laboratory of her husband, Dr. Michael Latham, Assistant Professor of Chemistry and Biochemistry in the College of Arts and Sciences. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

The Latham laboratory was recently awarded a renewal of a Welch Foundation grant for $195,000, and a Single Investigator Cancer Prevention and Research in Texas (“CPRIT”) grant for $850,876. There is believed to be a strong likelihood of being awarded a $1,796,347 NIH grant by the end of summer 2018. The CPRIT grant and the pending NIH grant include a salary line for Ms. Canny. Ms. Canny is considered the ideal candidate to fill the Research Associate position in Dr. Latham’s laboratory because she has over sixteen years of experience as a Research Associate working in the field of DNA damage repair about which she has published seven highly-cited research papers in top peer-reviewed journals and was awarded one patent. Her research is directly related to the research programs outlined in the CPRIT and NIH grants, and she is the most qualified person to perform the work of the Research Associate described in these grants. Her prior work was instrumental in securing these grant funds, and having a role in the research group is essential to the future success of these projects. Peer-reviewers for each proposal highlighted the unique combination of skills possessed by Dr. Latham and Ms. Canny as a research team.

To manage this exception, Ms. Canny will be directly supervised by the department chair, Dr. Yehia Mechref. Dr. Latham will have no input or function in any personnel matters involving Ms. Canny. Dr. Mechref will personally conduct Ms. Canny’s annual reviews as well as review and approve any other records, correspondences, and transactions involving her appointment, promotion, compensation, hours, expenses, travel and other conditions of employment. This includes the department chair’s review and confirmation of Ms. Canny’s effort on grants. Dr. Latham will, according to federal granting agency regulations, certify to the appropriate granting agencies the percent effort of work performed by Ms. Canny toward each project, but only after receiving approvals from the department chair. Dr. Latham will direct activities of the research program and supervise the graduate and undergraduate students working in the laboratory. All members of the Latham laboratory will be instructed by the department chair to bring any issues or concerns involving favoritism or the appearance of favoritism.
directly to the department chair. Should any changes occur in Dr. Latham’s and Ms. Canny’s personal relationship that could have an impact on the work environment, they agree to consult with Human Resources, the Office of Equal Opportunity, and the Office of the Provost.

This plan will be re-evaluated at the end of every academic year to assure there is effective management of the conflict of interest and determine whether modifications are necessary.

**BACKGROUND INFORMATION**

Section 03.01.11.f, *Regents’ Rules*, states that in the event an employee’s transition places the employee under an administrative supervisor who is related within a prohibited degree, the employee’s administrator must complete an Application for Waiver of Nepotism and submit it through administrative channels to the president and the chancellor for their approval, so it can be reported to the Board of Regents as an information item. This request for exception has been approved by the dean of the College of Arts and Sciences and the provost and senior vice president, and recommended to the president.
8. **TTU and TTUHSC: Approve the dual degree program, MPH/MPA in Public Health and Public Administration, between TTUHSC Graduate School of Biomedical Sciences and TTU College of Arts and Sciences.**

Presenters: Dr Tedd Mitchell and Dr. Lawrence Schovanec  
Presentation Time: 3 Minutes  
Board approval required by: HSC OP 60.11, TTU OP 36.04, and Regents’ Rules 4.09

**RECOMMENDATION**

The chancellor concurs with the recommendation of the presidents that the Board of Regents approve a dual degree program from existing programs: a Master of Public Health / Master of Public Administration between the Graduate School of Biomedical Sciences (“GSBS”) within Texas Tech University Health Sciences Center (“TTUHSC”) and the College of Arts and Sciences (“CAS”) within Texas Tech University (“TTU”) and approves submission by the TTU Provost and Senior Vice President to the Texas Higher Education Coordinating Board and the Southern Association of Colleges and Schools Commission on Colleges to seek their approval.

The dual program will utilize resources from existing programs at TTUHSC and TTU and will not require additional space, facilities, faculty, or staff. The GSBS MPH program will accept a minimum of 12 and maximum of 19 credit hours of course work from the TTU CAS MPA curriculum as electives, and the CAS MPA program will accept a minimum of 12 and maximum of 19 credit hours of course work from the GSBS MPH program as electives. Because requirements of the degrees would serve as electives in the complimentary degree, no substantive change is being proposed in either of the curricula. Enrollment increases are likely to be relatively small and typical of regular increases in enrollment for each existing degree. (e.g., five students per year across both degrees). The program should be revenue neutral because of the shared coursework model (i.e., TTU MPA students counting 12-19 SCH from HSC toward the MPA, and HSC MPH students counting 12-19 SCH from TTU toward the MPH) and because the program will utilize existing faculty in existing courses, so no additional costs of delivery are anticipated.

**BACKGROUND INFORMATION**

The GSBS MPH program mission is “to improve community health status by training diverse public health professionals to promote health, reduce health disparities, and prevent disease using innovative multidisciplinary teaching, research, and practice approaches”. The CAS MPA program mission is to provide students “the acquisition of academic theory and practical skills to foster an ethical and enduring commitment to the public service values of serving the public interest with accountability and transparency; serving professionally with competence, efficiency, and objectivity; acting ethically to uphold the public trust;
and demonstrating respect, equity, and fairness in dealings with the public and fellow workers.”

The MPH/MPA dual degree is for students seeking an in-depth knowledge of leading, managing and administering public health agencies. It co-emphasizes the administrative leadership qualities acquired in the MPA degree and the health practitioner qualities acquired in the MPH degree. The students graduate in three years with the dual degree instead of four years with the individual degrees, and the students will receive two separate diplomas. With continued collaboration between the TTUHSC MPH and TTU MPA programs, the dual degree promises to attract the most qualified and diverse students seeking careers in public health agencies.

9. **TTUHSC: Approve the expansion of the pharmaceutical sciences doctoral program to Abilene.**

Presenters: Dr. Tedd Mitchell
Presentation Time: 3 minutes
Board approval required by: HSC Operating Policy 60.11 and Chapter 5, subchapter C, THECB Laws and Rules

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents approves the expansion of the Pharmaceutical Sciences doctoral program in the Graduate School of Biomedical Sciences (“GSBS”) to the Abilene campus in the fall of 2019, and authorizes the submission by the executive vice president for Academic Affairs to the Texas Higher Education Coordinating Board (“THECB”) and the Southern Association of Colleges and Schools Commission on Colleges (“SACSCOC”) seeking their approval for such an expansion.

**BACKGROUND INFORMATION**

The Pharmaceutical Sciences doctoral program in Amarillo was approved by the THECB in 1999. It has been a very successful program. The GSBS is seeking to expand this program to Abilene and will offer educational opportunities in cancer-targeted therapy, tumor immunology and cancer immunotherapy research. The Abilene campus currently comprises the Schools of Pharmacy, Nursing, and the GSBS with graduate programs in Public Health and Biotechnology.

Graduates with a pharmaceutical sciences Ph.D. remain in high demand because of their knowledge of and training in both the medical sciences and the specifics of drug development, evaluation, testing, and assessment. Within the scientific teams that form the foundation of the pharmaceutical industry and government, graduates with a pharmaceutical sciences degree “bridge the gap” faced by many biomedical scientists and allow them to effectively collaborate with scientists from many field. Pharmaceutical Sciences retains bright prospects for the future, with estimated job growth form the Bureau of Labor Statistics to 2024 that exceeds that of most other scientific areas. An abundance of openings are available for graduates of our Pharmaceutical Sciences program. The program strongly encourages postdoctoral training for its graduates as that further enhances and strengthens job competitiveness for academic, industry and government positions. Pharmaceutical sales are projected to grow annually by about one-percent to 2020, where worldwide sales will reach one trillion dollars.

Expanding the existing Ph.D. program to Abilene will provide opportunities for the people of West Central Texas to pursue careers in pharmaceutical sciences closer to home, and prevent the exodus of talented local students to other states. To sustain strong pharmaceutical and biotech industries, a focused offering of biotechnology and pharmaceutical curriculum and regulatory programs is necessary to produce the quality workforce needed to support this industry.

**BACKGROUND INFORMATION**

In alignment with its institutional mission, TTUHSC El Paso proposes to establish a new dental school, named the Woody L. Hunt School of Dental Medicine ("WLHSDM"). The dental school will be the first to open in Texas in nearly 50
years, and the first in Texas to be located west of the I-35 corridor, and in addition, the only dental school on the U.S.-Mexico border. The new school at TTUHSC El Paso is expected to have a positive impact on oral health care in the Upper Rio Grande and West Texas regions. El Paso County suffers from a severe lack of dentists, and has been classified as a dental Health Professional Shortage Area (“HPSA”) by the U.S. Department of Health and Human Services (HHS).

In 2018 the Texas Health Institute found that the health provider supply for the West-El Paso Region, which includes El Paso and Hudspeth Counties, is “lower than nearly all other regions of the state,” with the third lowest supply of general dentists and dental hygienists. The report indicates provider to population ratios of 1 general dentist for every 5,506 persons in the West-El Paso Region and 1 general dentist for every 5,482 persons in El Paso County, compared to 1 general dentist for every 2,970 persons in the state of Texas. When compared to the U.S., the disparity of the supply of general dentists in the West-El Paso Region is even more alarming: 1 general dentist for every 5,506 persons compared to 1 general dentist for every 2,075 persons nationwide (American Dental Association, 2018).

In 2011, the 82nd Legislature, Regular Session, passed Senate Bill 1020 (SB 1020), which directed the Texas Higher Education Coordinating Board to conduct a study for the need for, and feasibility of, establishing a dental school as a component of Texas Tech University Health Sciences Center (“TTUHSC”). In July 2016, TTUHSC El Paso received preliminary authority from the THECB to plan for a dentistry degree. In August 2016, the TTU System Board authorized the naming of the school and delegated authority to Chancellor Duncan to announce a $25 million donation from the Woody and Gayle Hunt Family Foundation and the naming of the Woody L. Hunt School of Dental Medicine (WLHSDM). On June 14, 2018 the SACSCOC Board of Trustees approved TTUHSC El Paso as a separately accredited institution. After TTU System Board approval, the new school and degree program will move forward for submission to the THECB and SACSCOC. In addition, the steps to secure accreditation by the Commission on Dental Accreditation can begin.

The Woody L. Hunt School of Dental Medicine will offer a doctoral degree, the Doctor of Dental Medicine (“DMD”). The proposed program expects to enroll 40 first year dental students (“D1”) beginning in the summer of 2021. The projected total enrollment after five years is 240.

Dr. Richard Black has been appointed as dean for the WLHSDM at TTUHSC El Paso. Dr. Black earned his Master of Science and Doctor of Dental Surgery from the University of Texas Dental Branch in Houston, Texas. He has served as president of both the El Paso District Dental Society and the Texas Dental Association. In 2015, Dr. Black was appointed to serve on the American Dental Association Board of Trustees as the trustee from the Fifteenth District, which encompasses Texas.
11. **TTU: Authorize the process to establish the School of Veterinary Medicine and Doctor of Veterinary Medicine degree program.**

Presenter: Dr. Michael L. Galyean  
Presentation Time: 2 minutes  
Board approval required by Section 04.11.1, *Regents’ Rules*

**RECOMMENDATION**

The chancellor concurs with the recommendation of the president that the Board of Regents authorize the process of establishing the Texas Tech University School of Veterinary Medicine and approve the new degree program, Doctor of Veterinary Medicine (CIP 51.2401.00) and authorize submission by the Office of the Provost and Senior Vice President to the Texas Higher Education Coordinating Board (“THECB”) seeking its approval of the new program, and to the Southern Association of Colleges and Schools Commission on Colleges for acknowledgment of a new degree program.

**BACKGROUND INFORMATION**

Texas is facing a worsening shortage of veterinarians who serve the needs of agricultural communities and livestock industries across Texas. This shortage is not being adequately addressed either through the number of graduates from the existing program within Texas or by importation of veterinarians from outside of Texas. Furthermore, this shortage decreases the national and international competitiveness of Texas, is a drag on economic development, and increases the vulnerability of our animal populations and food supply to biological and chemical threats. In response to the worsening shortage, the 85th Texas Legislature appropriated $4,170,268 to Texas Tech University. A key outcome of this investment is a completed assessment presented to the Board reporting the feasibility of implementing an innovative veterinary medicine educational model that: 1) produces veterinarians that serve the needs of rural Texas; and 2) decreases the cost of education. The new doctoral program, Doctor of Veterinary Medicine, has been specifically designed to address these two needs. The School of Veterinary Medicine will serve as the administrative unit to administer the new doctoral program. The School will report to the Provost and Senior Vice President (“PSVP”).

The proposal for a new doctoral program to be submitted to the THECB, and creation of the administrative unit have received necessary approvals from the Graduate Council and Academic Council of Texas Tech University. Five-year costs and funding for the proposed new school and doctoral program are summarized in Table 1. Total costs are estimated to be $82,290,302 comprising $46,700,000 in personnel (including new faculty, the dean’s staff, an animal care veterinarian, new library staff, and other staff), $21,280,000 in facilities and equipment, $2,000,000 in library and technology resources and other materials,
and $12,310,302 in animal care, travel, marketing, recruitment, and related expenses. These costs are projected to be offset by $22,110,302 in new formula funding, $13,680,000 in designated tuition and fees, $43,000,000 from nonformula exceptional funding, and $3,500,000 from service contracts, gifts, and operating endowment, for total five-year funding of $82,290,302. Table 2 shows the anticipated enrollments used to estimate the costs and revenues.

12. **TTUS: Approve strategic priorities for the System and its universities.**

Presenters: Chancellor and Presidents  
Presentation Time: 10 minutes  
Board approval required by: Sec. 01.01.2, 01.02.8.d(1)(e), & 02.01.3.b, Regents’ Rules

**RECOMMENDATION**

The chancellor and presidents recommend that the Board of Regents approve the set of major policy initiatives, included as a supplemental attachment, that are to be pursued by the Texas Tech University System (“TTUS”) institutions and System Administration. These major policy initiatives shall guide the refinement and implementation of the strategic plans of the System members.

**BACKGROUND INFORMATION**

Sections 01.01.2, 01.02.8.d(1)(e) and 02.01.3.b, Regents’ Rules, provide that:

- The Board shall “provide policy direction for and establish goals consistent with the role and mission of each institution under its management and control.”
- The Board’s Academic, Clinical and Student Affairs Committee shall recommend to the Board "strategic planning processes and initiatives for the TTU system."
- The major duties of the Chancellor include “preparing a recommendation to the board for a strategic plan with clear, quantifiable (where applicable) expectations for the TTU system, revised periodically, setting forth recommendations for capital expenditures, and the allocation of other financial resources.”

On March 1, 2018, the Board conducted a strategic planning session at which it considered and discussed the strategic plans of Angelo State University and the Texas Tech University Health Sciences Center at El Paso.

On May 17, 2018, the Board conducted another strategic planning session at which it considered and discussed the strategic plans of Texas Tech University, the Texas Tech University Health Sciences Center, and the TTUS System Administration.

At the conclusion of these strategic planning sessions, it was determined that, at its meeting in August 2018, the Board would:

1. be presented a summary of the discussion points from the two strategic planning session; and
2. consider adoption of a set of major policy initiatives that should be pursued.

The Student Handbook is intended to inform the Angelo State University community of the expectations, regulations, and/or standards by which members abide and procedures which guide campus activities. The Student Handbook is available electronically at [https://www.angelo.edu/](https://www.angelo.edu/).

Proposed revisions contain editorial revisions and changesupdates related to Title IX processes, which have been reviewed and approved by General Counsel. Additionally, all ASU substantive proposed Title IX changes were presented by Texas Tech University and approved by the Board of Regents in May 2018.

**BACKGROUND INFORMATION**

In accordance with Section 05.01.2, Regents’ Rules, revisions to the Student Handbook and Code of Student Conduct must be approved annually by the Board of Regents. On May 19, 2017 the Board of Regents approved revisions to the Student Handbook effective May 22, 2017 (Minute Order XV.B.1.a.). The Student Handbook is reviewed annually by university departments with related content. The Code of Student Conduct as a section of the Student Handbook (Part I) is reviewed annually by the Code of Student Conduct Review Committee including faculty, staff, and student representatives, along with further review by the Director of Title IX Compliance, Executive Director of Student, TTUS General Counsel, and the Vice President for Student Affairs and Enrollment Management.
b. **TTU: Approve faculty development leaves of absence.**

**FACULTY DEVELOPMENT LEAVE**

Faculty development leave with full salary for William Pasewark, professor in the Area of Accounting in the Rawls College of Business, for the period of August 22, 2018 to December 15, 2018. Dr. Pasewark recently returned full-time to the faculty of accounting after serving several years as an associate dean for the Rawls College. The requested leave will serve three objectives for him that were unattainable while in his administrative role: to finish a research project already underway, to develop new research skills in archival research, and to develop a distance course in the accounting curriculum. These are attainable objectives within the specified leave period that will assist Dr. Pasewark in returning to his full productivity as a faculty member.
c. **TTU: Approve affirmation of managerial group and exclude members of the Board of Regents from access to classified information.**

Approval required by: Section 01.02.1.b, Regents’ Rules, and Section 109.001(c), Texas Education Code, National Industrial Security Program Operating Manual

The request is to approve the following resolutions affirming the classified material managerial group and excluding members of the Board of Regents from access to classified information, as provided for in Department of Defense 5220.22-M, National Industrial Security Program Operating Manual, 2-104 and 2-106. This request was approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

RESOLVED, that those persons occupying the following positions at Texas Tech University ("TTU") be known as the Managerial Group, having the authority and responsibility for the negotiation, execution and administration of User Agency contracts, as described in Department of Defense 5220.22-M, *National Industrial Security Program Operating Manual*:

- President, TTU
- Vice President for Research, TTU
- Facility Security Officer, TTU
- Assistant Facility Security Officer(s), TTU

RESOLVED, that the Managerial Group is hereby delegated all of the Board's duties and responsibilities pertaining to the protection of classified information under classified contracts of the Department of Defense or User Agencies of the Industrial Security Program awarded to TTU;

RESOLVED, that the following named officers and members of the Board of Regents shall not require, shall not have, and can be effectively excluded from, access to all classified information in the possession of TTU, and do not occupy positions that would enable them to affect adversely the policies and practices of TTU in the performance of any classified contracts for the Department of Defense or User Agencies of its Industrial Security Program awarded to TTU, and need not be processed for personnel security clearance:

**BOARD OF REGENTS**

- Mr. John Esparza
- Mr. Frederick Francis
- Mr. Tim Lancaster
Mr. Mickey Long
Mr. Ronnie Hammonds
Mr. Christopher Huckabee
Mr. J. Michael Lewis
Mr. John Steinmetz
Mr. John Walker
Ms. Jane Gilmore (Student Regent)

BACKGROUND INFORMATION

Protection of classified information is regulated by the Federal Government. Federal regulations regarding security matters provide a means for the Board of Regents to delegate responsibility for the protection of classified information to a Managerial Group. The alternative to a managerial group is for the Board to retain this responsibility under conditions established by federal regulations and which will require Board members to obtain a security clearance for access to classified information. Most universities elect to establish managerial groups.

To operate with a managerial group, the Board, by federal regulation, must exclude themselves from possessing a security clearance and instead appoint officials of the university to act as the managerial group.

With the appointment of the most recent student regent, the Board of Regents must update its statement of exclusion to meet the requirements of federal regulations.

f. **TTU: Approve name change of the Chemical Engineering Temporary Lab facility.**

Report requested by: Section 08.05.01 b., *Regents’ Rules*

The request is to approve a name change for the Chemical Engineering Temporary Lab facility to the “Chemical Engineering Annex.” The name change received preliminary approval from the Texas Tech University’s Facility Allocation Committee (“FAC”) on April 12, 2018. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

The Chemical Engineering Temporary Lab (0439) is located on the West side of the Engineering key to the South of the Chemical Engineering building and to the North of the Industrial Manufacturing and System Engineering building. When the facility was originally constructed, it was expected to be temporary in nature, but over time has evolved into a fully functioning laboratory facility with operations continuing into the foreseeable future.

In consultation with the Edward E. Whitacre Jr. College of Engineering, along with the Texas Tech University Facility Allocation Committee (“FAC”), it has been determined that a more appropriate name for the addition would be the Chemical Engineering Annex. If approval is conferred by the Board of Regents, the Texas Tech University Operations division will take the necessary steps to update the appropriate signage as well as the building inventory registry with the Texas Higher Education Coordinating Board.

*Regents’ Rules* 08.05.01.b, requires board approval of the naming of academic buildings based on the major academic use of the building.
g. **TTUHSC: Acknowledge changes to the Five-Year Capital Projects Plan and submission of the MP1 report.**

Board approval required by: *Texas Education Code, §61.0582*

The request is to acknowledge the changes made to the May 18, 2018 board approved Texas Tech University Health Sciences Center Five-Year Capital Projects Plan and submission of Texas Tech University’s Capital Expenditure Plan ("MP1") Summary Report to the Texas Higher Education Coordinating Board ("THECB"). This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

[NOTE: The Updated TTUHSC Five-Year Capital Projects Plan is attached on the following page.]

**BACKGROUND INFORMATION**

On May 18, 2018, the Board of Regents approved TTUHSC’s Five-Year Capital Projects Plan with a total of twenty (20) projects totaling $215,100,000.

This request notes the changes made to the plan with a new total of twenty-one (21) projects valued at $278,250,000 as follows:

1) Priority Number Two – SW SOP Dallas Renovation reduced from $6,850,000 to $5,500,000
2) Priority Number Three – SW SOP Dallas Renewals & Repairs reduced from $2,500,000 to $2,000,000
3) Priority Number Seven – Facility Research lab Modernizations – Phase I no HEAF funds available at this time; now listed as Unfunded
4) Added Priority Number 13 – Midland Physician Assistant (PA) Building listed at $65,000,000

The institution’s certification of ASU’s MP1 Summary Report was submitted to the THECB on Friday, June 29, 2018.

j. **TTU: Approve contract extension for the transportation and delivery of natural gas.**

Board approval required by: Section 7.12.3 (d) (1) (b) Regents' Rules

The request is to approve a contract extension for the transportation and delivery of natural gas to Texas Tech University. The commitment of resources exceeds four years and does not contain a cancellation provision as required in 7.12.3 (d) (2) of the Regents’ Rules. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

Texas Tech University ("TTU") awarded a contract to Atmos Energy Marketing, LLC ("Atmos") for natural gas distribution and transportation services on September 1, 2016. This extension covers the delivery service portion of the contract, which is required to transport natural gas to various delivery points on campus. The parties wish to extend the contract to September 1, 2021. The commitment of resources exceeds four years and does not contain a cancellation provision. The charge for transportation and delivery of natural gas is approximately $30,000 annually, but is subject to market fluctuations and demand.

TTU’s price for natural gas is dependent upon the transporting agency, and utilizing Atmos’ services is most beneficial for TTU both in cost and ease of delivery.
k. **TTU and TTUS: Approve purchasing contracts in excess of $1,000,000.**

Board approval required by: Sections 07.12.3.a and 07.12.3.c, Regents’ Rules

The request is to approve the purchasing contracts in excess of $1,000,000 per annum in accordance with Regents Rules 07.12.3.a and those contracts with a value exceeding $5,000,000 in accordance with Regents’ Rules 07.12.3.c as listed on the following page. This request has been approved administratively by the president and the chancellor and is recommended for approval by the Board of Regents.

**BACKGROUND INFORMATION**

In accordance with the Regents’ Rules, the Board is routinely requested to approve purchasing contracts under which the TTUS components spend more than $1,000,000 per annum. Purchasing contracts are procured and executed in compliance with Texas Education Code §51.9335 as well as the Regents’ Rules and TTUS component Operating Policies and Procedures.

Section 07.12.3.a, Regents’ Rules, requires Board approval for contracts that total in excess of $1,000,000 over the entire term of the contract, unless a different consideration is specified by this policy.

However, Section 07.12.3.c provides that, for all purchasing contracts that exceed a total value of $5,000,000 over the life of the contract (even if the annual amount is less than $1,000,000), the Board must be provided:

1. verification that the solicitation and purchasing method and contractor selection process comply with state law and TTU System policies; and
2. information on any potential issue(s) that may arise in the solicitation, purchasing, or contractor selection process.

The attached table shows: (1) purchasing contracts that exceed $1,000,000 per year for which Board approval is required; and (2) purchasing contracts that exceed $5,000,000 over the life of the contract for which the special reporting is required.

m. **TTUS: Authorize a consulting agreement to provide support for federal relations.**

Board approval required by: Section 07.12.2d, Regents’ Rules

The request is to authorize the chancellor to execute an agreement with Lewis-Burke Associates, LLC., to advance federal research initiatives for the Texas Tech University System (“TTUS”) and its components. This request has been approved administratively by the chancellor and is recommended for approval by the Board of Regents.

The firm Lewis-Burke was selected through the use of the Request for Proposals (“RFP”) process. Services provided by Lewis-Burke will begin early Fall 2018 for an initial term of one year. An option to extend the contract up to three additional years will be available if the results produced in the first and second year warrant an extension.

Services and objectives of Lewis-Burke under the proposed federal relations contract include: 1) Legislative and Public Policy Representation - Expand the TTUS’s reach and support from federal sources and broaden its influence and impact on federal and congressional decision-making, 2) Collaboration with TTUS Components to implement a Federal Affairs Strategy and Communications Plan, and 3) Coalition Building – working with TTUS to identify ongoing or emerging federal research priorities and opportunities.

The estimated cost for this engagement is $205,000 per year. Additional services beyond the scope of the agreement, will be billed at $400 per hour. TTUS will also reimburse the consultant’s reasonable direct expenses for travel, lodging, document reproduction and other support expenses. Direct expenses will only be reimbursed with prior approval from TTUS and may not exceed $15,000 per year.

**BACKGROUND INFORMATION**

The Board of Regents on numerous past occasions has considered consulting agreements to support the federal relations initiatives of the TTUS.
n. **TTUS: Approve revisions to the Texas Tech University System Medical Liability Self-Insurance Plan.**

Board approval required by: *Section 07.14 Regents’ Rule*

The request is to approve revisions to update provisions of the Texas Tech University System Medical Liability Self-Insurance Plan. This request has been approved administratively by the chancellor and is recommended for approval by the Board of Regents.

In addition to malpractice coverage, the plan provides coverage for attorneys' fees incurred by physicians for proceedings before the Texas Medical Board, the limit of which coverage has been $25,000 per proceeding since the inception of such coverage. In order to provide coverage more in line with current costs, the proposed revisions to the plan will raise the coverage limit to $35,000 in cases that proceed as far as the “Informal Settlement Conference” procedure, one of the later steps in Medical Board proceedings.

Other changes to the plan document are none substantive.

The proposed revisions do not affect current rules for approval of settlement. The approval levels remain as follows:

The project will finish-out the 2nd and 3rd floors totaling 32,816 square feet of shell space within the Jones AT&T East Stadium Building. The finish-out will provide office suites and conference space for the relocation of the Athletic Coaches and staff from the Jones AT&T Stadium South End Zone Building. Finish out includes all mechanical, electrical, and plumbing required as those shelled spaces are unconditioned spaces. The total project budget is estimated at $8.0 million.

(b) Chairman Francis and Regent Esparza as Chairman of the Facilities Committee gave approval to the President of TTU to proceed with a Stage II budget for the Dustin R. Womble Basketball Practice Facility project that needed approval before the August board meeting.

The project will construct a 58,000 GSF facility that includes separate practice areas for the men’s and women’s basketball teams plus weight and other athletic training elements. The total project budget now is estimated at $29.5 million.

- In December 2017, Populous was awarded a pre-construction services contract for the design work, and Lee Lewis was awarded a pre-construction services contract as the Construction Manager At-Risk. The Stage 1 design budget was $750,000.
- An amendment to the design services contract will allow Populous to proceed with preparation of construction documents that will be used during Stage 2 of the project. Populous’ Stage 2 cost would be an additional $1,377,970.

(c) Chairman Francis and Regent Esparza as Chairman of the Facilities Committee gave approval to the President of TTU to proceed with a $4.0 million project that needed approval before the August board meeting to construct greenhouses, growth chambers and a headhouse to support Dr. Luis Herrera-Estrella’s research in cotton genomics.

A $5 million GURI grant was the catalyst for TTU being able to recruit National Academy of Sciences member Dr. Luis Herrera-Estrella. The proposed facilities need to be ready for Dr. Herrera by March 1, 2019.

In order to meet the deadline, the project will be managed by TTU Operations. Terms for this arrangement are as follows:

- TTU can select the design team and a construction manager through TTU’s Job Order Contracting process (i.e., without going through FP&C’s RFP/RFQ and project approval processes);
- TTU can purchase materials/equipment for the greenhouses and growth chambers from the BuyBoard Purchasing Coop; and
- FP&C will remain active in the project and assist TTU Operations as needed throughout the process.

However for major facility projects (those in excess of $2 million), Sec. 08.01.3.d, Regents Rules, requires the projects to be managed by FP&C.
And Sec. 08.01.3.a(3) also requires that, before contracts can be executed with a design firm or a construction manager for a major project, the Board must grant preliminary approval for the project, with information provided to the Board in advance about how the firms were selected/scored. Sec. 08.01.3.b also provides that, after the planning work is completed but before construction can begin, the project must be brought back to the Board for another approval.

For the Herrera project to proceed on the accelerated timeline as proposed above, the Board granted an exception to these Regents’ Rules requirements.

Operating Policy and Procedure

OP 06.19: Regulations for Performance Evaluation of Tenured Faculty

DATE: December 15, 2014

PURPOSE: The purpose of this Operating Policy/Procedure (OP) is to establish uniform guidelines and procedures for comprehensive performance evaluations of tenured faculty members.

REVIEW: This OP will be reviewed by February every three years, or as needed by the Office of the Provost and the Faculty Senate with recommended revisions forwarded through the provost and vice president for academic affairs (PVPAA) to the president by March 1. This policy may be amended only by action of the Board of Regents of the Texas Tech University System.

POLICY/PROCEDURE

1. Background

In accord with VTCA, Education Code, Section 51.942 and the Board of Regents Guidelines for comprehensive performance evaluation of tenured faculty, each faculty member who is tenured at Angelo State University, excluding full-time academic administrators having tenure, is subject to a comprehensive performance evaluation. Each tenured faculty member must undergo a comprehensive performance evaluation once every six years following granting of tenure. The dean of the college initiates the evaluation process by notifying the faculty member of the comprehensive performance evaluation no later than September 1, the evaluation to begin no earlier than February 1 and end no later than May 1, all of the same academic year. The dean of the college simultaneously notifies the PVPAA and the faculty member’s department chair. According to a predetermined schedule, the initial evaluation of tenured faculty under this OP shall be completed no later than September 1, 2014.

2. Procedures

Standardized procedures, including required peer review, directed toward the professional development of the faculty member will be followed by each department and college. These procedures include:

a. The comprehensive performance evaluation is to be based on the professional responsibilities of the faculty member in teaching, scholarly activity/creative endeavor, research and creative works, leadership/professional service, administration (when applicable), and clinical service for faculty with clinical responsibilities. The evaluation must include peer review of the faculty member.

b. Annual performance evaluation materials, including the Faculty Activity Report and Evaluation Form as well as the Department Peer Evaluation Form, conducted under the
terms of OP 06.28 Annual Performance Evaluation for Tenured and Tenure Eligible Faculty for the period since the previous comprehensive performance evaluation will comprise the primary elements in the comprehensive review process. For a tenured faculty member’s initial comprehensive evaluation under this policy, annual performance evaluation materials for the past six years will be used, including the Faculty Activity Report and Evaluation Form as well as the Department Peer Evaluation Form, including any departmental documents that outline faculty progress towards departmental-level performance criteria as specified in OP 06.23 Tenure and Promotion Standards and Procedures. The faculty member may submit additional supporting documentation as he or she deems relevant for the comprehensive performance evaluation, to include such as:

1. complete vita, including a summary statement of professional accomplishments;
2. statement of professional goals; and
3. professional development plan; and
4. any other material deemed appropriate by the faculty member.

c. The evaluation process will consist of the following steps:

1. Evaluation by faculty peers at the department level

   The department chair initiates the department peer review process after receiving notification of the required review from the dean. The chair convenes a meeting of the tenured faculty, charges them with evaluating the faculty member, and specifies the date by which deliberations must be completed. The department chair will not participate in the discussion or vote. The tenured faculty will elect one of their number to serve as chair of the committee. The tenured faculty members, excluding the department chair, vote by secret ballot. In cases where the department does not have at least three tenured faculty members, the department chair will request evaluation from tenured members from other departments to provide a review committee of at least three people. The peer review committee is responsible for providing a summary rating (Performing Competently; Not Performing Competently) and providing constructive comments in narrative form when a rating of Not Performing Competently is identified. The elected chair will supervise the counting of ballots and fill out two copies of the evaluation form (Attachment A). The chair will destroy the ballots and forward one copy of the evaluation to the department chair and simultaneously forward the second copy to the faculty member.

   A faculty member may meet with the peer review committee prior to its deliberations or upon receiving the committee’s evaluation.

2. Evaluation by the department chair

   The department chair adds his/her evaluation of the tenured faculty member’s comprehensive performance (Performing Competently; Not Performing Competently) and provides constructive comments in narrative form when identifying a rating of Not Performing Competently. A copy of this evaluation will
be provided simultaneously to the dean and the faculty member. Both the department chair and faculty member will sign the evaluation.

(3) Evaluation by the direct supervisor of administrative duties (when appropriate)

The direct supervisor of a faculty member with administrative duties is responsible for providing a summary rating (Performing Competently; Not Performing Competently) and providing constructive comments in narrative form when identifying a rating of Not Performing Competently (Attachment B). The supervisor will forward simultaneously a copy of the form to the department chair, appropriate dean, and faculty member. Both the supervisor and faculty member will sign the evaluation.

(4) Evaluation by dean of the college

The dean will review each comprehensive evaluation, including that of the peer review committee, department chair, and direct supervisor (when appropriate). The dean adds his/her evaluation (Performing Competently; Not Performing Competently) to the evaluation form (Attachment A), including constructive comments when identifying a rating of Not Performing Competently, and simultaneously forwards a copy to the faculty member and all appropriate materials, including Attachment B if appropriate, to the PVPAA for review.

(5) Evaluation by the PVPAA

The PVPAA reviews all materials, adds his/her evaluation (Performing Competently; Not Performing Competently) to the evaluation form(s), including constructive comments when identifying a rating of Not Performing Competently and simultaneously forwards a copy to the faculty member. The PVPAA forwards written results of all evaluations as well as his/her recommendation to the president.

d. At each level of review, an opportunity is provided for reconciliation of disagreement. In cases when the Department Peer Review Committee disagrees with the faculty member, reconciliation is left to the department chair. When the findings of the Department Peer Review Committee differ from those of the department chair, the dean of the college resolves the conflict. When the dean’s report is in conflict with that of the department chair, the PVPAA is responsible for resolving the disagreement. When the direct supervisor for a faculty member’s administrative assignment disagrees with the faculty member, reconciliation is left to the dean or PVPAA as appropriate.

3. Due Process and Rights to Appeal

The comprehensive performance evaluation process incorporates commonly recognized academic due-process rights, as specified in the Angelo State University Tenure and Promotion Policy. Due-process rights include notice of the timing, manner, and scope of the evaluation and, before a faculty member may be subject to disciplinary action on the basis of a comprehensive performance evaluation conducted under this policy, notice of specific charges and the right to a hear on those charges. In all such cases the burden of proof shall be on the university. In the case of a disputed peer review, the faculty member may request that additional reviews in writing be solicited from no more than three external specialists in the faculty member’s area of teaching and/or scholarly activity/creative endeavor. These outside
reviewers will be selected by mutual agreement between the faculty member and the
department chair. The external specialist reviews shall be included with the evaluation
materials forwarded to the responsible academic dean, the PVPAA, and the president and
shall be considered in any administrative action that results from the comprehensive
performance evaluation process.

4. Actions

A faculty member may be placed in a development program as specified in OP 06.28, Section
3, or other appropriate disciplinary action, or subject to revocation of tenure if incompetency,
neglect of duty, or other good cause is determined to be present. If termination is
recommended by the appropriate parties as a result of the comprehensive performance
evaluation, the faculty member shall be given the opportunity of referral of the matter to a
non-binding alternative dispute resolution process as in Chapter 154 of the Civil Practices
Code or another agreed upon dispute resolution method. undergo developmental planning as
specified in OP 06.28 Annual Performance Evaluation for Tenured and Tenure Eligible
Faculty or appropriate actions as specified in OP 06.29 Faculty Non-Reappointment and
Tenure Revocation. Termination will only be pursuant to conditions, including responsible
parties, of the termination procedure specified in the Angelo State University Tenure and
Promotion Policy, OP 06.23: Tenure and Promotion Standards and Procedures, Section 10,
Termination Review Procedures for Tenure Revocation, Non-reappointment and Termination
Cases.

5. Application

The annual comprehensive evaluation is not waived for any tenured faculty member but may
be deferred for one year in the event that the review coincides with the comprehensive review
for promotion or appointment to an endowed position. The PVPAA must approve any
request for deferment.

6. Notification

A copy of this policy and any amendments will be filed with the Texas Higher Education
Coordinating Board on or before September 1 of each year.

(ACS Item 12.)
Strategic Planning Sessions were conducted in February 2018 in El Paso with presentations from Texas Tech University Health Sciences Center El Paso and Angelo State University. The remaining three entities, Texas Tech University, Texas Tech University Health Sciences Center and the Texas Tech University System, presented during the May 2018 meeting.

Provided below is a summary of the information discussed during the sessions by each component with members of the Board. This document is shared with the Board of Regents and serves as a means for the Board to provide its direction, endorsement and formal adoption of these agreed-upon priorities during the August 2018 meeting.

Upon adoption of this summary report, the Chancellor and Presidents will work to address these priorities over the next year and into the future. Members of the Board will receive information and updates at full board meetings and interim committee meetings throughout the year to remain engaged and informed on these priorities and additional initiatives.

**Texas Tech University System**

Upon installation of the current administration, the TTU System has advanced a new executive leadership and management model that supports growth into a true system of higher education and discerns the autonomy of each institution, while also upholding accountability, building trust, earning respect and offering support and expertise. The introduction and implementation of sustainable practices and processes has strengthened operations for long-term prosperity and created tremendous harmony, collaboration and momentum to pursue a Broader Vision, comprised by the following strategic priorities for the System:

- **Endowment Growth.** In line with the flagship institution’s 100th anniversary, benchmarks have been set and strategies are in motion for growing the endowment value to reach $2 billion by 2023. Since FY 2015, the endowment value has increased more than $150 million. Achieving this goal would not only enhance the TTU System’s prominence, but it would also provide up to $80 million in annual distributions to the component institutions.

- **State Legislative Program.** The TTU System is preparing for the 86th Texas Legislature by advancing an enhanced legislative strategy with additional staff support and engagement from university leadership. As legislative appropriations account for approximately 23 percent of the combined System budget, the TTU System is working to communicate the importance and value of its universities, as well as offer solutions for funding and governing challenges facing higher education.
• **Federal and Congressional Program.** A proactive and collaborative federal and congressional program has been established at the TTU System to help its component institutions obtain and sustain significant federal funding and support. While progress is ongoing, the strategy has yielded success in increased exposure and the fulfillment of four federal requests for FY18. For the FY19 funding cycle, the TTU System has submitted and continues to advance its 14 requests, the most in one cycle in System history. Work continues in developing institutional cultures to engage faculty and align strategy with long-term research opportunities and in monitoring timely, near-term opportunities for additional funding and support.

• **Sustained Philanthropy.** In coordination with the component institutions, the TTU System will continue to broaden its philanthropic program as a well-balanced structure that promotes sustainable fundraising through best practices and increases university ownership. More than $571.4 million (as of July 23, 2017) has been raised during the current administration, and initial development of a System-wide, needs-driven philanthropic fundraising effort is underway to support university growth and prominence. New funding models for Institutional Advancement at the System and university levels are being recommended to support institutional needs and coordinated System services.

• **Budgetary and Fiscal Matters.** Mindful of its resources, the TTU System administration is working to right-size and reform its budget to support its maturity and continued growth, while also minimizing contributions provided by the component institutions. Additionally, new concepts and strategies, such as System Regulations and financing options for donor-funded capital projects, are being introduced to strengthen the System’s financial position and maintain superior credit ratings and debt capacity.

• **Impactful Initiatives.** In accordance with its mission, the TTU System continues to support and help advance the development of several impactful initiatives identified as key priorities by its component institutions, including the Woody L. Hunt School of Dental Medicine, the School of Veterinary Medicine, and the Texas Tech Institute of Mental Health, among other areas. With the success of these initiatives, the TTU System will become just the ninth university or system in the U.S. and the first Non-Land Grant Institution to have undergraduate, medical, law, veterinary, nursing, pharmacy and dental education opportunities.

**Texas Tech University Health Sciences Center**

• **Academics** - Provide innovative educational programs that prepare students to be competent and caring health care professionals and researchers.

TTUHSC is focused on promoting innovative approaches in teaching and learning, providing meaningful interprofessional educational experiences for all students, and enhancing personal and professional development in order to graduate students who
will be better prepared professionally and personally for a career in the health care environment.

- **Research** - Advance our research portfolio with emphasis on areas of strength and collaboration.

  TTUHSC is focused on developing an infrastructure plan that maximizes resources (i.e. Office of Sponsored Programs, Research Core Labs, Research Lab Space, IT and Library, LARC, etc.) and increases collaboration of research and scholarly activity in areas of strength, as well as exploring novel funding opportunities and other activities to increase research and enhance TTUHSC’s visibility and reputation.

- **Service and Outreach** - Improve overall health and access to health care for communities in our region through the provision of patient care services and community outreach.

  TTUHSC is focused on providing a positive and collaborative patient experience by leveraging our unique position as a comprehensive academic health care center, as well as making positive impacts through service, outreach and engagement driven by community needs and TTUHSC expertise.

  Additionally, we look to further integrate telemedicine/telehealth into our service offerings to broaden access to health care in rural and underserved areas through telehealth services.

- **People** - Create a sustainable, values-based culture.

  TTUHSC is focused on redefining our university environment by identifying and integrating values that forge our identity, and on investing in people growth and development to become the employer of choice in each of TTUHSC’s markets. Further, we will implement a values-based approach to our recruitment, retention, reward and evaluation processes.

- **Operations** - Ensure the operations and infrastructure effectively and efficiently support the mission of the institution.

  TTUHSC is focused on aligning our operations and infrastructure to support the university’s core academic, service and research missions. Restructured operational divisions such as External Relations (Institutional Advancement and Communications & Marketing) provide opportunities to strengthen our brand in the health care and higher education markets and work collaboratively with key stakeholders. A new focus in Human Resources will bring about a redefined work environment established on a values-based culture. These along with restructured organization in areas of Finance, Information Technology, Facilities and Safety Services allows TTUHSC to better support the many initiatives carried out on a day-
to-day basis.

Additionally, new construction projects and renovations in existing buildings on all TTUHSC campuses will enhance academic and student support services across the institution.

Texas Tech University Health Sciences Center El Paso

- **Woody L. Hunt School of Dental Medicine (WLHSODM).** TTUHSC El Paso will present a feasibility study to the Texas Higher Education Coordinating Board (THECB) in October 2018. The Legislature has provided authorization and funding to develop the WLHSODM. In June 2018, TTUHSC El Paso received full Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation, and upon approval from the Board of Regents, TTUHSC El Paso will submit a substantive change request to SACSCOC for the dental degree program. Additionally, we are completing the accreditation application for the Commission on Dental Accreditation (CODA) and will submit it in February 2019, pending approval of the Board of Regents and the THECB.

- **Gayle Greve Hunt School of Nursing.** TTUHSC El Paso continues toward its enrollment goal of 600 nursing students by 2020 and is implementing enhanced recruitment strategies and academic offerings. Additionally, the school’s new dean, Stephanie Woods, Ph.D., M.S.N., began July 1, 2018.

- **Medical School & Residency Programs.** TTUHSC El Paso continues to explore the expansion of its incoming medical school class size and is working toward establishing 75 to 90 new Graduate Medical Education positions (residencies and fellowships) through associations with Tenet Hospital (Transmountain Campus).

- **Faculty Recruitment and Retention.** TTUHSC El Paso is boosting faculty retention by analyzing and acting on results of the annual faculty survey which highlighted a need for career enhancement in a more supportive environment. Faculty recruitment is being strengthened by coordinating with the Department of Medical Education to meet the needs for the growing class size, including expansion of the clinical practice.

- **Campus Facility Master Plan.** TTUHSC El Paso is updating its Campus Facility Master Plan in coordination with Facilities Planning & Construction. The plan will reflect the new Medical Sciences Building II now underway, as well as future sites for the WLHSODM and updated clinic facilities.

- **Research Activities.** TTUHSC El Paso is reviewing opportunities to increase research activities and funding by working with federal relations, as well as strengthening its infrastructure to support clinical research.
• **Clinical Activities.** TTUHSC El Paso is reviewing opportunities to increase clinical activities and revenue, including establishing an Enterprise Data Warehouse, which will enhance data gathering and availability, thereby increasing grant application opportunities.

**Angelo State University**

• **Enrollment, Retention & Graduation.** ASU has achieved record enrollment growth and has seen significant increases in retention and graduation rates.

• **Dual Credit Program.** This program continues to enhance ASU’s influence and reputation. ASU is examining ways to maintain momentum and expand success of the program.

• **Academic Quality and Reputation.** ASU continues to evolve its academic programs such as mechanical engineering, health care administration specializations, along with new master’s degree programs in social work and professional school counseling. The university is also working to increase its online presence and summer enrollment.

• **Partnership Development.** ASU is working on development of international academic partnerships in Vietnam and Taiwan. ASU is also expanding opportunities with Korea, as well as continuing its partnership with Shannon Clinic.

• **Facility Improvements.** ASU is preparing for campus and infrastructure improvements to accommodate academic growth and student needs, specifically focusing on engineering, housing, the green house and museum.

**Texas Tech University**

• **TTU Strategic Plan.** TTU’s updated strategic plan entitled “A Foundation for the Next Century,” which provides priorities and goals to 2025 was completed last year and a copy was presented to the Board of Regents during a recent board meeting. After vetting the three priorities among focus groups consisting of the campus and Lubbock communities, the priorities were modified as follows:
  • Educate and empower a diverse student body
  • Enable innovative research and creative activities
  • Transform lives and communities through strategic outreach and engaged scholarship.
• Educate and empower a diverse student body.

Enhancing student quality is a priority along with the need for enrollment growth to support the expanding needs of the institution, which serves to provide students with the best possible educational experience. TTU has experienced a 30.2 percent enrollment increase over the last 10 years and continues to work on increasing retention and graduation rates, while also planning for an annual growth of approximately 2 percent to ultimately attain an enrollment of 44,500 students by 2025. Due to funding increases by the President’s Office and support from the Chancellor’s Council, the number of Presidential Scholars and National Merit Finalists has increased. TTU has experienced an increase in Hispanic enrollment of 48 percent in the last five years, which has allowed TTU to achieve status as a Hispanic Serving Institution (HSI). This measure along with increases in the growth of African-American students and first-generation students is a positive factor for our goal to increase TTU’s diversity. TTU’s regional site enrollment is progressively increasing at a moderate rate. Critical long-term goals by 2025 are:

- Graduate enrollment of 20 percent
- One-year retention rate of 90 percent and 6-year graduation rate of 70 percent
- Every student to have research/creative work or internship experience
- Expand opportunities for nontraditional students through e-learning and regional sites
- Increase the number of minority faculty
- Develop nationally recognized academic programs

• Enable innovative research and creative activities.

Recent performance measures include TTU’s designated Carnegie Highest Research Activity status, as well as record Total Research Expenditures (TRE) and Restricted Research Expenditures (RRE) and National Science Foundation Higher Education Research Data. Our research commercialization is showing some positive growth in new licenses and patent applications.

Increasing our research expenditures, specifically in the federal sector, continues to be a major focus. Our goal is to achieve $47 million in STEM Federal Research Expenditures by 2020 and $120 million in RRE by 2025. These efforts along with continuing to increase publications and citations and doctorate degrees awarded will solidify our status as a top research institution.

TTU will strive to become a leader in:
- Water, land, food and fiber
- Energy
- Health, well-being, and quality of life
- Creative inquiry across the arts, humanities and sciences

To that end, we have recently been awarded a GURI in the amount of $5 million from
the state of Texas, which TTU will match. This has allowed us to recruit a National Academy of Sciences member who will begin in Fall 2018 and will enhance TTU’s national and global recognition. This critical hire will provide the opportunity for additional collaborations with industry. Additionally, we are looking to expand our national partnerships with such entities as Sandia National Lab, Scaled Wind Farm Technology and BP (formerly British Petroleum), and we will be seeking opportunities for educational and research collaborations with Midland-Odessa oil and gas industries.

The Texas Tech Institute of Mental Health (TTIMH) and School of Veterinary Medicine (SVM) are large initiatives which we will continue to work on. We are collaborating with TTUHSC on the TTIMH and have recently hired a director, Keino McWhinney, and the City of Amarillo has agreed to provide a large infusion of funds for the SVM. We continue to fundraise for this initiative.

Our long-term goals (2025) for our research enterprise are as follows:

- Achieve metrics that place TTU in the top 50 for Carnegie publics in TRE, publications, doctorates awarded and faculty awards
- Achieve status as a top 50 public research universities by the Center for Measuring University Performance
- Increase invention disclosures, patents and number of start-up companies

- Transform Lives through Strategic Outreach and Engaged Scholarship.

TTU will continue to promote an engaged campus community to develop a culture of outreach and engagement that spans the student experience, research and service. We have recently appointed an Assistant Vice President, Dr. John Opperman, who reports to the Provost and has oversight of this unit. They will continue to develop engagement with the community, which will enhance our ability to continue to receive the Carnegie Community Engagement Classification and maintain the APLU Innovation and Economic Prosperity University designation. Our annual assessment of engagement shows that external funding has increased by 40 percent in one year; over one million individuals from communities in 50 states and 89 countries were impacted; and faculty, staff and students were involved in 1,271 partnerships. TTU’s goals are to partner with communities in solving complex problems, achieve a sustainable, coordinated outreach scholarship program, enhance communication processes to develop an understanding of this priority, and enhance recognition of faculty and staff who contribute to this priority. TTU’s long-term goals include the following:

- Establish outreach and engaged scholarship that results in increases in external research, commercialization and funded activities
- Increase and strengthen collaborative community partnerships that stimulate creativity, innovation and economic development

General Purpose
A University, like any community, must have regulations and/or standards by which its members abide and procedures by which its organization functions. The standards should provide order and an atmosphere conducive to intellectual and personal development. This Student Handbook and the Code of Student Conduct contained within are intended to serve these purposes in the interest of all segments of Angelo State University.

Angelo State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Angelo State University. Note: The Commission should be contacted only if there is evidence that appears to support the institution’s significant non-compliance with a requirement or standard. Normal inquiries about Angelo State University, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to Angelo State University and not to the Commission’s office.

The University has a responsibility to maintain order within the University community and to discipline those who violate its standards, rules, and/or policies. Enrollment requires students to share this responsibility. Students are responsible for knowing the information, policies and procedures outlined in this document. Students agree to abide by the standards, rules and/or policies set forth in this Student Handbook, the Undergraduate Catalog and other official University publications, as well as the Texas Education Code. Student organizations also agree to follow these standards, rules, and/or policies. The University or its representative may amend this document at any time without notice.

The University reserves the right to make changes to this code as necessary and once those changes are posted online, they are in effect. Students are encouraged to check online for the updated versions of all policies and procedures. Students are also informed of changes to the Code of Student Conduct by electronic notification outlets and/or official campus publications. The Student Handbook was approved by the Board of Regents on May 19, 2017 to be effective Monday, May 22, 2017. August 10, 2018 to be effective Monday, August 13, 2018.

Membership in the Angelo State University Community
As members of the academic community, University students enjoy the privileges and share the obligations of the larger community of which the University is a part. Students are entitled to the privileges which accrue to them by virtue of this membership. These privileges carry with them the obligations of responsible citizenship. Students shall conform to University regulations. Students should recognize that citizenship also includes contributing deliberately to strengthening the educational community, improving learning for themselves and their classmates and promoting excellence within the above context. Freedom of discussion, inquiry, and expression is protected and nurtured in the classroom
as the safeguard of the freedom to learn. Students are expected to exercise their freedom to learn in a manner consistent with the maintenance of good order. Responsibility for maintaining good order in the classroom is vested in the instructor. The Code of Student Conduct outlines the standards of behavior for University students and the disciplinary processes to address misconduct.

PART I: CODE OF STUDENT CONDUCT

SECTION A: STUDENT CONDUCT MISSION AND POLICIES

The *Code of Student Conduct* outlines behavioral standards developed by the University community for students and student organizations and the related procedures for addressing misconduct. Students should be aware that the student conduct process is not a criminal or civil court proceeding. Students and student organizations are responsible for actions that constitute misconduct and violate the *Code of Student Conduct*. Any student or student organization found responsible for misconduct may be subject to conduct sanctions.

The University provides a fair and equitable student conduct process, utilizing a thorough, neutral, and impartial investigation, from which is generated a prompt resolution.

The *Code of Student Conduct* and related processes educate students about their rights and responsibilities while promoting holistic development, self-worth, and mutual respect for all members of the University community. Freedom of discussion, inquiry, and expression is also fostered by an environment in which the privileges of citizenship are protected and the obligations of citizenship are understood.

Angelo State University is committed to an educational and developmental process that balances the interests of individual students with the interests of the University community. No student will be found in violation of University policy without sufficient information and evidence showing that it is more likely than not that a policy violation occurred and any sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

The student conduct process at the University exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students’ moral and ethical decision-making and to help them bring their behavior into accord with our community expectations and values. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

1. **Disciplinary Authority**

   The authority to enact and enforce regulations of the University is vested in the Board of Regents. The responsibility for enforcing the regulations and imposing penalties is delegated to the President of the University and any University officials the President designates. The Office of the Vice President for Student Affairs and Enrollment Management is the principal agency for the administration of student conduct. The Executive Director of Student Affairs, the Director of Title IX Compliance/Title IX Coordinator (Director of Title IX Compliance), and the Director of Housing and Residential Programs shall implement the student discipline procedures. All references
to the officials listed above shall be interpreted to include persons designated to act on their behalf.

The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will assume responsibility for the investigation of an allegation of misconduct to determine if the complaint has merit.

a. **Student Conduct Officer/Investigator**

A Student Conduct Officer/Investigator is a trained University staff member whose role is to conduct a thorough, reliable, and impartial investigation of alleged violations of the *Code of Student Conduct*. In most cases heard by a University Hearing Panel, the Student Conduct Officer/Investigator will present the information and evidence obtained through the investigation to the Hearing Panel, which will make a determination of responsible or not responsible, and assign a sanction. In cases heard through the Administrative Hearing process or completed via an Informal Resolution, the Student Conduct Officer/Investigator may render findings and issue sanctions. Investigators are assigned to cases by the Executive Director of Student Affairs, the Director of Title IX Compliance, the Assistant Director of Student Conduct, or designee. Investigators are trained University full-time employees.

b. **Administrative Hearing Officer**

An Administrative Hearing Officer is a trained University staff member whose role is to make a decision of responsibility and assign sanctions, as appropriate in an Administrative Hearing. The Administrative Hearing Officer may be the Student Conduct Officer/Investigator who completed the Investigation/Investigation Report, or an Administrative Hearing Officer assigned by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee.

c. **Hearing Panel**

The Hearing Panel will conduct disciplinary Panel Hearings. The Panel pool will consist of a trained pool of full-time faculty, full-time staff, and full-time students according to the following guidelines:

1. **Hearing Panel Appointments**

The Executive Director of Student Affairs or Director of Title IX Compliance will be responsible for assembling and training the hearing panel annually. The Hearing panel will consist of full-time faculty members, full-time staff members, and full-time students. This pool will be made up of three (3) full-time faculty and staff members from each division on campus along with three (3) full-time students, and a pool of Administrative Hearing Officers. Panel appointments will be made as follows:

a. **Student Recommendations:**

The President of the Student Government Association is invited to make recommendations for full-time student Panel members. Upon recommendation and review, three (3) full-time student members will be
appointed by the Executive Director of Student Affairs or designee. To be eligible for appointment, students must be considered full-time students, be in academic and disciplinary good standing, and have completed at least 15 hours of academic credit with a cumulative GPA of at least 2.0.

Upon recommendation and review, three (3) full-time faculty and/or full-time staff members from each division will be appointed by the Executive Director of Student Affairs or designee.

c. Administrative Hearing Officer Appointments:
Administrative Hearing Officers are appointed by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee and are selected from a group of trained University staff members designated as Administrative Hearing Officers. Administrative Hearing Officers who served as Investigators in the case may not serve on the Hearing Panel as a voting participant and will participate only as the Investigator in the Panel Hearing.

2. Hearing Panel Terms
Each member will be appointed for a single one-year term. Panel members may be re-appointed for consecutive one-year terms but must complete Hearing Panel training annually.

3. Hearing Panel Composition
For each Panel hearing, a panel will consist of three (3) members chosen from the available pool by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee. Typically, the Hearing Panel will be comprised of one student, one faculty member, and one staff member. Availability may determine a different composition for the Panel. In cases involving Part I, Section B.1. (For allegations of Academic Misconduct), the Hearing Panel will be comprised of only students and faculty. For cases involving Part I, Section B.2. (Actions Against Members of the University Community and Others) or other sensitive issues, the Director of Title IX Compliance will appoint three (3) Administrative Hearing Officers for the Hearing Panel.

4. Removal of Hearing Panel Member
The Executive Director of Student Affairs, Director of Title IX Compliance, or designee may remove a member from this Panel when, in his/her judgment, the member has failed or refused to effectively serve and perform the duties and functions of this Panel. Additionally, the Reporting Party or Responding Party may request the removal of a Panel Member whose ability to be impartial is in question. The Executive Director of Student Affairs, Director of
Title IX Compliance, or designee will review and approve or deny student requests for removal of a Panel Member.

5. **Resource Person**
   The Executive Director of Student Affairs, Director of Title IX Compliance, or designee will appoint a Resource Person. The Resource Person is to serve as a non-voting member of the Hearing Panel and assures that University procedures are followed throughout each Panel Hearing. The Resource Person is responsible for composing the Panel’s decision, rationale, drafting the decision letter, providing clarification on policy and procedure, and providing clarification on appropriate sanctions if assigned.

6. **Panel Hearings**
   The Executive Director of Student Affairs, Director of Title IX Compliance, or designee will establish hearing dates and times during which cases will be heard. Panel Hearings will be conducted by a subgroup of the Hearing Panel Members pool.

7. **Panel Quorum**
   A quorum for the Panel Hearing consists of three (3) members.

8. **Panel Deliberation**
   When deliberating a case, the Panel will meet in closed session with only voting members and the Resource Person present.

9. **Additional Panel Members**
   The Executive Director of Student Affairs, Director of Title IX Compliance, or designee may appoint additional members of the Hearing Panel to expedite the orderly disposition of cases and/or to aid in the administration of the conduct process within the University. The additional members of the Hearing Panel will complete the same training, have the same composition of membership, the same duties, and the same authority as the original Hearing Panel member(s).

10. **Panel Orientation & Training**
    Prior to serving on a Hearing Panel, members of the Hearing Panel will be required to participate in an orientation and training program facilitated by the Executive Director of Student Affairs and the Director of Title IX Compliance, or designee. Members are encouraged to attend additional trainings throughout their service on the Hearing Panel.

**d. The Code of Student Conduct Review Committee**

The Code of Student Conduct is reviewed every year by the Code of Student Conduct Review Committee. The Code of Student Conduct Review Committee will conduct an annual review of the Code of Student Conduct and make recommendations to the Vice President for Student Affairs and Enrollment Management regarding omissions,
clarifications, constructive changes, and other matters relevant to the proper interpretation and operation of the *Code of Student Conduct*. The Vice President for Student Affairs and Enrollment Management or designee will then present the *Code of Student Conduct* to the University President for review and consideration by the Board of Regents.

1. **Committee Appointment**
   The *Code of Student Conduct* Review Committee members are appointed by the Vice President for Student Affairs and Enrollment Management or designee who will invite recommendations by the Faculty Senate, Staff Senate, and the Student Government Association.

2. **Committee Composition**
   The *Code of Student Conduct* Review Committee will include a member from the following classes of Angelo State University community members:
   - Full-time faculty
   - Full-time staff
   - Full-time undergraduate student(s)
   - Full-time graduate student(s)

3. **Committee Removals**
   The Vice President for Student Affairs and Enrollment Management or designee may remove a member from this committee when, in his/her judgment, the member has failed or refused to serve and perform the duties and functions of this committee.

4. **Committee Meetings**
   The Vice President for Student Affairs and Enrollment Management or designee will establish meeting dates and times during which the *Code of Student Conduct* will be reviewed and will provide for scheduling special meetings as needed.

5. **Committee Quorum**
   A quorum for the committee is five (5) members.

6. **Additional Committee Members**
   The Vice President for Student Affairs and Enrollment Management or designee may appoint additional members of the *Code of Student Conduct* Review Committee to expedite the review process of the Code.

2. **Jurisdiction**
   Students at the University are provided an electronic copy of the *Code of Student Conduct* annually in the form of a link on the Student Affairs and Enrollment Management website:  [http://www.angelo.edu/student-handbook/code-of-student-conduct/](http://www.angelo.edu/student-handbook/code-of-student-conduct/).
   Students are responsible for having read and abiding by the provisions of the *Code of Student Conduct*. 

10
The University community has developed standards of behavior pertaining to students and to student organizations. Students and registered student organizations are subject to conduct action according to the provisions of the *Code of Student Conduct*. The University respects the rights and responsibilities of students and will consider each violation of the University policy and each violation of federal, state, and/or local law on a “case-by-case” basis and will further attempt to initially use educational options and subsequent intervention and/or prevention options to assist students.

The *Code of Student Conduct* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, and all registered student organizations. For the purposes of student conduct, the University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in the University.

The *Code of Student Conduct* applies to behaviors which occur on University premises, at University-sponsored activities and events, and may apply to off-campus behavior when the Vice President for Student Affairs and Enrollment Management or designee determines that the off-campus conduct affects a substantial University interest, such as situations where a student’s conduct may present a danger or threat to the health or safety of him/herself or others; situations that infringe on the rights of other students; situations causing significant disruption to the educational community or are detrimental to the educational mission of the University. Proceedings under the *Code of Student Conduct* may be carried out prior to, independent of, concurrent with, or following civil or criminal proceedings.

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw, or have graduated for any misconduct that occurred prior to the leave, withdrawal, or graduation. If sanctioned, a hold may be placed on the student’s ability to re-enroll, obtain official transcripts, and/or graduate. All sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled, but reported after the accused student has graduated, the University may invoke these procedures and, should the former student be found responsible, the University may revoke that student’s degree or any other penalty that may be deemed appropriate.

The *Code of Student Conduct* may be applied to behavior conducted online, via e-mail, or other electronic medium. Students should also be aware that online postings such as blogs, web postings, chats, and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information but may take action if and when such information is brought to the attention of University officials.

The *Code of Student Conduct* applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. The *Code of Student Conduct* may also be applied to resident non-students, campers, and high school bridge/extension/partner/dual-credit programs by contractual agreements. Visitors to
and guests of the University may seek resolution of violations of the *Code of Student Conduct* committed against them by members of the University community.

3. **Notice**

Notice is deemed to have been properly provided when written notification is sent to the student’s official assigned Angelo State University e-mail address, delivered via Certified Mail to the student’s last known address, or personally delivered to the student. University e-mail is the University’s primary means of communication with students. Students are responsible for all communication delivered to their University e-mail address. Students will be given a reasonable amount of time to respond to requests to meet with University officials. Prescheduled meetings are scheduled around a student’s published academic schedule and include the opportunity to reschedule in the event of unavoidable conflicts. Should a student wish to reschedule an appointment, he/she should contact the sender of the message in a timely manner. The University will make all reasonable efforts to accommodate student scheduling conflicts but will not permit unreasonable delays in the conduct process. After proper notice has been given to the student, the Student Conduct Officer/Investigator or designee may proceed with the conduct process. Should a student fail to comply with the requests of a Student Conduct Officer/Investigator or designee, the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee may issue a “Failure to Comply” *Code of Student Conduct* allegation to the student. Students are advised to keep their most current local address, permanent address, and primary telephone number updated in the student records system at:

4. **Timelines**

It is recommended that reports of alleged violations of the *Code of Student Conduct* should be reported as soon as possible after the alleged incident to initiate conduct procedures. There is no time limit on reporting violations; however, the longer someone waits to report an offense, the more difficult it becomes to obtain information and evidence regarding the incidents. The Office of Student Affairs and/or Office of Title IX Compliance will make every effort to complete the process as quickly as possible. Incidents should be resolved within 60 days of notice regarding the incident, not including appeal. This timelines may vary depending on the availability of individuals participating in the process, availability of evidence, delays for concurrent criminal investigations, breaks between academic semesters, and other delays.

5. **Standards of Evidence**

The proceedings are not restricted by the rules of evidence governing criminal and civil proceedings. The standard of proof used in *Code of Student Conduct* proceedings is the preponderance of evidence, or more likely than not.

6. **Reporting Allegations of Misconduct**

To report an allegation(s) of misconduct against student(s) or student organization(s), individuals should complete an online Incident Reporting Form. The online reporting form can be utilized to report any behaviors of concern to the appropriate individuals at Angelo State University including but not limited to: potential violations of the *Code of*
**Student Conduct**, concerns related to possible violations of Angelo State’s Sexual Harassment, Sexual Assault, Sexual Misconduct and Title IX Policy. When submitting an online report, please include as many details as possible including name, title, and contact information. Please note that submitting the report anonymously may greatly limit the institution’s ability to address your concern. Upon receipt of this report, the appropriate Angelo State Administrator will review the matter and take proper steps to investigate, stop, prevent, and remedy prohibited conduct in accordance with Angelo State policies.

Individuals may also file a report in person or anonymously with the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, located in Suite 112 of the Houston Harte University Center, or the Director of Title IX Compliance located in the Mayer Administration Building, Room 204. The Executive Director of Student Affairs, Director of Title IX Compliance, or designee regularly review reports submitted from the Angelo State University community, Housing and Residential Programs, University Police Department, and non-University community members.

To submit a concern regarding a student organization or to file an allegation of misconduct against a student organization or its members, individuals (faculty, staff, students, organization members, parents, community members, or other parties) may complete the online Incident Reporting Form. Individuals may also file a report in person with the Executive Director of Student Affairs, Director of Title IX Compliance, or designee.

Student organization leaders may self-report organization or member behavior that may be considered a violation of Angelo State University policy. When an organization is able to quickly identify a concern, address it, and report it, the organization is less likely to be held responsible for behavior that may be a policy violation. The self-report allows the University, in conjunction with the student organization, to collect information, begin individual student conduct processes, and ensure that behavior has ceased and does not recur. When incidents are unreported by organizations and instead come to the attention of the University via a Reporting Party, the options for resolution are more limited. Self-reporting allows the University to work collaboratively with the organization to address the situation and can allow for lower-levels of sanctioning for misconduct. Sometimes organization leaders may become aware of organization or member activities that may result in violations of policy but have not occurred yet. In these cases, the organization leadership is encouraged to work directly with the Executive Director of Student Affairs, or designee to intervene and address the concern. This type of pre-report has the highest likelihood of lowering the risk of potential conduct violations and sanctions for the organization. Organization leaders may self-report misconduct or potential misconduct by utilizing the online Incident Reporting Form.

If, after an initial report has been made, a student experiences a subsequent concern or continued incident(s) of alleged misconduct, a student may file an additional report pursuant to the procedures in this section (Part I, Section A.6).
7. Confidentiality
Angelo State University is committed to ensuring confidentiality during all stages of the student conduct process. The confidentiality of both the Reporting Party and the Responding Party will be honored by the University to the extent possible without compromising the University’s commitment and obligation to investigate allegations of misconduct, to protect the University Community, and to the extent allowed by law. However, because the University also has an obligation to maintain an environment free of Sex Discrimination and Sexual Misconduct, many University employees have mandatory reporting and response obligations and may not be able to honor a Reporting Party’s request for confidentiality. The Director of Title IX Compliance or designee will evaluate requests for confidentiality. The willful and unnecessary disclosure of confidential information by anyone, including the Reporting Party or Responding Party, may affect the integrity of the investigation.

In some exceptional circumstances, where the incident in question presents a continuing threat to the University Community, the University may be required to investigate irrespective of the Reporting Party’s desire to pursue allegations of student misconduct, and may be required to issue a “timely warning” to the campus community as required by the Clery Act. Timely warnings do not include personally identifiable information of involved parties.

All reports of misconduct will be maintained with the highest possible level of confidentiality. Information provided by the student will only be shared with essential staff members and only as is necessary for the effective investigation and adjudication of the case. Where reports of misconduct involve other students, either as the Responding Student or witnesses in the case, some information may need to be shared with those involved parties in order to complete a thorough investigation.

Students may make confidential reports to the University Counseling Center. All Reporting Parties may also make confidential reports to local rape crisis centers, clergy, or to other licensed clinical and/or mental health professionals acting in their professional role of providing those services.

8. Anonymity
Angelo State University understands the sensitive nature of some incidents of alleged misconduct. Further, the University is mindful of the Reporting Party’s desire, in some cases, to report an incident without disclosing their name or other identifying information. Angelo State University will always attempt to protect a student’s anonymity if that is the student’s request. Providing anonymity, however, can often make it more difficult to thoroughly and effectively investigate an alleged incident. The University will work with each student on a case-by-case basis to find the approach that best fits the student’s wants and needs.

9. Family Educational Rights and Privacy Act (FERPA)
FERPA protects the privacy of student education records, including personally identifiable information derived from student conduct records. Generally, schools must
have written permission from a student in order to release any information from a student’s education record. FERPA allows schools to disclose student records, without consent, in situations including, but not limited to:

- School officials with legitimate educational interest.
- Other schools to which a student is transferring.
- To comply with a judicial order or lawfully issued subpoena.
- To parents when there is a health or safety emergency involving the student.
- To parents when the student has committed a disciplinary violation with respect to use or possession of alcohol or a controlled substance and the student is under 21 years of age at the time of the disclosure.
- To the victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense concerning the final results of a disciplinary hearing.

Additional information on Student Records is available in The Student Handbook, Part II, Section O: (Student Records) or at: [www.angelo.edu/ferpa](http://www.angelo.edu/ferpa).

10. Student Organizations
Information gathered during an investigation of student organization misconduct, as well as any conduct findings and decisions, may be shared with the international or regional headquarters of organizations, as appropriate. This otherwise confidential information will not be shared with other students or the Greek community.

Student organization records do not impact the content of individual student records for members of those student organizations. A finding of responsibility for misconduct for a student organization does not indicate a finding of responsibility for individual students. Individual students may be subject to their own conduct processes separate from the student organization process.

All records concerning a student organization related to conduct processes will remain on file with the University for a minimum of seven (7) years from the date of the completion of the case via Informal Resolution, Administrative or Panel Hearing, and/or conduct appeal processes.

11. Reporting Criminal Behavior
Some instances of student misconduct may also constitute a violation of state, federal, and/or local law. Students have the option to report misconduct to the University, to local law enforcement, or to both. Angelo State University administrators are available to assist students in making a report to law enforcement and will even accompany the student if he or she wishes.

12. Amnesty
The University will provide educational options in lieu of conduct proceedings in certain situations. Examples of the amnesty provision include, but are not limited to:
• Victims of misconduct who were engaging in policy violations, such as underage drinking or drug use at the time of the incident.
• Students who offer assistance to others by calling medical personnel or law enforcement.
• Students who bring their own use, addiction, or dependency to alcohol, drugs, or other addictions to the attention of the University prior to any conduct incidents or reports.

The University will not take any disciplinary action against a student who, in good faith, reports being the victim of, or witness to, an incident of sexual harassment, sexual assault, dating violence, or stalking, for a violation of the Code of Student Conduct occurring at or near the time of the incident, regardless of the location at which the incident occurred or the outcome of the disciplinary process regarding the incident.

Subject to the exceptions noted below, the University will not take any disciplinary action against a student enrolled at the University who in good faith reports to the university being the victim of, witness to, an incident related to Sexual Misconduct, for offering assistance to others by calling medical personnel or law enforcement, or bringing their own use, addiction, or dependency to alcohol drugs, or other addiction to the attention of the University prior to any conduct incidents or reports.

The University reserves the right to investigate to determine whether a report related to Sexual Misconduct was made in good faith. After such investigation, the Director of Title IX Compliance, Title IX and Conduct Officer, or his/her designee will make a determination as to whether a student is entitled to amnesty. Once a determination is made regarding amnesty for a student, such determination is final and may not be revoked.

Abuse of amnesty provisions can result in a violation of the Code of Student Conduct. Amnesty does not preclude students from being charged with allegations of misconduct related to Part II, section B.2. (Actions Against Members of the University Community and Others). The Code of Student Conduct amnesty provisions do not impact criminal proceedings or charges. Amnesty does not preclude students from being required to meet with University staff and to participate in conditions such as counseling and alcohol assessments.

Notwithstanding the foregoing, amnesty does not apply to a student who reports the student’s own commission or assistance in the commission of Sexual Misconduct.

Although students eligible for amnesty may avoid formal disciplinary action under these amnesty provisions, amnesty does not preclude the University from requiring students to participate in directives such as counseling or educational opportunities relating to the conduct engaged in by students.

Abuse of these amnesty provisions by a student may result in a violation of the Code of Conduct.

The University will provide educational options in lieu of conduct proceedings in certain situations. Examples of the amnesty provision include, but are not limited to:
• Victims of misconduct who were engaging in policy violations, such as underage drinking or drug use, at the time of the incident.
- Students who offer assistance to others by calling medical personnel or law enforcement.
- Students who bring their own use, addiction, or dependency to alcohol, drugs, or other addiction to the attention of the University prior to any conduct incidents or reports.

Abuse of amnesty provisions can result in a violation of the Code of Student Conduct. Amnesty does not preclude students from being charged with allegations of misconduct related to Part I, Section B.2. (Actions against Members of the University Community and Others). The Code of Student Conduct amnesty provisions do not impact criminal proceedings or charges. Amnesty does not preclude students from being required to meet with University staff and to participate in conditions such as counseling and alcohol assessments. The Executive Director of Student Affairs or designee can assist with questions related to amnesty provisions.

13. Withdrawal
A Responding Student facing an alleged violation of the Student Code of Conduct may have a hold placed on their transcript requiring them to contact the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to request permission to withdraw from the University. While a student may be permitted to withdraw from the University, the hold will remain on the student’s transcript until all allegations are resolved. The investigation into alleged conduct violations may continue regardless of the student’s withdrawal or choice to participate in the investigation.

SECTION C: CONDUCT PROCEDURES FOR STUDENTS

Upon notice of an alleged violation of the Code of Student Conduct, the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator to review allegations of misconduct. The Student Conduct Officer/Investigator will inquire, gather, and review information about the reported student misconduct and will evaluate the accuracy, credibility, and sufficiency of the information.

Incident reports will be forwarded for investigation when there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or Reporting Party’s statement. If it is determined that the information reported does not warrant an allegation, a policy warning letter-Policy Clarification may be issued to the involved parties to clarify the policy that was in question.

When an initial report of misconduct by a third party does not identify the Reporting Party or the Reporting Party is not available, the Student Conduct Officer/Investigator will investigate the reported incident to the fullest extent of the information available.

When a Reporting Party is identified but is reluctant to participate in the investigative process and/or the student conduct process entirely, the University will make every attempt to follow the wishes of the Reporting Party while weighing the interests of the campus community and the possibility of a continuing threat. If the Reporting Party does not want to participate in the investigative process but has no aversion to the University pursuing conduct action with respect to the named Responding Party, the University will proceed with the student conduct process to the extent of the information available. If the Reporting Party does not want the University to pursue the report in any respect, the University will investigate further only if there is reason to believe that a significant continuing threat to the campus community exists.
NOTE: The Executive Director of Student Affairs, Director of Title IX Compliance, or designee may proceed with the conduct process (even if the complainant(s) chooses not to participate) on a case by case basis if the alleged behavior involves pattern, predation, threat, or violence (PPTV) that may significantly impact the campus community and others.

1. Remedies and Resources
   The University will take immediate action to eliminate hostile environments, prevent recurrence, and address any effects on the Reporting Party and community prior to the initiation of formal investigation and/or formal conduct procedures. These immediate steps will be taken to minimize the burden on the Reporting Party while respecting due process rights of the Responding Party. Remedies for students may include, but are not limited to, counseling services, victim's advocate assistance, modifications to on-campus housing, modifications to parking permissions, and modifications to academic schedule. Remedies will be evaluated on a case-by-case basis.

   a. Resources
      Angelo State University has a variety of resources to assist students involved in conduct processes or experiencing concerns related to other student conduct. Resources include, but are not limited to, assistance in reporting criminal behavior to the University Police Department or the San Angelo Police Department, counseling services, medical assistance, academic support referrals, and other support services. The Executive Director of Student Affairs, Director of Title IX Compliance, or designee are also available to help students understand the student conduct process and identify resources.

   b. Interim Actions
      Under the Code of Student Conduct, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee may impose restrictions and/or separate a student from the community pending the completion of the conduct process on alleged violation(s) of the Code of Student Conduct when a student represents a threat of serious harm to others, that is deemed a continuous threat, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property, and/or to prevent disruption of, or interference with, the normal operations of the University. Interim actions can include separation from the institution or restrictions on participation in the community pending the completion of the conduct process on alleged violation(s) of the Code of Student Conduct. A student who receives an interim suspension may request a meeting with the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to demonstrate why an interim suspension is not merited. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of a campus Hearing. During an interim suspension, a student may be denied access to Housing and Residential Programs/or the University campus/facilities/events. As determined appropriate by the Executive Director of
Student Affairs, the Director of Title IX Compliance, or designee, this restriction may include classes and/or all the other University activities or privileges for which the student might otherwise be eligible. At the discretion of the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee and with the approval of, and in collaboration with, the appropriate Instructor(s), alternative coursework options may be pursued to ensure as minimal an impact as possible on the Responding Party. Students are informed of interim actions by the official notice procedures outlined in Part I, Section A.3. in the Code of Student Conduct. Interim action is not a sanction. It is taken in an effort to protect the safety and well-being of the Reporting Party, Responding Party, and/or other members of the University Community. Interim action is preliminary in nature; it is in effect only until the conduct process has been completed. However, violations of interim administrative action may result in additional allegations of the Code of Student Conduct.

1. No Contact Order
   When initial inquiry indicates persistent and potentially escalating conflict between two members of the University community, a No Contact Order may be issued as a remedial, non-punitive deterrent to further conflict or situational complication. A No Contact Order will be issued by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee via the student’s official Angelo State University e-mail. The notice serves as an official directive that the student(s) have no contact with the other listed parties. Contact cannot occur in person, by telephone, e-mail, text message, or other electronic means of communication, or through a third party (other than an attorney). Should contact need to occur, the student should coordinate with the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee. This notice may also come with other information related to changes in class schedule or other restrictions to facilitate the no contact order. Failure to comply with the no contact order is considered retaliation and will result in disciplinary action, including possible suspension or expulsion. Violations of no contact orders may also result in immediate temporary suspension during pending the completion of the conduct process. The term of a No Contact Order is indefinite, unless otherwise stated in the Order.

2. Immediate Temporary Suspension – Students
   A student may be temporarily suspended pending completion of conduct procedures if, in the judgment of the Executive Director of Student Affairs, the Director of Title IX Compliance or designee, or on recommendation of a Student Conduct Officer/Investigator, the physical or emotional well-being of a student or other students or members of the University community could be endangered or if the presence of the student could significantly disrupt the normal operations of the University. The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will initiate appropriate conduct procedures to address the disruptive behavior within five (5) University business days from the date of Temporary Suspension.
Upon Immediate Temporary Suspension, the student may no longer attend classes, use University services and/or resources, and is not allowed to be on campus until the conduct proceedings have been concluded. Any instances whereby the student should need to return to campus must be coordinated through the Executive Director of Student Affairs, Director of Title IX Compliance, or designee and the University Police Department. Conduct, on or off-campus, that typically results in immediate temporary suspension:

- A significant and articulable threat to the health or safety of a student or other member(s) of the University community that is deemed a continuous threat;
- Sexual assault, other forms of sexual misconduct, stalking, and relationship violence that are creating a hostile environment for the victim and the remedy for the harassment requires temporary separation;
- Criminal felony charges related to weapons, drugs, aggravated assault, and/or terroristic threats;
- Severe disruption in the academic community related to erratic behavior, threats, property damage, and/or verbal aggression with another student, where the offending student is uncooperative with staff requests;
- Violation of a No Contact Order;
- Retaliatory harm, discrimination, or harassment.

3. **Other Interim Actions**

In the event that the physical or emotional well-being of a student, other students, or members of the University community could be endangered, or if the presence of the student could significantly disrupt the normal operations of the University, other interim actions may be taken to protect the educational environment. These actions include, but are not limited to, temporary removal from University student housing, temporary changes in a student’s academic schedule, and temporary restrictions from University activities, services and/or buildings.

4. **Non-Student Interim Actions**

Any guest to the University who is alleged to have violated the *Code of Student Conduct* and/or is deemed to pose a threat to the physical and/or emotional well-being of a student or other members or the University community and/or the presence of an individual could significantly disrupt the normal operations of the University, the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee, in conjunction with the University Police Department, will issue a Criminal Trespass Warning to that individual(s).

5. **Withdrawal of Consent**

a. Grounds for Removal
The Student Conduct Officer/Investigator or another University agent acting in accordance with his/her duties may recommend to the Executive Director of Student Affairs, Director of Title IX Compliance, or designee that, in accordance with the Texas Education Code, the student have his/her consent to remain on the campus withdrawn if, in the judgment of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, it is determined that:

- The student has willfully disrupted the orderly operation of the premises, and;
- The student’s presence on the campus or facility constitutes a substantial and material threat to the orderly operation of the premises.

If the Executive Director of Student Affairs, or the Director of Title IX Compliance, or designee concurs with the Student Conduct Officer/Investigator’s recommendation, permission for the student to be on University premises will be withdrawn. This Withdrawal of Consent will not be longer than fourteen (14) calendar days and a Hearing must be held within these fourteen (14) calendar days to determine the student’s status at the University. Permission to be on University premises must be coordinated through the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee and the University Police Department. The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will notify all parties of the final decision using the written notification procedures outlined in Part I, Section A.3. within five (5) University business days.

b. Registration Hold Flag Following Withdrawal of Consent
When a student is withdrawn under this section, an administrative hold will be placed on the student’s readmission to the University. This administrative hold will remain on the student’s record until the student is readmitted.

NOTE: See Texas Education Code, Sections 51.233-51.244

2. Referral Meeting
A University official may request a meeting with a student in order to discuss a referral made to the Office of Student Conduct, Office of Title IX Compliance or other administrative department when the referral may not be deemed a violation of the Code of Student Conduct, but when the Investigator or designee determines the referral warrants a discussion. The purpose of the discussion is to clarify concerns of the involved parties, to offer assistance to all involved parties, and to explain to the student that repeated referrals may warrant an Investigation which may warrant adjudication.
3. Voluntary Resolution

In any matter governed by the Code of Student Conduct, the parties (usually the Reporting Party and Responding Party) may mutually agree to attempt to resolve the matter prior to conclusion of the conduct process through a Voluntary Resolution process. The procedures utilized in the Voluntary Resolution process must be agreed upon by the parties with concurrence from the Executive Director of Student Affairs, Director of Title IX Compliance, or designee. The parties must mutually agree in writing to all aspects of any resolution reached through the Voluntary Resolution process, including any restrictions, sanctions, or conditions as my be agreed upon by the parties with concurrence from the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, and any such resolution will be binding and final with no opportunity to appeal. Either party may withdraw from the Voluntary Resolution process at any time prior to final resolution, at which time the matter will proceed through the student conduct process as set forth in the Code of Student Conduct. Voluntary Resolution agreements will be maintained in accordance with University policies.

42. The Conduct Process

a. Notice of Involvement

A student will be given notice of his or her involvement in an alleged violation of the Code of Student Conduct by the receipt of a “Notice of Investigation/Notice of Involvement” Letter. In cases involving Part I, Section B.1. (Academic Misconduct), the instructor of record will notify the student of the allegations. When preliminary information indicates that certain, identifiable student(s) are associated with the reported incident, those student(s) will be asked to meet with a Student Conduct Officer/Investigator or the instructor of record for allegations of Academic Misconduct. In addition to the possible sanctions, and in the event that a student fails to respond to written notification, an administrative hold may be placed on the student’s record to prevent further registration and transcript receipt. The administrative hold will remain until such time as the Student Conduct Officer/Investigator receives an appropriate response. Failure to comply with or respond to a notice issued as part of conduct procedure and/or failure to appear will not prevent a Student Conduct Officer/Investigator from proceeding with the conduct process. Likewise, failure of a student to respond to notification to appear may result in additional alleged violation and result in a charge of Failure to Comply.

b. Rights and Responsibilities

Prior to the formal investigative process, a student will be provided a Student Rights and Responsibilities document. This document will be reviewed and signed by the
student prior to an interview with the Student Conduct Officer/Investigator. The Students Rights and Responsibilities document informs the student of his or her rights to be exercised before and during the investigative process. Information gathered during the course of the investigation and student conduct process may only be shared only with faculty, staff, students, and/or advisors who are directly involved in the incident or necessary to the student conduct process. Information gathered may also be disclosed in compliance with a judicial order or lawfully issued subpoena.

A student has the right to:

1. A prompt, fair, and equitable process.

2. Be accompanied by an advisor at any meeting or Hearing. An advisor can be any one of the following: a member of the Angelo State University Community (faculty, staff, or student not otherwise involved in the case), a Victim’s Advocate, a parent or legal guardian, a relative, or in situations involving criminal legal proceedings, an attorney. An advisor’s role is that of support – he or she may not speak on behalf of the student and does not have an active, participatory role in the conduct process. If an advisor for the student is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend the Hearing on behalf of the University. Students are responsible for presenting their own information; therefore, advisors are not permitted to speak or participate directly in any Hearing unless authorized by a Student Conduct Officer/Investigator. Students should select an advisor whose schedule allows attendance at the scheduled date and time for the Hearing, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of a Student Conduct Officer/Investigator upon written request five (5) University business days in advance of the scheduled Hearing date. The Executive Director of Student Affairs, Director of Title IX Compliance, or designee has the discretion to remove an advisor at any point during the conduct process. A witness, anyone who may have a conflict of interest, or anyone who may have any participatory role in the process may not be allowed to serve as an Advisor. Students who have been suspended may not serve as an Advisor during their suspension, and students who have been expelled may not serve as an Advisor.

3. Refrain from making any statement relevant to the investigation. Students are expected to cooperate in the University conduct process, but may elect not to participate in the investigation process, either in part or entirely. However, a student’s refusal to participate in the investigation, in whole or in part, lasts for the duration of the conduct process. In other words, if a student chooses not to provide information during the investigation, they will not be allowed to present new information during the Hearing; similarly, if a student provides only limited information during the investigation (i.e., answering some of the Student Conduct Officer/Investigator’s questions but not others), then during the Hearing, the
student will only be permitted to speak to the information he or she provided, with no additional commentary. The rationale for this policy is to prevent either party from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

**NOTE:** See Pre-Hearing Process, below, for details on inclusion of new, previously unavailable information after conclusion of the investigate process.

4. The opportunity to provide information and evidence in support of their case.

5. Know if they have been issued any allegations of misconduct.

6. Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred.

7. Know the Angelo State University conduct policies and procedures, and where to find them.

8. Know that any information provided by the student may be used in a conduct proceeding.

9. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action.

It is the student’s responsibility to:

1. Be responsive to all correspondence from the University.

2. Provide information relevant to the incident or situation.

3. Be honest and provide true and accurate information during the investigation.

4. Review the *Code of Student Conduct* in order to fully understand all aspects of the student conduct process.

c. **Investigation**

The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator who will conduct a thorough, reliable, and impartial investigation of the reported allegation. In cases involving Part I, Section B.1. (Academic Misconduct), the instructor of record will conduct the initial inquiry/investigation. Reported allegations of misconduct under the *Code of Student Conduct* have varying degrees of complexity and severity. Therefore, the investigation procedures described below may vary.
When an initial inquiry indicates a concurrent police investigation is occurring, the Student Conduct Officer/Investigator will, where possible, collaborate with the University Police Department during the investigation. Elements of this collaborative investigation may include the Student Conduct Officer/Investigator coordinating with responding officers at the scene of the incident, joint interviews with police detectives, and evidence sharing. The Student Conduct Officer/Investigator will never take physical custody of any physical or electronic evidence but will work closely with the University Police Department to inspect, analyze, and incorporate physical or electronic evidence into the Investigative Report and/or investigative materials.

During the investigative process, Reporting Parties and Responding Parties are responsible for providing all information or evidence that they believe should be considered.

Once the investigative process is complete, the Student Conduct Officer/Investigator may compile the relevant information and evidence into an Investigation Report, which will include the allegations of the Code of Student Conduct and may include a timeline of the event(s), statements from interviews, physical and electronic evidence, a breakdown of the discrepancies in the various interviews, and credibility considerations. The Student Conduct Officer/Investigator will document any physical or electronic evidence in a manner that is conducive and unobstructive to concurrent or forthcoming police investigations. A student will have access to review the completed Investigation Report and/or investigative materials relevant to the investigation after the Investigative process has concluded. In order to protect confidentiality, however, students are not given copies of Investigation Reports and/or investigative materials.

Allegations of potential violations of the Code of Student Conduct, if appropriate, are assigned at the conclusion of the investigative process at which point the Student Conduct Officer/Investigator explains the options for resolution to the involved parties. Should students not participate in the investigative process, the conduct process may continue without their participation, including the assignment of allegations.

d. **Informal Resolution**

If after the Initial Inquiry/Investigation, the responding student accepts responsibility for the allegations of the Code of Student Conduct which may be outlined in an Investigation Report, the student can choose to resolve the issue informally. Should the student wish to participate in the Informal Resolution Process, the Student Conduct Officer/Investigator conducting the initial inquiry/investigation will inform the student of the appropriate sanctions for the misconduct. To participate in the Informal Resolution process, a student must accept both the finding and the sanctions. If accepted, the process ends, the finding is final, and there is no appeal. In cases involving Part I, Section B.1. (Academic Misconduct), the instructor of record can assign sanctions in Part I, Section C.4.h.
Additional sanctions in Part I, Section C.4.a.-g. can also be assigned on a case-by-case basis by the Executive Director of Student Affairs, Director Title IX Compliance, or designee.

In cases involving another student (a Reporting Party) and/or a violation of Part I, Section B.2. (Actions Against Members of the University Community and Others) of the Code of Student Conduct, both the Reporting Party and the Responding Party must agree to both the finding and the sanctions as recommended by the Student Conduct Officer/Investigator. The case will only be reopened if new material, previously unavailable, is presented. The Informal Resolution, while not considered mediation, will also not be utilized to resolve cases of sexual assault and interpersonal violence.

Written notification of the outcomes and sanctions, if applicable, of the Informal Resolution will be provided to the student and appropriate University Administrators within five (5) University business days of the effectuation of the Informal Resolution. All cases involving Part I, Section B.1. (Academic Misconduct) will be reported to the Executive Director of Student Affairs or designee by the instructor of record if the student chooses the Informal Resolution.

e. Pre-Hearing Process
In cases involving an Administrative or Panel Hearing, the Pre-Hearing Process will be followed. Once the investigative process is complete, the Reporting Party and Responding Party will be given notice of a Pre-Hearing Meeting scheduled outside of the student’s academic schedule. Should students not participate in the Pre-Hearing, the conduct process may continue without their participation, including the assignment of charges and the completion of an Administrative or Panel Hearing. During this meeting, students will be given the opportunity to review the Investigation Report, relevant evidence, and/or other documents/materials to be used in the Administrative or Panel Hearing. Other documents/materials reviewed may include notification of Respondent’s the Responding Party’s allegations, Panel composition, and Hearing Script. Following the Pre-Hearing, student(s) will be notified, via the notification procedures, outlined in Part I, Section A.3., of a date, time, and location of the Hearing.

While students may identify errors in their own statements during the Pre-Hearing, they are not able to add additional information to the Investigation Report unless that information, in the judgment of the Student Conduct Officer/Investigator, was unavailable during the investigative process and is pertinent to the consideration of the case. If a student discovers new, previously unavailable information during the time after the Pre-Hearing but before the Administrative or Panel Hearing, the student should inform the Student Conduct Officer/Investigator immediately. If the new information is pertinent to the consideration of the case, the Student Conduct Officer/Investigator will determine whether the new information should be
included in the Investigation Report or presented verbally during the Administrative or Panel Hearing. If there is new evidence introduced, other involved parties would also be given the opportunity to provide a response to any new evidence that will be presented in the Administrative or Panel Hearing.

The student conduct process is designed to be non-adversarial. Students will be permitted to question the statements and evidence presented by the other involved parties but may not do so directly. After reviewing the investigation report, during the Pre-Hearing, Reporting Parties and Responding Parties will have the opportunity to question the statements and evidence presented by the other involved parties, via the Student Conduct Officer/Investigator, who will pose the questions and supplement the Investigation Report.

**NOTE: Questions that are deemed objectionable, inappropriate, and/or irrelevant by the Student Conduct Officer/Investigator may be rejected.**

Students may indicate whether an Administrative Hearing or Panel Hearing or Sanction Only Hearing is preferred. However, the Student Conduct Officer/Investigator has the sole discretion in all cases to designate whether an Administrative Hearing Panel Hearing or Sanction Only Hearing Panel will be held notwithstanding the student’s preference.

In cases requiring a Hearing Panel, the Student Conduct Officer/Investigator will share the list of Panel members which consists of faculty, staff, and students trained for Panel Hearings. Students will be given the opportunity to request to strike any member of the Hearing Panel whose impartiality may be in question. In order to strike a member of the Hearing Panel, the student must provide the Student Conduct Officer/Investigator with a reasonable and substantiated rationale for the request. Once the composition of the Hearing Panel is set, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee will schedule the Panel Hearing.

At the discretion of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, a review of the conduct case may occur at any point during the investigation or conduct process for clarification of procedural processes and may remand to investigation or adjudication if deemed necessary.

**53. Hearings**

Upon completion of the initial inquiry/investigation, after the allegation(s) have been assigned, and proper notice has been given to the student, the University may proceed to conduct either an Administrative or a Panel Hearing and issue a finding and accompanying sanctions, if applicable. The Administrative or Panel Hearing may be held and a decision made, regardless of whether the student responds, fails to respond, attends the Hearing, or fails to attend the Hearing. Should the student fail to attend the Administrative or Panel Hearing, the Student Conduct Officer/Investigator or the Hearing Panel may consider the information contained in the Investigation Report, relevant evidence, and/or other documents/materials, and render a decision. **If the**
student accepts responsibility for the allegations issued in the investigation Report, the student may request a Sanction Only Hearing.

Hearings are closed to the public. In cases involving another student (a Reporting Party) and/or a violation of Part I, Section B.2. (Actions against Members of the University Community and Others) of the Code of Student Conduct, both the Reporting Party and the Responding Party have the right to be present at the Hearing; however, they do not have the right to be present during deliberations. Arrangements can be made so that Reporting and Responding Parties do not have to physically be in the Hearing room at the same time. To request changes in the scheduled Hearing time, students should contact the Office of Student Affairs or the Office of Title IX Compliance prior to the scheduled Hearing.

The University will attempt to facilitate reasonable questioning of involved parties throughout the investigation and conduct process.

An In Absentia decision may be rendered by the appointed hearing body after proper notice has been given to the student, and the student has failed to respond within the allotted timeframe to meet with an investigator.

a. **Administrative Hearing**

An Administrative Hearing is the process of adjudicating allegations of violations of the Code of Student Conduct by an Administrative Hearing Officer. The Administrative Hearing Officer in an Administrative Hearing may be the Student Conduct Officer/Investigator that completed the Investigation Report or Administrative Hearing Officer assigned by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee. In cases involving Part I, Section B.1. (Academic Misconduct), the Administrative Hearing Officer will be the Academic Dean of the college housing the course where the violation occurred or designee with assistance from the Executive Director of Student Affairs or designee. The Administrative Hearing Officer makes the decision of responsibility and assigns sanctions, as appropriate.

Written notification of the outcomes of the Administrative Hearing will be provided to the student within five (5) University business days of the conclusion of the Administrative Hearing. Decisions made through the Administrative Hearing may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

b. **Panel Hearing**

For each Panel Hearing a panel of three (3) Hearing Panel members will be chosen from the available pool by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee. Typically, the Hearing Panel will be comprised of one student, one faculty member, and one staff member. Availability may determine a different composition for the Panel. For allegations involving Part I, Section B.1.
(Academic Misconduct), the Hearing Panel will be comprised of only students and faculty members. For cases involving Part I, Section B.2. (Actions Against Members of the University Community and Others) or other sensitive issues, the Director of Title IX Compliance or designee will appoint three (3) Administrative Hearing Officers for the Hearing Panel.

Administrative Hearing Officers who served as Investigators for the case being heard by a Hearing Panel may not serve as either a voting member of the Hearing Panel or as the non-voting Resource Person and will only participate as the Investigator in the Panel Hearing.

All Hearing proceedings, excluding deliberations of the Hearing Panel, will be recorded by the University.

During the Panel Hearing, a designated Resource Person will facilitate the Hearing process.

The Executive Director of Student Affairs, Director of Title IX Compliance, or designee will appoint a Panel Resource Person to serve as a non-voting participant in the Panel Hearing. The Panel Resource Person will be a trained University staff member who may:

- Prepare the Panel Hearing materials;
- Record the Panel Hearing proceedings;
- Escort participants into the Hearing room, grant breaks for participants, and distribute evidentiary materials;
- Ensure proper decorum throughout the Panel Hearing;
- Ensure the procedural soundness of the Panel Hearing;
- Provide student conduct history as well as any documented Policy Warnings issued to the Responding Party, during the sanctioning phase, if necessary;
- Transcribe the findings of the Hearing Panel;
- Compile the post-Hearing documentation;
- Deliver notification to student parties.

The Student Conduct Officer/Investigator presents the Investigation Report, evidence, witnesses, allegation(s), and questions for deliberation. Both the Reporting Party and Responding Party have the right to add or make additional comments about the facts of the case. The Hearing Panel may question the Student Conduct Officer/Investigator, Reporting Party, Responding Party, and any witnesses. The Reporting Party and Responding Party do not have the right to question each other or witnesses directly but may not question each other or witnesses directly, but may pose questions through the Student Conduct Officer/Investigator. Should new evidence be presented without prior discussion with the Student Conduct Officer/Investigator, the Hearing may be halted to consider the inclusion of this information. Impact statements will also be halted if they are shared prior to the sanctioning phase of the Hearing. In the event the
Resource Person removes a student due to misconduct (Reporting Party, Responding Party, or witnesses), the alleged misconduct will be forwarded to the Executive Director of Student Affairs, Director of Title IX Compliance or designee.

Following the Hearing, the Hearing Panel will deliberate and will render a decision in regard to the alleged misconduct as well as decide any sanctions, if applicable. Should the Hearing Panel have any questions for the Student Conduct Officer/Investigator, the Reporting Party, and/or the Responding Party, the Hearing Panel will reconvene so that all parties have the opportunity to respond and be present for other parties’ responses.

Outcomes of the Hearing Panel will be provided to the student(s) in writing within five (5) University business days of the conclusion of the Panel Hearing. Decisions made through the Hearing Panel may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

c. _Sanction Only Hearing_

If the student accepts responsibility for the allegations issued in the Investigation Report, the student may request a Sanction Only Hearing, by either a Hearing officer or a Hearing Panel. During a Sanction Only Hearing, the Investigation Report and finding are presented to the Hearing Panel by the Investigator. During presentation of the Investigation Report and finding, the Reporting and Responding Party are not allowed to dispute the facts or details of the case. Both the Reporting and Responding Party may be present and both the Reporting and Responding Party may provide impact statements prior to sanctioning. Mitigating factors as well as a character statement may also be presented by the Responding Party and may be considered by the Hearing Panel. Written notification of the outcome of the Sanction Only Hearing will be provided to the student(s) within five (5) University working days of the conclusion of the Sanction Only Hearing. Decisions made through the Sanction Only Hearing may be appealed by the students by utilizing the Disciplinary Appeal Procedures outlined in Part II, section C.5. In Sanction Only Hearings, students may appeal the sanction(s), and can only appeal on the following grounds, “the sanction imposed substantially varies from the range of sanctions normally imposed for similar infractions.” _A student may only choose a Hearing Panel for Sanction Only Hearings for potentially separable offenses._

64. _Sanctions_

A Student Conduct Officer/Investigator, Administrative Hearing Officer, or Hearing Panel may impose sanctions as a result of an Informal Resolution, Administrative Hearing, or Hearing Panel, when a student is found responsible. The potential sanctions are listed in the _Code of Student Conduct_ grid at: [http://www.angelo.edu/student-handbook/appendices/sanctioning-grids.php](http://www.angelo.edu/student-handbook/appendices/sanctioning-grids.php). The grid, mentioned above, is provided only as a guideline for administering sanctions by the Student Conduct Officer/Investigator, Administrative Hearing Officer, or the Hearing Panel. The Student Conduct
Officer/Investigator, Administrative Hearing Officer, and/or the Hearing Panel may deviate from the grid for sufficient reason.

Implementation of the disciplinary sanction(s) will not begin and are not deemed final until either the time for a disciplinary appeal has expired or until the disciplinary appeal process is exhausted. Sanctions agreed upon through the Informal Resolution Process are final upon effectuation of the Informal Resolution. When sanctions are final, appropriate University Administrators may be notified of the student’s sanctions. Upon the judgment of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, some cases resulting in sanctioning of suspension and expulsion may begin prior to the completion of the disciplinary appeal process. Findings and sanctions agreed upon through the Informal Resolution Process are final and cannot be appealed.

All records related to the disciplinary process will remain on file in Room 112 of the Houston Harte University Center for a minimum of seven (7) years from the date the case is completed through an Informal Resolution, Administrative Hearing, Sanction Only Hearing, and/or Disciplinary Appeal Procedures in Part I, Section C.5. All records related to the disciplinary process resulting in suspension and/or expulsion will remain on file indefinitely.

If a student is found responsible for violating the Code of Student Conduct, sanctions may be imposed and can include, but are not limited to, the following:

**a. Disciplinary Reprimand**

The Disciplinary Reprimand is an official written notification using the notice procedures outlined in Part I, Section A.3. (Notice) to the student that the action in question was misconduct.

**b. Disciplinary Probation**

Disciplinary Probation is a period of time which a student’s conduct will be observed and reviewed. The student must demonstrate the ability to comply with University policies, rules, and/or standards and any other requirement stipulated for the probationary period. Further instances of misconduct under the Code of Student Conduct during this period may result in additional conditions, restrictions, and/or sanctions.

**c. Deferred Disciplinary Suspension**

Deferred Disciplinary Suspension is a period of time where a Disciplinary Suspension may be deferred for a period of observation and review, but in no case will the Deferred Disciplinary Suspension be less than the remainder of the semester. Further instances of misconduct under the Code of Student Conduct during this period may result in additional sanctions.

**d. Time-Limited Disciplinary Suspension**
Time-Limited Disciplinary Suspension is a specific period of time in which a student is not allowed to participate in class or University related activities. The status of disciplinary suspension will be shown on the student’s academic record, including the transcript. Time-Limited Disciplinary Suspension is noted on the student’s transcript by the phrase “Disciplinary Suspension” and will include the period of time in which the student is/was suspended from the University. The notation of disciplinary suspension will remain on the transcript indefinitely. Notification of disciplinary suspension of a student will indicate the date on which it begins and the earliest date the application for student readmission will be considered. The Student Conduct Officer/Investigator may deny a student’s readmission, if the student’s misconduct during the suspension would have warranted additional disciplinary action. If the student has failed to satisfy any sanction that was imposed prior to application for readmission, the Student Conduct Officer/Investigator may deny readmission to a student. On denial of a student’s readmission, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee will set a date when another application for readmission may again be made. An administrative hold will be placed on the student record to prevent registration during the Disciplinary Suspension.

**e. Disciplinary Expulsion**

Disciplinary Expulsion occurs when the student is permanently withdrawn and separated from the University. The status of Disciplinary Expulsion will be shown permanently on the student’s academic record, including the transcript. Disciplinary Expulsion is noted on the student’s transcript by the phrase “Disciplinary Expulsion” and the date in which the student’s expulsion was effective. An administrative hold will be placed on the student record by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to prevent future registration.

**f. Conditions**

A condition is an educational or personal element that is assigned by Student Conduct Officer/Investigator, Administrative Hearing Officer, or Hearing Panel. Costs associated with conditions may be the responsibility of the student and will be billed to the student’s account. Some examples of conditions include, but are not limited to:

- Personal and/or academic counseling intake session.
- Discretionary educational conditions and/or programs of educational service to the University and/or community.
- Residence hall relocation and/or contract review/cancellation of residence hall contract and/or use of dining facilities.
- Restitution or compensation for loss, damage or injury, which may take the form of appropriate service and/or monetary or material replacement.
- Monetary assessment owed to the University.
• Completion of an alcohol or drug education program.
• Referral to the Alcohol & Drug Abuse Council for the Concho Valley (ADACCV) for assessment, http://www.adaccv.org/.

**g. Restrictions**
A restriction is an additional component of a disciplinary sanction. A restriction is usually an educational component that is to occur in conjunction with the sanctions and will usually be time specific. Some examples of restrictions include, but are not limited to:

- Revocation of parking privileges.
- Denial of eligibility for holding office in registered student organizations.
- Denial of participation in extracurricular activities.
- Prohibited access to University facilities and/or prohibited direct or indirect contact with members of the University community.
- Loss of privileges on a temporary or permanent basis.

**h. Academic Penalties**
In cases involving violations of Part I, Section B.1. (Academic Misconduct) an academic penalty may be imposed by the referring party. Academic penalties include, but are not limited to:

- Assignment of a grade for the relevant assignment, exam, or course.
- Relevant make-up assignments.
- No credit for the original assignment.
- Reduction in grade for the assignment and/or course.
- Failing grade on the assignment.
- Failing grade for the course.
- Dismissal from a departmental program.
- Denial of access to internships or research programs.
- Loss of appointment to academically-based positions.
- Loss of departmental/graduate program endorsements for internal and external fellowship support and employment opportunities.
- Removal of fellowship or assistantship support.

**i. Parental Notification**
Violations of Part I, Sections B.3. (Alcoholic Beverages) or B.4. (Narcotics or Drugs) may result in notification to the parents/guardians of dependent students under the age of 21.

**Disciplinary Appeal Procedures**
A student may appeal the finding or the sanction(s) imposed in an Administrative Hearing or Panel Hearing by submitting a written petition to the designated appeal
The designated appeal officer in each conduct case. The Provost and Vice President for Academic Affairs or designee will be the designated appeal officer for cases involving Academic Misconduct. The designated appeal officer will be a trained University staff or faculty member who did not serve as the Student Conduct Officer/Investigator or the Administrative Hearing Officer in the original Conduct Process and will render a neutral, impartial, and unbiased decision.

The petition must clearly set forth the grounds for the appeal, together with the evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal. The only proper grounds for appeal, and the only issues that may be considered on appeal are as follows:

- A procedural or substantive error that significantly impacted the outcome of the Hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
- The discovery of new evidence, unavailable during the original Hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included; or
- The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.

In cases involving alleged misconduct involving Part I, Section B.2. (Actions against Members of the University Community and Others), either the Reporting Party or Responding Party may appeal the decision of the Hearing Panel. In such cases, the Vice President for Student Affairs and Enrollment Management or designee will provide the request for appeal to the other party and provide opportunity for response.

The designated appeal officer will first review the appeal to determine if the appeal is timely and properly sets forth the appropriate grounds for appeal, with adequate accompanying evidence. If any of these requirements are not met, the appeal will be dismissed, and the decision will be final.

If the designated appeal officer determines that the sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions, the appeal identifies a procedural/substantive error, or new evidence that was unavailable at the original Hearing, the appeal officer will then determine whether the error or new evidence would have substantially impacted the decision of the Administrative Hearing Officer or Hearing Panel. If the designated appeal officer determines that the error or new evidence would have substantially impacted the decision, he or she may:

- Modify the finding and/or increase, decrease, or otherwise modify the sanctions;
- Remand the case to the original Hearing Panel;
• Remand the case to a new Hearing Panel.

The Office of the Vice President for Student Affairs and Enrollment Management, Academic Dean, or designee shall make all reasonable efforts to notify the student(s) of the status of the appeal throughout the appellate process and shall make all reasonable efforts to notify the student(s) of the result of their appeal using the written notification procedures outlined in Part I, Section A.3. (Notice) within ten (10) University business days. If necessary, the designated appeal officer will notify the student should they need additional time to determine the outcome of the appeal. The decision of the designated appeal officer is final and cannot be appealed.

If the designated appeal officer remands the decision to a new Hearing Panel, the decision of that Hearing Panel is final and may not be appealed.

86. Former Student Conduct & Readmission

A former student who engages in conduct that is a violation of the Code of Student Conduct may be subject to conduct procedures prior to reenrollment, a bar against readmission, revocation of a degree, and withdrawal of a diploma.

A student who has had an administrative hold placed on his or her records under this section must request readmission from the Vice President for Student Affairs and Enrollment Management or designee at least three (3) weeks prior to any Angelo State University Office of Admissions application deadlines for the semester or summer session in which the student wishes to re-enroll. The student may be required by the Vice President for Student Affairs and Enrollment Management or designee to submit evidence in writing supportive of his or her present ability to function properly and effectively in the University community. The University will evaluate the student’s request and supporting documentation with primary consideration given to satisfying all conditions specified at the time of suspension or withdrawal. If approval is granted by the Vice President for Student Affairs and Enrollment Management or designee for the removal of the administrative hold, the student must then complete the regular University readmission procedures.

SECTION D: CONDUCT PROCEDURES FOR STUDENT ORGANIZATIONS

Upon notice of an alleged violation of the Code of Student Conduct by a student organization, the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator to review allegations of misconduct. The Student Conduct Officer/Investigator will inquire, gather and review information about the reported student organization misconduct and will evaluate the accuracy, credibility, and sufficiency of the information.

Incidents will be forwarded for investigation when there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or Reporting Party’s statement. If it is determined that the information reported does not
warrant an allegation, a policy warning letter may be issued to clarify the policy that was in question.

1. **Initial Inquiry**
   An initial inquiry would occur to review information about the alleged misconduct and to evaluate the accuracy, credibility, and sufficiency of the information. When an initial report does not identify victims of misconduct or victims are not available, it can limit the ability to investigate the incident. When the Reporting Party is identified but is reluctant to participate in the investigation process or student conduct process, the University will make every attempt to follow the wishes of the Reporting Party while weighing the interests of the campus community and the possibility of continuing inappropriate behavior and threat to the community. If the Reporting Party does not want to participate in the investigative process but has no aversion to the University pursuing the conduct process, the University will proceed to the extent of the information available.

2. **Decision to Document the Incident without Further Investigation**
   If it is determined that the information reported and available does not warrant an allegation of a conduct violation, a policy warning letter may be issued to clarify the policy in question. This may happen in situations where reports received are from anonymous sources with no ability to validate the credibility of the concern and the initial inquiry identifies little to no other information to support the report.

3. **Remedies & Resources to Reporting Parties/Responding Parties**
   a. The University will take immediate action to eliminate hostile environments, prevent recurrence, and address any effects on the Reporting Party and community prior to the initiation of formal investigation and/or formal conduct processes. These immediate steps will be taken to minimize the burden on the Reporting Party while respecting due process rights of the Responding Party. Remedies for students may include, but are not limited to, counseling services, victim’s advocate assistance, and modifications to on-campus housing, modifications to parking permission, and modification to academic schedule. Remedies will be evaluated on a case-by-case basis.
   b. Assistance and resources are provided to the Reporting Party in order to help them understand the options available to them when making a report, to determine what resolution the reporting party is seeking, to identify university and community resources to support the reporting party, and to stop any current inappropriate behavior. Resources include, but are not limited to, assistance in reporting criminal behavior to the University Police Department or San Angelo Police Department, counseling services, medical assistance, academic support referrals, and other support services. This is handled by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee taking the initial report. This staff member may or may not be the person to investigate the complaint.
4. **Interim Actions**
Under the *Code of Student Conduct*, the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee may impose restrictions and/or temporarily suspend the registration of a student organization pending the scheduling of a campus Hearing on alleged violation(s) of the *Code of Student Conduct* when the student organization represents a threat of serious harm to others, that is deemed a continuous threat, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University. Examples of conduct or incidents that may result in interim suspension are hazing; conduct or incidents at organization events and activities resulting in allegations of sexual misconduct; behavior that results in criminal felony charges, severe disruption, and/or retaliatory harassment; alcohol/drug policy violations occurring during recruitment or social events; and cease and desists directives from inter/national or regional organizations. A student organization who receives an interim suspension may request a meeting with the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee to demonstrate why an interim suspension is not merited. Regardless of the outcome of the meetings, the University may still proceed with the scheduling of a campus Hearing. During an interim suspension, the student organization is not able to access the benefits of being a registered student organization during this time period, and organization activities should cease in order to prevent additional misconduct. Student organizations are informed of interim actions by the official notice procedures outlined in Part I, Section A.3. of the *Code of Student Conduct*. Interim action is not a sanction. It is taken in an effort to protect the safety and well-being of the Reporting Party, Responding Party, and other members of the University Community, the University, and/or property. Interim action is preliminary in nature; it is in effect only until the conduct process has been completed. However, violations of interim actions may result in additional allegations of violations of the *Code of Student Conduct*. 

5. **Notice of Investigation/Notice of Involvement**
A student organization will be given notice of the organization’s investigation involvement in an alleged violation of the *Code of Student Conduct* by receipt of a “Notice of Investigation/Involvement/Need to Talk” letter or direct contact by a Student Organization or Greek Life staff member.

6. **Initial Contact to the Student Organization Leadership and Advisor**
In most cases, the appropriate Student Organization or Greek Life, Student Affairs, or Office of Title IX Compliance staff will ask the student organization President and Faculty/Staff Advisor or Alumni Advisor for an initial response to the information received within a prompt timeframe. At this time, student organization officers and members accused of conduct violations will also receive information about resources that can assist them during the conduct proceedings. When organization leaders are prompt, cooperative, and forthcoming with information to assist in the inquiry, it can reduce conduct findings and sanctions. Organizations should be aware that information gathered during this initial contact is documented for use during conduct proceedings.
Organizations that fail to comply with or respond to a notice issued as part of conduct procedures and/or fail to appear will not prevent the continuation of the conduct process. Likewise, a student organization that ignores requests for information, misrepresents information, or conceals information can face additional allegations of misconduct and increased sanctions.

7. Notification of the International/Inter/National or Regional Headquarters (if relevant)

In most cases (with the exception of low-level concerns), Greek Life staff will notify representatives of the international/inter/national or regional headquarters of the complaint received and of the process for reviewing the complaint. Angelo State University believes in an active partnership with international/inter/national and regional organization staff to resolve concerns. These international/inter/national and regional staff and volunteers are often better able to identify opportunities to address concerns and may be conducting their own investigation and conduct process. Angelo State University staff will specifically contact international/inter/national and regional organizations when recurring reoccurring concern indicates a climate issue for the organization, when the response of the organization is not compliant or timely, when there is an immediate threat to member or other’s safety, or when the organization has already participated in conduct processes for concerns.

8. Rights & Responsibilities

Prior to the formal investigation process, a student organization will be provided a Students Rights & Responsibilities document to review and sign prior to an interview with the appointed Student Conduct Officer/Investigator. The Rights & Responsibilities document informs the student organization of rights to be exercised before and during the conduct process. Those rights include the right to:

a. A prompt, fair, and equitable process;

b. Be accompanied by an advisor at any conduct or related proceeding.

- An “advisor” can be any of the following: a member of the Angelo State University community (faculty, staff, or student not otherwise involved in the case), a Victim’s Advocate, a parent or legal guardian, a relative, or in situations involving criminal legal proceedings, an attorney.

- An advisor’s role is that of support – he or she may not speak on behalf of the organization and does not have an active, participatory role in the conduct process. If an advisor for the organization is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend on behalf of the University.

- In the case of a student organization conduct proceeding, the President of the student organization is asked to make a response on behalf of the organization. During these processes, the President is also encouraged to include the faculty/staff advisor for the student organization. In many cases, the President may not be able to speak on behalf of the local advisory board to the student organization, so the inclusion of a local alumni advisor is also allowed.
In the case of student organizations, the current President of the organization is responsible for presenting information during the formal hearing. The roles of the advisors during formal hearings should be for support and guidance, not to speak or participate directly in the formal hearing unless authorized. Advisors are not permitted to speak or participate directly in any Hearing unless authorized by a Student Conduct Officer/Investigator.

Student organizations should select an advisor whose schedule allows attendance at the meeting, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of the investigator and with advanced notice. The Executive Director of Student Affairs or designee has the discretion to remove an advisor at any point during the conduct process. A witness, anyone who may have a conflict of interest, or anyone who may have any participatory role in the process may not be allowed to serve as an Advisor. Students who have been suspended may not serve as an Advisor during their suspension, and students who have been expelled may not serve as an Advisor.

c. Refrain from making any statement relevant to the investigation.

Student organizations are expected to cooperate with the University conduct process, but may elect not to participate in the investigation process, either in part or entirely. However, a student organization’s refusal to participate in the investigation, in part or whole, lasts for the duration of the conduct process. In other words, if a student organization chooses not to provide information during the investigation, they will not be allowed to present new information during the Hearing; similarly, if a student organization provides only limited information during the investigation (i.e., answering some of the Investigator’s questions but not others), then during the Hearing, the student organization will only be permitted to speak to the information provided with no additional commentary. The rationale for this policy is to prevent parties from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

NOTE: See Pre-Hearing Process, below, for details on inclusion of new, previously unavailable information after conclusion of the investigative process.

d. The opportunity to provide information and evidence in support of the case;

e. Know if they have been issued any allegations of misconduct;

f.  Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred;

g. Know the Angelo State University conduct policies and procedures and where to find them;

h. Know that any information provided by the student organization may be used in a conduct proceeding:
• Any information provided by a student during an investigation may be used in formal conduct processes related to allegations against the student organization, the student, or other students.

• Student and student organization records are subject to the Federal Education Rights & Privacy Act (FERPA). Information collected during an investigation will be compiled into an investigation report and is considered student or student organization records. The investigation report may be shared with the assigned student conduct hearing panel members or administrative officers assigned to adjudicate concerns as officials with legitimate educational interest and without written consent for release. Student and student organization records can be subpoenaed in accordance with criminal processes which could include the release of the investigation report to law enforcement officials. The investigation report may also be shared with the international inter/national or regional organization headquarters staff to assist with collaborative investigations.

i. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action.

Student organization responsibilities include:

j. Be responsive to all communications from the University;

k. Provide information relevant to the incident or situation;

l. Be honest and provide true and accurate information during the investigation;

m. If a student or student organization needs additional time to gather information, please inform your Student Conduct Officer/Investigator;

n. Review the Code of Student Conduct in order to fully understand all aspects of the student conduct process.

9. Investigation

a. The Executive Director of Student Affairs, the Director of Title IX Compliance, or designee will appoint a Student Conduct Officer/Investigator to conduct a thorough, reliable, and impartial investigation of the reported allegation/concern.

b. Reported allegations of misconduct under the Code of Student Conduct have varying degrees of complexity and severity. Therefore, the investigation procedures described below may vary. In student organization incidents there is potential for three or more separate investigations to be occurring in a similar time frame:

• Angelo State University Student Organization Conduct Investigation.
• Criminal Investigation by the University, San Angelo, or Other Police Departments.
• International or Regional Headquarter Investigation.
• Local Student Organization Advisory Board Investigation.

c. When initial inquiry indicates that another concurrent investigation is occurring alongside the Angelo State University student conduct investigation, the appointed investigator(s) will, where possible, collaborate with the other entities conducting investigations. Elements of a collaborative investigation may include coordinated or joint interviews, evidence sharing, and investigation report sharing within the limits of student records policies.

d. Investigations of student organization conduct may include the requirement for student organization members to attend an investigation meeting as a group or as individuals. Students may be asked to complete written questionnaires related to the investigation. Regardless of the nature of the investigation, students and student organizations should be aware of their rights and responsibilities in the conduct process and recognize that any information shared during the course of the student conduct investigation may be used in formal conduct processes against the student organization or the individual student. Students can always decline to participate in a collaborative investigation meeting and meet only with the student conduct investigator instead of meeting together with other investigators.

e. During the investigation process, student organization representatives are responsible for providing all information or evidence that they believe should be considered. Once the investigative process is complete, the Student Conduct Officer/Investigator will compile the relevant information and evidence into an Investigation Report, which will include the allegations of the Code of Student Conduct and may include a timeline of the event(s), statements from the interviews, physical and electronic evidence, a breakdown of the discrepancies in the various interviews, and credibility considerations. The Investigator will document any physical or electronic evidence in a manner that is conducive and unobstructed to concurrent or forthcoming police investigations.

f. Student organizations will be asked to provide information about any actions occurring voluntarily by the organization and/or to address concerns or actions occurring related to other conduct processes (international or regional actions, local alumni board actions). This information is used to afford the opportunity for an organization to be eligible for informal resolution processes or the sanctioning portion of a formal hearing if an organization is found responsible for a policy violation.

g. A student organization will have access to a completed Investigation Report and/or investigative materials relevant to the allegation(s) after the investigative process has concluded. In order to protect confidentiality, however, student organizations are not given copies of the Investigation Reports and/or investigative materials.

10. Investigation Report is Completed by Investigator and Pre-Hearing Scheduled

a. Once the investigation report is completed, the President and his/her advisors for the student organization will be given notice of a Pre-Hearing Meeting. During this
meeting, the representatives will be given an opportunity to review the Investigation Report and other documents or evidence that would be used in a formal hearing. If new or previously unavailable information is now available, the Investigator will make a determination about the inclusion of the information in the report.

- If there is not sufficient evidence to proceed to a hearing, a Policy Warning would be issued to the organization and the incident would be closed.
- If there is sufficient evidence to proceed to a hearing, the investigation report will outline the formal allegations against the student organization.
- A discussion would occur around the opportunity for an informal resolution or a formal hearing.

b. In cases proceeding to a formal hearing, the student organization representative(s) would review the formal hearing script and the pool of faculty, staff, and students trained for the Hearing Panel.

11. Informal Resolution
   a. Upon review of the investigation report and the investigation process, the organization may have the opportunity to resolve the issue informally. The Investigator would provide an informal resolution in writing to the organization representatives for their consideration. The organization would agree to the outlined findings of responsibility for misconduct and the outlined sanctions. If there is a complaint, the Reporting Party must also agree to the informal resolution. To participate in the Informal Resolution process, student organizations must accept both the finding and the sanction. There is no appeal of signed informal resolutions. Once completed, the informal resolution completes the conduct process. The case will only be reopened if new materials, previously unavailable, are presented.

12. Pre-Hearing Process
   a. In cases involving an Administrative or Panel Hearing, the Pre-Hearing Process will be followed. Once the investigative process is complete, the student organization will be given notice of a Pre-Hearing Meeting. Should student organizations not participate in the Pre-Hearing, the conduct process may continue without their participation, including the assignment of allegations and the completion of an Administrative or Panel Hearing. During this meeting, student organizations will be given the opportunity to review the Investigation Report, relevant evidence, and/or other documents/material to be used in the Administrative or Panel Hearing. Other documents may include notification of Responding Party's allegations, Panel composition, and Hearing Script. Following the Pre-Hearing, student organizations will be notified, via the notification procedures outlined in Part I, Section A.3. (Notice) of a date, time, and location for the Hearing.

   b. While students may identify errors in their own statements during the Pre-Hearing, they are not able to add additional information to the Investigation Report unless
that information, in the judgment of the Student Conduct Officer/Investigator, was unavailable during the investigative process and is pertinent to the consideration of the case. If a student discovers new, previously unavailable information during the time after the Pre-Hearing but before the Administrative or Panel Hearing, the student should inform the Student Conduct Officer/Investigator immediately. If the new information is pertinent to the consideration of the case, the Student Conduct Officer/Investigator will determine whether the new information should be included in the Investigation Report or presented verbally during the Administrative or Panel Hearing. If there is new evidence introduced, other involved parties would also be given the opportunity to provide a response to any new evidence that will be presented in the Administrative or Panel Hearing.

c. The conduct process is designed to be non-adversarial. Student organization representatives will be permitted to question the statements and evidence presented by the other involved parties, but may not do so directly. After reviewing the Investigation Report, during the Pre-Hearing, the Reporting Party and Responding Party will have the opportunity to question the statements and evidence presented by the other involved parties, via the Student Conduct Officer/Investigator, who will pose the questions and supplement the Investigation Report.

NOTE: Questions that are deemed objectionable, inappropriate, and/or irrelevant by the Student Conduct Officer/Investigator may be rejected.

d. Student organizations may indicate whether an Administrative Hearing, Panel Hearing, or Sanction Only Hearing is preferred. However, the Student Conduct Officer/Investigator has the sole discretion in all cases to designate whether an Administrative Hearing, Panel Hearing, or Sanction Only Hearing will be held notwithstanding the student’s preference.

e. In cases requiring a Hearing Panel, the Student Conduct Officer/Investigator will share the listpool of faculty, staff, and students trained for Hearing Panels. Student organization representatives will be given the opportunity to request to strike any member of the Hearing Panel whose impartiality may be in question. In order to strike a member of the Hearing Panel, the student organization representative must provide the Student Conduct Officer/Investigator with a reasonable and substantiated rationale for the request. Once the composition of the Hearing Panel is set, the Executive Director of Student Affairs, Director of Title IX Compliance, or designee will schedule the Panel Hearing.

f. At the discretion of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee, a review of the conduct case may occur at any point during the investigation or conduct process for clarification of procedural processes and may remand to investigation or adjudication if deemed necessary.

13. Hearings
a. Upon completion of the initial inquiry/investigation, after the allegation(s) have been assigned, and proper notice has been given to the student organization, the University may proceed to conduct either an Administrative or a Panel Hearing and issue a finding and accompanying sanctions, if applicable. The Administrative Hearing or Panel Hearing may be held and a decision made, regardless of whether the student organization responds, fails to respond, attends the Hearing, or fails to attend the Hearing. Should the student organization fail to attend the Administrative or Panel Hearing, the Student Conduct Officer/Investigator or the Hearing Panel may consider the information contained in the Investigation Report, relevant evidence, and/or other documents/materials and render a decision. Student organization conduct processes are typically adjudicated by a Panel Hearing. If the student organization accepts responsibility for the allegations issued in the Investigation Report, the student organization may request a Sanction Only Hearing.

b. Hearings are closed to the public. In cases involving another student (a Reporting Party) and/or a violation of Part I, Section B.2. (Actions Against Members of the University Community and Others) of the Code of Student Conduct, both the Reporting Party and Responding Party have the right to be present at the formal hearing; however, they do not have the right to be present during deliberations. Arrangements will be made so that the Reporting Party and Responding Party are not present in the hearing room at the same time do not physically have to be in the Hearing room at the same time. To request changes in the scheduled Hearing time, students should contact the Office of Student Affairs or the Office of Title IX Compliance prior to the scheduled Hearing.

The University will attempt to facilitate reasonable questioning of involved parties throughout the investigation and conduct process.

An In Absentia decision may be rendered by the appointed hearing body after proper notice has been given to the student organization, and the student organization has failed to respond within the allotted timeframe to meet with an investigator.

c. Student organizations are typically represented by the current President and an advisor.

d. In situations where the organization no longer has a current student representing the organization, the conduct process will continue with the information available at the time. Organizations with international/national, regional, or local advisory staff or volunteers with a long-term interest in the organization's recognition at the University may be allowed to participate in the resolution of conduct processes when a current student is no longer able to represent the organization.

d. a. Administrative Hearing

An Administrative Hearing is the process of adjudicating allegations of violations of the Code of Student Conduct by an Administrative Hearing Officer. The Administrative Hearing Officer in an Administrative Hearing may be the Student
Conduct Officer/Investigator that completed the Investigation Report, or an Administrative Hearing Officer assigned by the Executive Director of Student Affairs, Director of Title IX Compliance, or designee. The Administrative Hearing Officer makes the decision of responsibility and assigns a sanction, as appropriate.

Written notification of the outcomes of the Administrative Hearing should be provided to the student within five (5) University business days of the conclusion of the Administrative Hearing. Decisions made through the Administrative Hearing may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

e. b. Panel Hearing
For each Panel Hearing a panel of three (3) Hearing Panel members will be chosen from the available pool by the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee. Typically, the Hearing Panel will be comprised of one student, one faculty member, and one staff member. Availability may determine a different composition for the Hearing Panel. For allegations involving Part I, Section B.1. (Academic Misconduct), the Panel will be comprised of only students and faculty members. For cases involving Part I, Section B.2. (Actions Against Members of the University Community and Others) or other sensitive issues, the Director of Title IX Compliance or designee will appoint three (3) Administrative Hearing Officers from the pool of available members for the Hearing Panel.

Administrative Hearing Officers who served as Investigators for the case being heard by a Hearing Panel may not serve as either a voting members of the Hearing Panel or as the non-voting Resource Person and will only participate as the Investigator in the Panel Hearing.

All Hearing proceedings, excluding deliberations of the Hearing Panel, will be recorded by the University.

During the Panel Hearing, a designated Resource Person will facilitate the Hearing process.

The Executive Director of Student Affairs, Director of Title IX Compliance, or designee will appoint a Panel Resource Person to serve as non-voting participant in the Panel Hearing. The Panel Resource Person will be a trained University staff member who may:

- Prepare the Panel Hearing materials.
- Record the Panel Hearing proceedings.
- Escort participants into the Hearing room, grant breaks for participants, and distribute evidentiary materials.
- Ensure proper decorum throughout the Panel Hearing.
- Ensure the procedural soundness of the Panel Hearing.
• Provide student conduct history as well as any documented Policy Warnings issued to the Responding Party, during the sanctioning phase, if necessary.
• Transcribe the findings of the Hearing Panel.
• Compile the post-Hearing documentation.
• Deliver notification to student parties.

The Student Conduct Officer/Investigator presents the Investigation Report, evidence, witnesses, allegation(s), and questions for deliberation. Both the Reporting Party and Responding Party have the right to add or make additional comments about the facts of the case. The Hearing Panel may question the Student Conduct Officer/Investigator, Reporting Party, Responding Party, and any witnesses. The Reporting Party and Responding Party do not have the right to may not question each other or witnesses directly, but may pose questions through the Student Conduct Officer/Investigator. Should new evidence be presented without prior discussion with the Student Conduct Officer/Investigator, the Hearing may be halted to consider the inclusion of this information. Impact statements will also be halted if they are shared prior to the sanctioning phase of the Hearing. In the event the Resource Person of the Hearing Panel removes a student due to misconduct (Reporting Party, Responding Party, or witnesses), the alleged misconduct will be forwarded to the Executive Director of Student Affairs, the Director of Title IX Compliance, or designee for additional processing as appropriate.

Following the Hearing, the Hearing Panel will deliberate and will render a decision in regard to the alleged misconduct as well as decide any sanctions, if applicable. The Investigator will provide information during sanctioning related to any previous conduct history, self-sanctioning occurring with the organization, and general information about the organization’s activities and participation at Angelo State University to help the panel determine appropriate sanctioning.

Should the Hearing Panel have any questions for the Student Conduct Officer/Investigator, the Reporting Party, and/or the Responding Party, the Hearing Panel will reconvene so that all parties have the opportunity to respond and be present for other parties’ responses.

Outcomes of the Hearing Panel will be provided to the student(s) in writing within five (5) University business days of the conclusion of the Panel Hearing. Decisions made through the Hearing Panel may be appealed by students by utilizing the Disciplinary Appeal Procedures outlined in Part I, Section C.5.

c. **Sanction Only Hearing**

If the student organization accepts responsibility for the allegations issued in the Investigation Report, the student organization may request a Sanction Only Hearing, by either a Hearing Officer or a Hearing Panel. During a Sanction Only Hearing, the Investigation Report and finding are presented to the Hearing body by the Student Conduct Officer/Investigator. During presentation of the Investigation Report and
finding, the Reporting Party and Responding Party are not allowed to dispute the facts or details of the case. Both the Reporting Party and Responding Party may provide impact statements prior to sanctioning. Mitigating factors as well as character statements may be presented by the student organization spokesperson and may be considered by the Hearing body. Written notification of the Sanction Only Hearing will be provided to the student organization within five (5) University working days of the conclusion of the Sanction Only Hearing. Decisions made through the Sanction Only Hearing may be appealed by the student organizations by utilizing the Disciplinary Appeal Procedures outlined in Part II, section C. 5. In Sanction Only Hearings, students may appeal the sanction(s), and can only appeal on the following grounds, “the sanction imposed substantially varies from the range of sanctions normally imposed for similar infractions.” A student organization may choose a Hearing Panel for Sanction Only Hearing for potentially separable offenses.

14. Sanctions

A Student Conduct Officer/Investigator, Administrative Hearing Officer, or a Hearing Panel may impose sanctions as a result of an Informal Resolution, Administrative Hearing, or Panel Hearing, when a student organization is found responsible. The potential sanctions are listed in the Student Organization Sanctioning Grid in the Student Handbook, Appendix C. The grid is provided only as a guideline for administering sanctions by the Student Conduct Officer/Investigator, Administrative Hearing Officer, or the Hearing Panel. The Student Conduct Officer/Investigator, Administrative Hearing Officer, and/or the Hearing Panel may deviate from the grid for sufficient reason.

The cooperation of an organization during the investigation and conduct process as well as any self-sanctioning or other required sanctioning will also be considered in the determination of sanctions.

Implementation of the disciplinary sanction[s] will not begin and are not deemed final until either the time for a disciplinary appeal has expired or until the disciplinary appeal process is exhausted. Sanctions agreed upon through the Informal Resolution Process are final upon effectuation of the Informal Resolution. When sanctions are final, appropriate University Administrators may be notified of the student organization’s sanctions. Upon the judgment of the Executive Director of Student Affairs, Director of Title IX Compliance, or designee some cases resulting in sanctioning of suspension and expulsion may begin prior to the completion of the disciplinary appeal process. Findings and sanctions agreed upon through the Informal Resolution Process are final and cannot be appealed.

If a student organization is found responsible for violating the Code of Student Conduct, sanctions may be imposed and can include, but is not limited to the following:

a. Disciplinary Reprimand
The Disciplinary Reprimand is an official written notification that the action in question was misconduct. The disciplinary status of the organization is still good-standing.

b. **Disciplinary Probation**
Disciplinary Probation is a period of time during which the organization’s conduct will be observed and reviewed. The organization must demonstrate the ability to comply with University policies and any other conditions/requirements stipulated for the period of probation. Further instance of misconduct during this time period may result in additional sanctions, conditions, and/or restrictions.

c. **Deferred Disciplinary Suspension**
Deferred Disciplinary Suspension is utilized for misconduct that could have resulted in suspension, but the suspension is deferred for a period of observation and review. Deferred suspensions are assigned for no less than one semester, a period of time where a Disciplinary Suspension may be deferred for a period of observation and review, but in no case will the Deferred Disciplinary Suspension be less than the remainder of the semester. Further instances of misconduct under the Code of Student Conduct during this time period may result in immediate temporary suspension of organization activities and often result in suspension or expulsion. Deferred suspension often includes multiple conditions and restrictions for the organization to continue recognition with the University.

d. **Time-Limited Disciplinary Suspension**
Time-Limited Disciplinary Suspension is a specific period of time in which a student organization’s registration with the University is suspended as well as privileges and benefits of registration. Suspended student organizations may not hold events or activities on campus, may not solicit or utilize University grounds or services to promote organizations or events or to recruit members, and may not utilize any other benefits or services provided to registered student organizations. If an international inter/national or regional organization suspends the charter of an organization, this results in a sanction no less than time-limited suspension for the time period of the suspended charter. Notification of disciplinary suspension of a student organization will indicate the date on which it begins and the earliest date the student organization’s application for registration will be considered. The Student Conduct Officer/Investigator may deny an application for registration if the organization’s misconduct during suspension would have warranted additional disciplinary action. If the student organization has failed to satisfy any sanction that was imposed prior to application for registration, the Student Conduct Officer/Investigator may deny registration to the student organization. On a denial of student organization registration, the Student Conduct Officer/Investigator, Executive Director of Student Affairs or Director of Title IX Compliance will set a date when another application for registration may again be made.

e. **Disciplinary Expulsion**
Disciplinary Expulsion occurs when the student organization is permanently separated from the University with no opportunity for future registration as a student organization.

f. **Conditions**
   A condition is an additional component of a disciplinary sanction, usually an educational element assigned to occur in conjunction with a period of probation or deferred suspension or assigned to occur prior to returning from time-limited suspension. Examples include, but are not limited to:
   
   - Hosting educational programs or initiatives for the organization or community related to the misconduct.
   - Requirements for additional training or advisement from Angelo State University staff, advisory boards, or other appropriate parties.
   - Requirements for community service or other activities beneficial to the membership and associated with remedying the impact of behavior on the community.
   - Restitution or compensation for loss, damage or injury, which may take the form of appropriate service and/or monetary or material replacement.
   - Requirements for completion of membership reviews and providing updated rosters.
   - Requirements to submit information about updated and improved organizational processes such as new member education plans or social event plans.

g. **Restrictions**
   A restriction is an additional component of a disciplinary sanction, usually an educational restriction on organization activities that occurs during a time period of probations or deferred suspension or upon return from time-limited suspension. Examples include, but are not limited to:

   - Revocation of organization benefits such as eligibility for funding, eligibility to reserve rooms, and eligibility to solicit or hold events on campus; or
   - Denial of participation or restrictions associated with participation in University activities as a student organization such as homecoming, recreational activities, and recruitment activities.

h. **Required Notifications**
   Some organization misconduct requires additional notifications. Texas Education Code, Chapter 51.936 indicates that institutions of higher education shall distribute to each student during the first three weeks of each semester a list of organizations that have been disciplined for hazing or convicted for hazing on or off the campus of the institution during the preceding three (3) years.

15. **Disciplinary Appeals Procedures**
a. A student organization may appeal the decision of a hearing or the sanction(s), condition(s), and restriction(s) imposed following a formal hearing by submitting a written petition for appeal to the designated appeal officers within five (5) University business days of receiving the written decision.

b. The Vice President for Student Affairs and Enrollment Management or designee will select an appeal officer in each case. The designated officer will be a trained University staff or faculty member who was wholly uninvolved in the original Conduct Process and will render a neutral, impartial, and unbiased decision.

c. Petitions for appeal must clearly identify the grounds for the appeal, together with the evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal.

d. The only proper grounds for appeal are as follows:
   - A procedural [or substantive] error occurred that significantly impacted the outcome of the Hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
   - The discovery of new evidence, unavailable during the original Hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included; or
     - The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.

e. In cases involving alleged misconduct involving Part I, Section B.2. (Actions Against Members of the University Community and Others), either the Reporting Party or Responding Party may appeal the decision of the Hearing Panel. In such cases, the Office of the Vice President for Student Affairs and Enrollment Management or designee will provide the request for appeal to the other party and provide opportunity for response.

f. The designated appeal officer will first review the appeal to determine if the appeal is timely and properly sets forth the appropriate grounds for appeal, with adequate accompanying evidence. If any of these requirements are not met, the appeal will be dismissed, and the decision will be final.

g. If the designated appeal officer determines that the sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions, the appeal identifies a procedural/substantive error or new evidence that was unavailable at the original Hearing, the appeal officer will then determine whether the error or new evidence would have substantially impacted the decision of the Administrative Hearing Officer or Panel Hearing. If the designated appeal officer determines that the error or new evidence would have substantially impacted the decision, he or she may:
• Modify the finding and/or increase, decrease, or otherwise modify the sanctions;
• Remand the case to the original Hearing Panel;
• Remand the case to a new Hearing Panel.

h. The Vice President for Student Affairs and Enrollment Management or designee shall make all reasonable efforts to notify the student organization of the status of the appeal throughout the appellate process and shall make all reasonable efforts to notify the student organization of the result of their appeal using written notification procedures outlined in Part I, Section A.3. within ten (10) University business days. If necessary, the designated appeal officer will notify the student organization should they need additional time to determine the outcome of the appeal. The decision of the designated appeal officer is final and cannot be appealed.

i. If the designated appeal officer remands the decision to a new Hearing Panel, the decision of that Hearing Panel is final and may not be appealed.

16. Student Organization Records
   a. All records concerning a student organization related to conduct processes will remain on file with the University for a minimum of seven (7) years from the date of the completion of the case via informal resolution, formal hearing, and/or conduct appeal processes.

   b. Student organization records do not impact the content of individual student records for student organization members. A finding of responsibility of misconduct for student organizations does not indicate a finding of responsibility for individual students. Individual students are subject to their own conduct processes separate from the student organization process.

   c. Student organization conduct decisions and findings are shared with the international/inter/national or regional headquarters or organizations as appropriate.
PART II: COMMUNITY POLICIES

SECTION A: ALCOHOL POLICY & INFORMATION

1. **Beverage Provisions in the Code of Student Conduct**
   Alcoholic Beverages violations are outlined in Part I, Section B.3. of the *Code of Student Conduct*.

SECTION B: ACADEMIC INTEGRITY

1. **Angelo State University Statement of Academic Integrity**
   Academic integrity is taking responsibility for one’s own class and/or course work, being individually accountable, and demonstrating intellectual honesty and ethical behavior. Academic integrity is a personal choice to abide by the standards of intellectual honesty and responsibility. Because education is a shared effort to achieve learning through the exchange of ideas, students, faculty, and staff have the collective responsibility to build mutual trust and respect. Ethical behavior and independent thought are essential for the highest level of academic achievement, which then must be measured. Academic achievement includes scholarship, teaching, and learning, all of which are shared endeavors. Grades are a device used to quantify the successful accumulation of knowledge through learning. Adhering to the standards of academic integrity ensures grades are earned honestly. Academic integrity is the foundation upon which students, faculty, and staff build their educational and professional careers.

2. **Academic Dishonesty Definitions**
   Students must understand the principles of academic integrity, and abide by them in all classes and/or course work at the University. Academic Misconduct violations are outlined in Part I, Section B.1. of the *Code of Student Conduct*. If there are questions of interpretation of academic integrity policies or about what might constitute an academic integrity violation, students are responsible for seeking guidance from the faculty member teaching the course in question.

3. **Instructor Responsibilities**
   Any person becoming aware of alleged violations of academic integrity should report the allegation to the instructor of record in the course. The instructor in a course is responsible for initiating action in each case of dishonesty or plagiarism that occurs in that class. The instructor should contact the Executive Director of Student Affairs or designee to discuss the nature of the violation and the student’s record of academic integrity violations. Instructions for reporting allegations of academic dishonesty are available in the *Code of Student Conduct*. The instructor will notify the student of the alleged misconduct and attempt to discuss the matter with the student and receive a response from the student about the allegations. Then, the instructor may notify the student of possible academic sanctions including, but not limited to, assigning a paper or research project related to the academic integrity;
assigning a make-up assignment that is different than the original assignment; issuing no credit for the original assignment; reducing the grade for the assignment and/or course; issuing a failing grade on the assignment; and/or issuing a failing grade for the course. The academic penalty will not be implemented or assigned until all disciplinary procedures are complete. All academic integrity violations should be referred to the Executive Director of Student Affairs or designee as a central clearinghouse of violations. The Executive Director of Student Affairs or designee will review the case and may impose additional sanctions if warranted as outlined in the *Code of Student Conduct*.

4. **Withdrawal and Assignment of Grades**
   a. Once a student has been notified of an academic integrity allegation, the student may not drop the course until the academic integrity processes are complete. If a student drops or withdraws, the student will be reinstated to the course in question. A student should continue attending class and participating in course work until the disciplinary process is complete. If it is determined that the student was not responsible for academic integrity violations and/or the referring faculty member allows the student to withdraw from the course, the student may file a request with the Provost and Vice President for Academic Affairs for approval to drop the course or withdraw from the University retroactively.
   b. If a referring faculty member must submit a final course grade before an Academic Integrity Violation allegation is resolved, the faculty member should notify the Department Chair and the Academic Dean of the intention to assign a grade of F and/or leave the final grade blank. The involved student may be given a temporary grade of X by the Registrar’s Office, which does not affect the student’s GPA, until the academic integrity adjudication process is complete. When the academic integrity adjudication process is complete, the final grade will be assigned through the appropriate academic channels and the completion of a grade change form. All appeals related to academic integrity violations should follow the process outlined in Part I, Section C.5. (Disciplinary Appeals Procedures).

5. **Academic and Disciplinary Penalties**
   The academic and disciplinary penalties will not be implemented until the disciplinary procedure and appeal process has been exhausted. In cases in which a student is found not responsible for academic dishonesty, the student will be entitled to the grade he/she would have received in the absence of an academic integrity violation. In addition, the student will be allowed to continue in the particular course without prejudice.

6. **Referrals to the Executive Director of Student Affairs**
   In addition to the assignment of academic sanctions by the instructor of record, a referral of the academic integrity violation should also be made to the Executive Director of Student Affairs or designee for the assignment of disciplinary sanctions. Instructions for reporting academic dishonesty violations are available in the *Code
of Student Conduct. A student referred to the Executive Director of Student Affairs or
designee for alleged violations of academic misconduct is entitled to all substantive
and procedural guarantees provided in the Code of Student Conduct. Instructors of
record of the course where the alleged violation occurred and the Academic Dean of
the college where the student is enrolled or of the college housing the course where
the alleged violation occurred may participate in the adjudication of the violation
and assignment of additional sanctions with the Executive Director of Student
Affairs or designee as outlined in the Code of Student Conduct.

NOTE: Additional Academic Integrity information is available from the Office of Student
Affairs.

SECTION C: ANTI-DISCRIMINATION POLICY

The University does not tolerate discrimination or harassment based on or related to sex,

SECTION P: USE OF UNIVERSITY SPACE

1. General Policy

Second priority is given to programs sponsored and conducted by University academic and administrative departments or organizations affiliated with those departments. Beyond these two priorities, use of campus space and facilities is encouraged for activities that have as their purpose, service or benefit to the Angelo State University community, and that are sponsored by registered student organizations.

University buildings, grounds, or property may be available for use by outside groups in accordance with and subject to the provisions of the University policy, to the extent that the programs and activities of these groups do not conflict or interfere with normal University functions or the activities of campus organizations. An individual who is not a student, faculty, or staff member may attend functions or activities held on University property, but to be eligible for the use of campus facilities, the function or activity must be sponsored by and affiliated with a University department or registered student organization. Sponsorship and/or co-sponsorship minimally include, but are not limited to, direct participation in planning, coordination and implementation by members of the sponsoring organizations. A department, student or registered student organization may not reserve space or facilities on campus and permit it to be used by a non-registered organization or off-campus group or person. Outside groups desiring use of University facilities must obtain approval for their program or activity from the Director of Business Services. The Director of Business Services is responsible for making certain that the proposed program and activity is within the Regent’s Rules and University policies. Reservation requests must be submitted to the Office of Special Events online at: http://reservations.angelo.edu. Appropriate rental charges shall be charged to outside groups using University facilities. State law requires that University facilities and property be used only for state purposes and not for private gain.
2. Reservation Requirements
   a. Reservations must be made for the use of buildings and grounds under the control of the University. Requests for reservations will be granted according to the priorities of the designated area. The procedures for requesting use of the University facilities are available online at: http://reservations.angelo.edu. Reservation requests must be submitted to the Office of Special Events online at: http://reservations.angelo.edu.
   b. If the use of facilities is for programs or activities involving minor children, the sponsoring group must comply with Texas Education Code, Chapter 51.976, which requires sexual abuse and child molestation training, certification, and reporting for program employees. Documentation of timely reporting to the Texas Department of State Health Services of such training should be received before reservation of space of facility will be confirmed.

3. Use of Facilities by Student Organizations
   a. Student organizations must be registered to use University facilities or grounds.
   b. A student organization that has petitioned the Center for Multicultural and Student Activities Programs for registration status may hold up to three meetings in the Houston Harte University Center pending action on the petition. These meetings must be held within a 25 calendar-day time period from the date the petitioning organization filed its intent to register. Other campus facilities or space may be reserved by “petitioning” student organizations for one meeting only, if their full-time faculty or staff advisor agrees to be present at their event. Additional reservations will not be approved until the student organization is registered.

   b. Academic Buildings
      Any registered student organization may request the use of space in academic buildings for specific purposes. These purposes may include, but are not limited to, regular meetings of honorary or professional organizations, lectures, seminars or workshops and special programs and functions. The space must be reserved through the Office of Special Events. All requests must be submitted with the agreement of a full-time faculty or unclassified staff advisor for the student organization using the online request form at: http://reservations.angelo.edu.
All use of academic space is "as is" (group is responsible for own set-up) and the full-time faculty or staff advisor assumes responsibility for accessing the space, supervising the meeting, and securing the space in same condition it was found. For-credit academic use requests may supersede not-for-credit reservations. Recurring space assignments may be made for one semester only. All space assignments are made on the basis of use consistent with the purposes of the University and of available space. Academic use by departments and colleges has priority over others uses and organizational assignments may be changed or canceled if conflicts with regular academic programs develop.

A hammock farm was installed between Robert and Mary Massie Residence Halls and this is the only approved campus location for hammock use. Hammocks are available for check-out in the Ben Kelly Center for Human Performance building. Other University departments, organizations, and off-campus guests may request use of the recreational facilities from the Office of Special Events using an online form located at: [http://reservations.angelo.edu](http://reservations.angelo.edu).

   - A structure may not be erected on campus grounds without prior written approval that will include arrangements for cleaning up after the event.
   - If any expenses will be incurred in the course of an event, the sponsor or co-sponsor will be required to supply a University account number before the activity can be approved by the Director of Business Services.
   - Violations of these campus grounds use regulations are subject to the disciplinary sanctions and procedures outlined in the *Code of Student Conduct*.
   - Students or registered student organizations desiring grounds use may be required to provide evidence of appropriate liability insurance in accordance with recommendations from the Environmental Health, Safety, and Risk Management Office, Senior Executive Assistant to the President and General Counsel, or other University departments as necessary prior to approval from the Director of Business Services.
   - Participants in, and/or sponsors for, events may be required to sign a “Hold Harmless” release.
   - The sponsor should refer to procedures provided by the Environmental Health, Safety, and Risk Management Office to make necessary arrangements for any event that includes food handling or food service on Angelo State
University property by anyone other than the contracted campus food service provider.

- The sponsor should contact Parking Services to make necessary parking arrangements for the event.
- If the use of University grounds is for programs or activities involving minor children, the sponsoring group must comply with Texas Education Code 51.976, which requires sexual abuse and child molestation training, certification, and reporting for program employees. Documentation of timely reporting to the Texas Department of State Health Services of such training should be received before reservation of space or facility will be confirmed.

6. **Appeals of Campus Grounds Use Request Denials**

   Students or registered student organizations whose requests for the use of University grounds are denied may appeal to the Director of Business Services as follows:

   a. A written appeal describing the objections to the denial presented to the Director of Business Services must be filed no later than five (5) University business days after the receipt of notice of the denial from the Assistant Director for Special Events.

   b. The Director of Business Services will convey the appeal decision, in writing, to the student or registered student organization within a reasonable time from the receipt of the written appeal.

7. **Freedom of Expression Activities and Forum Areas**

   a. The open exchange of information, opinions, and ideas between students is an essential element of the campus experience. These policies are intended to protect the interests of all students as well as other members of the University community. These policies presume that students are generally free to engage in freedom of expression activities in those outdoor areas of campus that are common and accessible to all students (such as park-like areas and sidewalks) without the need of prior approval of the University.

   b. Although the Angelo State University campus is generally an open campus for purposes of student freedom of expression activities, students are encouraged, and persons and groups not affiliated with the University are required, to use the Forum Areas of the campus for freedom of expression activities.

   c. The Forum Area on the Angelo State University campus is the student gathering area located between the Porter Henderson Library and the Houston Harte University Center. Additional free speech areas may be designated at any time by the University.

   d. Students engaged in freedom of expression activities on campus may be required to relocate under the following circumstances:

      - The location selected for the activity is inadequate for the purpose for which it will be used (either too close to buildings, not big enough for the event, etc.).
      - The activity substantially interferes with either vehicular or pedestrian traffic.
      - The activity blocks the ingress or egress to buildings.
• The space is not available due to prior reservation.
• The activity conflicts with a previously planned University activity.
• The activity creates a sustained or repeated noise disturbance that substantially interferes with the normal activities of the University.
• The activity presents an unreasonable danger to the health or safety of the applicant or other individuals.
• The activity is prohibited by local, state, or federal law.
• The activity prevents fire protection, law enforcement, or emergency medical service providers from access to areas on campus.

e. Students engaged in freedom of expression activities may be subject to discipline under the Code of Student Conduct for the following actions:
• Activities which are illegal.
• Activities that deny the rights of other students, faculty, and staff of the University.
• Activities that substantially obstruct or restrict the free movement of persons on any part of the University campus, including the free entry or exit from University facilities.
• Activities that deny the use of office or other facilities to the students, faculty, staff, or guests of the University.
• Activities that threaten or endanger the health or safety of any person on the University campus.
• Activities that include the use of obscenities, libelous statements, or “fighting words” as defined by law.
• Activities that result in damage to or destruction of University property.
• Activities that attempt to prevent a University event or other lawful assembly by the threat or use of force or violence.
• Signs, banners, posters, and other displays used for freedom of expression activities must be handheld and must remain in the hands of individuals engaged in the expressive activities at all times.

8. Use of Amplification Equipment
a. Use of Amplification Equipment for freedom of Expression Activities:
• Use of amplification equipment in Forum Areas: Students and registered student organizations may use amplification equipment for freedom of expression activities within the designated Forum Areas from 8:00 am to 5:00 pm Monday through Friday.
• Use of Amplification Equipment in All Other Outdoor Areas: Students and registered student organizations may use amplification equipment for freedom of expression activities in all other outdoor areas of the campus after 5:00 pm Monday through Friday.
• Use of amplification equipment is subject to all rules concerning the time, place, and manner of freedom of expression activities and Forum Areas as set forth in Section 6 of this policy.
• Only handheld amplification devices are permitted.
• No amplification of sound is permitted during the week prior to or the week of final exams.
• The volume and direction of amplification equipment shall be controlled so as not to interfere with classes in session, examinations, or other campus community activities.
• Use of amplification equipment shall not create a sustained or repeated noise disturbance that substantially interferes with the normal activities of the University community.

b. Other Use of Amplification Equipment:
• The use of loudspeakers, any other type of amplification equipment (e.g. portable stereo devices, portable studios, etc.), or amplified musical instruments on University grounds by students and/or registered student organizations for any purpose other than expressive activities as set forth in Section 6, above, is by permission only.
• Applications from individuals, departments, and organizations for permission to use amplification equipment must be submitted as a reservation request to the Office of Special Events online at: http://reservations.angelo.edu.
• Applications must be submitted at least two weeks before the intended use.
• The Director of Business Services or designee may prescribe rules concerning scheduling, maximum sound levels, location and direction of speakers, and other rules to facilitate the use of amplified sound to mediate any conflict with University functions, classes in session, examinations, other nearby activities, and the campus environment.
• The use of amplification equipment for solicitation purposes must conform to all campus grounds use provisions, as well as policies governing solicitation and commercial activities.
• The use of such equipment or loudspeakers is not permitted in the vicinity of classrooms during regularly scheduled class hours without written permission from the Director of Business Services or designee.
• Sound equipment must not be disruptive, and the volume and direction of amplification equipment shall be controlled so as not to interfere with classes in session, examinations, or other campus community activities.
• Special events such as dances, pep rallies, ceremonies, or recreational activities that include the use of bands or amplification equipment may be held in approved locations only with prior approval of the Director of Business Services or designee.
• Requests for outdoor dances utilizing sound amplification devices must be submitted as reservation requests to the Office of Special Events online at: http://reservations.angelo.edu. Bands may use their own equipment on such dates.

c. Academic Use:
• The appropriate use of loudspeakers for official University activities inside academic buildings, or on the campus as a part of the academic instructional
program, is determined and approved by the Office of the Provost and Vice President of Academic Affairs.

- Permission for use of the carillon bells in the Sol Mayer Administration Building must be requested through the Office of the President at least three (3) University business days before time of intended use. Use of the bells must not interfere with the normal function and programs of the University.

SECTION Q: WITHDRAWALS

1. **Voluntary Withdrawal from the University**
   a. According to the Undergraduate and Graduate Catalog, students who find it necessary to withdraw from the University during a semester or summer term must apply to the Registrar’s Office prior to the term withdrawal deadline. A student wishing to drop to zero hours must withdraw from the institution. If a student withdraws on the 13th class day or after, a W will be recorded for all classes that semester or term, and these W’s will not be counted toward the six state-defined permitted drops. International students must receive clearance from the Center for International Studies as a part of the withdrawal procedure. Student athletes must receive clearance from the Director of Athletic Academic Services.
   b. Students considering withdrawal for medical reasons may contact the Office of Student Affairs to discuss additional University resources and services.
   c. There may be financial implications to withdrawal. If a student receives financial aid or is living in Angelo State University student housing, he/she should first contact those offices before applying for the withdrawal.
   d. **Refunds**
      The Undergraduate and Graduate Catalog indicates that students withdrawing to zero hours at their request or those who have been withdrawn due to University action may be eligible to receive a refund of paid tuition and fees. A tuition and fee refund schedule is listed in the Undergraduate and Graduate Catalog and at: [http://www.angelo.edu/services/registrars_office/withdrawals_refunds.php](http://www.angelo.edu/services/registrars_office/withdrawals_refunds.php).
   e. **Returning to the University after a Voluntary Withdrawal**
      Application materials and deadlines for former Angelo State University students are available at: [https://myfuture.angelo.edu](https://myfuture.angelo.edu). Official transcripts from all institutions attended subsequent to Angelo State University reenrollment must be submitted by the application deadline. All returning students must have a minimum of a 2.0 GPA on work taken since leaving Angelo State University.

2. **Involuntary Withdrawals**
   a. Angelo State University seeks to balance the rights of individual students with the rights of the community. In order to maintain the safety of both, some behaviors require consultation among a network of campus professionals to determine the appropriate course of action to address the behavior.
   b. When a student poses a direct threat to the health or safety of others, and the direct threat cannot be eliminated or reduced to an acceptable level through the provision
of reasonable accommodations where required, a student may be involuntarily withdrawn from the University.

c. Notice regarding students who may be direct threats (both self-reports and third-party reports) should be made to the Executive Director of Student Affairs or designee.

d. A “direct threat” means:
   There is a high probability (not just a slightly increased, speculative, or remote risk) of substantial harm and based on observation of a student’s conduct, actions, and statements.

e. The Executive Director of Student Affairs or designee will review the information presented in the notice including what attempts, if any, have been made to reduce or eliminate the direct threat such as the student’s voluntary compliance with medical or counseling assistance.

f. The Executive Director of Student Affairs or designee will notify the student of the concern.

g. The Executive Director of Student Affairs or designee will request a meeting with the student to inform the student that an initial individualized, objective assessment will be scheduled within five (5) University business days in order to determine whether the student poses a direct threat to him/herself or others. The meeting may include, but is not limited to discussion of:
   - Involvement of parents or significant others.
   - Academic progress.
   - Living arrangements.
   - Previously granted accommodations.
   - Confidentiality waivers.
   - Other possible accommodations, care and support resources including medical or counseling assistance.
   - Withdrawal implications such as financial aid, health insurance, visas, and academic timelines.

h. If the student does not respond to the request for a meeting or does not attend the meeting, written notice of the pending assessment will be sent via Certified Mail to the student’s last known official, local address as provided by the student to the Registrar’s Office and/or electronically to the student’s University e-mail account. Students not responding to requests for meetings or assessments may be referred to the Executive Director of Student Affairs or designee for allegations of failure to comply with reasonable directive and/or requests of a University official acting in the performance of his or her duties.

i. Temporary Suspensions
   During the involuntary withdrawal process, if the Vice President for Student Affairs and Enrollment Management or designee determines that an immediate direct threat exists or an overt disruption of the campus community has occurred, the student may be temporarily suspended pending a final decision on the involuntary withdrawal as long as the student has received notice of the concern, had an opportunity to address the concern, and the student was afforded a Hearing and right to appeal the final decision. During a temporary suspension, the student may
not attend classes, use University services and/or resources (except those expressly permitted by the Executive Director of Student Affairs or designee), and may not be on campus until the proceedings have been resolved. If the student needs to return to campus, the visit must be coordinated through the Executive Director of Student Affairs or designee and the University Police Department.

j. Involuntary Withdrawal Assessment
An individualized, objective assessment will be completed to determine whether a direct threat exists, and if so, whether the student should be permitted to remain enrolled at the University. The assessment will be based on reasonable medical judgment, using current medical knowledge, or the best available objective information, to assess the student’s ability to safely participate in the University’s programs. The assessment will be in the form of a written report containing the findings and recommendations of the medical and other professionals performing the assessment.

Within five (5) University business days from the initial meeting with the student or five (5) University business days from the date of notice regarding the meeting, the student will be scheduled for an assessment with a medical doctor, a licensed counseling or clinical psychologist, and other professionals as appropriate. If applicable, this assessment would include a licensed professional counselor from University Counseling Services. The student may provide information from other medical professionals as part of the assessment.

If a student elects not to participate in this assessment, the process will continue with the information that is otherwise available to consider. The assessment will determine:

- The nature, duration, and severity of the risk.
- The probability that the potentially threatening injury will actually occur.
- Whether reasonable modifications of policies, practices, or procedures will sufficiently mitigate the risk.

k. Involuntary Withdrawal Committee
The assessment report will be forwarded to the Involuntary Withdrawal Committee for review. The Involuntary Withdrawal Committee is comprised of the following voting members: the student’s Academic Dean, Director of the Student Counseling Services, Assistant Director of Student Conduct, Senior Executive Assistant to the President and General Counsel, and the Executive Director of Student Affairs. If the student resides in campus housing, the Director of Housing and Residential Programs will also serve as a voting member of the committee. If the student is receiving disability accommodations the Director of Disability Services will also serve as voting member of the committee. The Executive Director of Student Affairs will chair the committee. A non-voting resource person may be assigned by the Executive Director of Student Affairs to present information and assist the committee. The Involuntary Withdrawal Committee will meet with the student in an informal, non-adversarial Hearing to review the information collected throughout the process, and discuss the assessment with the student. The student will be
permitted an opportunity to attend the Hearing, address the evidence being considered by the Involuntary Withdrawal Committee, and present information on his or her behalf. The student may be accompanied by one or more advisors. The Hearing will be scheduled by the Executive Director of Student Affairs or designee within five (5) University business days of the completion of the individualized assessment. The student will be provided the information to be considered at the Hearing by the Executive Director of Student Affairs or designee in advance of the Hearing. When deliberating a decision, the Involuntary Withdrawal Committee will meet in closed session with only voting members and the resource person present. Following the Hearing, the Executive Director of Student Affairs or designee will determine one of the following:

- The student may remain enrolled at the University with no restrictions.
- The student may remain enrolled at the University subject to specific conditions and/or restrictions as defined by the Involuntary Withdrawal Committee.
- The student should be involuntarily withdrawn from the University upon a specific date.

i. Review of Committee Recommendation
   The Executive Director of Student Affairs or designee will notify the student in writing of the decision within five (5) University business days.

m. Appeals Process
   The student may appeal the decision of the Executive Director of Student Affairs by submitting a written appeal to the Vice President for Student Affairs and Enrollment Management within five (5) University business days. The student will be notified in writing of the final decision within five (5) University business days of receipt of the appeal.

n. Final Decision
   Upon completion of the appeal process or with no receipt of an appeal, the student who is involuntarily withdrawn may not attend class or use University facilities, must vacate University housing within 24 hours and may not return to campus unless approved by the Executive Director of Student Affairs. Referrals will be made for the student upon request to appropriate community resources, i.e. medical care and housing. The student may be entitled to refunds or prorated tuition, fees, and room and board charges as a result of involuntary withdrawal. A registration hold will be placed on the student’s record at the direction of the Executive Director of Student Affairs or designee, limiting any subsequent registration until approval is given by the Executive Director of Student Affairs.

o. Eligibility for Readmission
   Students are eligible for consideration of readmission following an involuntary withdrawal after one calendar year from the withdrawal date. At that time, the student should present documentation to the Executive Director of Student Affairs or designee for review. Documentation may include, but is not limited to, current psychological evaluation, demonstration of ongoing medical care, and a plan for care upon re-enrollment. Readmission requests and documentation must be presented at
least 30 University business days prior to the beginning of the semester that the student wishes to attend. Readmission will be contingent upon demonstration or documentation that the student is no longer a direct threat, and upon meeting admission deadlines and requirements.
APPENDIX A: DEFINITIONS

Academic Work, Test, Quiz, or Other Assignment
The terms "academic work, test, quiz, or other assignment" includes any required or optional academic work that is assigned. Examples include, but are not limited to: exams, quizzes, tests, homework, case studies, essays, research papers, group work, extra credit assignments, class attendance, experiential learning activities, internship or externship components, resumes, comprehensive exams, and thesis and dissertation drafts and submissions.

One partner can revoke consent at any time, so long as it is clearly communicated to the other partner. Revocation of consent may be communicated verbally and/or non-verbally. Once a partner has revoked his or her consent, the sexual activity must stop. If one partner continues the sexual activity after the other partner has revoked his or her consent, a sexual assault has occurred.

In evaluating whether coercion was used, the University will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.

Preponderance of Evidence
The term of “preponderance of evidence” is the standard of proof used by Student Conduct Hearing Officers, Office of Title IX Compliance, Office of Student Affairs and the Office of Housing and Residential Programs. Appendix B: Student’s Rights and Responsibilities

NOTICE OF STUDENT'S RIGHTS AND RESPONSIBILITIES
Angelo State University
Office of Student Affairs

Introduction

When conducting an investigation, the Office of Student Affairs will inquire, review, and gather information about the reported student misconduct and will evaluate the accuracy, credibility, and sufficiency of information. It is our intention to resolve this matter and address this complaint as quickly as possible for all individuals concerned. Angelo State University takes all allegations and complaints very seriously.

Statement of Student Rights and Responsibilities

In any student conduct proceeding, the student or student representing a student organization has the right to:

1. A prompt, fair, and equitable process;

— Be accompanied by an advisor at any meeting or Hearing. An advisor can be any one of the following: a member of the Angelo State University Community (faculty, staff, or student not otherwise involved in the case), a Victim’s Advocate, a parent or legal guardian, a relative, or in situations involving criminal legal proceedings, an attorney. An advisor’s role is that of support — he or she may not speak on behalf of the student and does not have an active, participatory role in the conduct process. If an advisor for the student is an attorney, an attorney from the Texas Tech University System Office of General Counsel and/or General Counsel for Angelo State University may attend the Hearing on behalf of the University. Students are responsible for presenting their own information; therefore, advisors are not permitted to speak or participate directly in any Hearing unless authorized by a Student Conduct Officer/Investigator. Students should select an advisor whose schedule allows attendance at the scheduled date and time for the Hearing, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of a Student Conduct Officer/Investigator upon written request five (5) University business days in advance of the scheduled Hearing date.

The Executive Director of Student Affairs, Director of Title IX Compliance, or designee has the discretion to remove an advisor at any point during the conduct process. A witness, anyone who may have a conflict of interest, or anyone who may have any participatory role in the process may not be allowed to serve as an Advisor. Students who have been suspended may not serve as an Advisor during
their suspension, and students who have been expelled may not serve as an Advisor.

2. —

3. Refrain from making any statement relevant to the investigation. Students are expected to cooperate in the University conduct process, but may elect not to participate in the investigation process, either in part or entirely. However, a student's refusal to participate in the investigation, in whole or in part, lasts for the duration of the conduct process. In other words, if a student chooses not to provide information during the investigation, they will not be allowed to present new information during the Hearing; similarly, if a student provides only limited information during the investigation (i.e., answering some of the Student Conduct Officer/Investigator's questions but not others), then during the Hearing, the student will only be permitted to speak to the information he or she provided, with no additional commentary. The rationale for this policy is to prevent either party from presenting new evidence at the Hearing that was available during the investigative process for the purpose of disadvantaging the other party.

NOTE: See Pre-Hearing Process for details on inclusion of new, previously unavailable information after conclusion of the investigative process.

4. The opportunity to provide information and evidence in support of his/her case;

5. Know if they have been issued any allegations of misconduct;

6. Know the range of sanctions that may be imposed for a conduct violation, if one is alleged and found to have occurred;

7. Know the Angelo State University conduct policies and procedures, and where to find them;

8. Know that any information provided by the student may be used in a conduct proceeding;

9. Know that if a student makes any false or misleading statements during the student conduct process, that student could be subject to further disciplinary action;

It is the student's responsibility to:

1. Be responsive to all correspondence from the University;
2. Provide information relevant to the incident or situation;

3. Be honest and provide true and accurate information during the investigation;

4. Review the Code of Student Conduct in order to fully understand all aspects of the student conduct process.

FERPA

Angelo State University will respond to all requests for explanations and interpretations of records or information if the response does not violate the Family Educational Rights and Privacy Act of 1974 (as amended). The Executive Director of Student Affairs or designee reserves the right to contact parents or guardians of students who are under twenty one (21) years of age and found responsible for an alcohol or drug violation.

Records Retention

Disciplinary records are maintained in room 112 of the Houston Harte University Center and both electronic and paper records are destroyed after seven (7) years from the date the case is completed.

Important Reminders

● Discussing this investigation may result in policy violations and in some situations, lawsuits for defamation.
● Any and all forms of retaliation will be dealt with seriously.

Retaliation

Retaliation against a person who reports a potential violation of the Code of Student Conduct, assists someone with a report of a violation, or participates in any manner in an investigation or in the resolution of a complaint is strictly prohibited and will not be tolerated. Retaliation includes, but is not limited to threats, intimidation, reprisals and/or adverse actions related to an individual’s employment or education. The University will take appropriate steps to assure that a person who in good faith reports, complains about, or participates in an investigation pursuant to University policy will not be subjected to retaliation.

Individuals who believe they are experiencing retaliation are strongly encouraged to lodge a complaint with the University using the procedure outlined in Part I, Section A.6. (Reporting Allegations of Misconduct) of the Code of Student Conduct.

Individuals who are found to have retaliated under this policy will be subject to disciplinary action up to and including termination of employment, expulsion from the University, or being barred from University premises and events.
APPENDIX B: CONSENT AT ANGELO STATE

- Community members engaging in sexual activity must have clear, knowing, and voluntary consent from their sexual partner prior to and during each sexual activity.
- Consent is defined as mutually understandable words or actions, clearly communicated both knowingly and voluntary, that clearly conveys permission for a specific activity.
- It is the responsibility of the initiator of any sexual activity to obtain their partner’s verbal or non-verbal consent for each sexual activity.
- To obtain valid consent:
  - It must be expressed by each partner through words or actions.
  - It must be actively expressed by both partners. Consent is not passive or implied.
  - Each partner must be informed about each sexual activity and knowingly consent to participate in each sexual activity.
  - Consent is given voluntarily and freely by each partner for each sexual activity.
  - Each partner must have capacity to consent to sexual activities.
- Silence cannot be assumed to express consent.
- A partner may use non-verbal cues to indicate their lack of consent for sexual activity. Some examples of non-verbal communication that demonstrate lack of consent include:
  - Resistance: Pushing hands away, pulling away from partner;
  - Body going limp or freezing up;
  - Crying;
  - Wincing
- Revocation of Consent: One partner can revoke their consent at any time, so long as it’s clearly communicated to the other partner. Revocation of consent may be communicated verbally and/or non-verbally. Once a partner has revoked his or her consent, the sexual activity must stop. If one partner continues the sexual activity after the other partner has revoked his or her consent, a sexual assault has occurred.
- A prior existing sexual relationship between consenting adults does not imply future consent to engage in sexual activities. At any time in a relationship, one partner may revoke his or her consent to sexual activities with the other partner. This is true even in marriage or other long-term sexual relationships. Consent for one sexual activity does not equal consent for other sexual activities.
- Consent cannot be compelled. Compelled sexual activity is by definition non-consensual. Compelling someone into engaging in sexual activities by the use of physical force, threats, intimidation, or coercion invalidates consent, even if it’s
eventually given, and thus constitutes a violation of the ASU sexual misconduct policies.

- A person cannot consent to sexual activity when they are incapacitated. Engaging in sexual activity with someone you know or reasonably should know is incapacitated is a violation of the Code of Conduct. Incapacitation occurs when a person lacks the ability to make informed, rational decisions due to impairment, which may be temporary or permanent.

- The question of whether the Responding Party should have known that the Reporting Party was incapacitated is objectively based on what a reasonable person, sober and exercising good judgment, would have known about the condition of the Reporting Party.

- There are three types of incapacitation:
  - **Age:** A minor, in Texas is defined as under the age of 17 cannot consent to sexual activity.
  - **Mental Disability:** A person with a mental disorder or other cognitive issue which prohibits them from making an informed decision lacks capacity to engage in sexual activity.
  - **Physical Incapacitation:** A person who is asleep, unconscious, and/or intoxicated to the point of no longer understanding or controlling their actions cannot consent to engage in sexual activity.

Section 1 Introduction.

This policy statement shall guide the investment of the subset of institutional funds known as the Short/Intermediate Term Investment Fund (“SITIF”) of the Texas Tech University System (“TTU system”). As a pooled fund for the collective investment of the TTU system’s operating funds, the SITIF will consolidate cash and reserve balances to optimize system-wide liquidity management, improve diversification, and increase efficiencies with regard to investment pricing, custody, and administration.

All institutional funds not invested in the Long Term Investment Fund (“LTIF”) will be invested in accordance with this policy statement, excluding bond proceeds and certain gifted assets.

Section 2 Roles and Responsibilities.

2.1 Board of Regents (the “Board”). The Board will establish the investment policy, return objectives, risk tolerance, [broad asset] pool allocation ranges (as defined in Section 4), and monitor performance. In addition, the Board will hire consultants, as necessary, to advise on the management of these funds. [Authority] The Board grants the authority to manage the SITIF in accordance with this policy to the Vice Chancellor and Chief Financial Officer of the TTU system.
2.2 **Vice Chancellor and Chief Financial Officer of the TTU system ("CFO").** The CFO shall manage all operating funds in accordance with this policy under the oversight of the Finance and Administration Committee of the Board. The CFO is responsible for all cash management activities, and is authorized to set [asset] pool allocation targets within pre-approved ranges [select and terminate external investment managers, and execute security transactions]. The CFO may delegate [certain] investment and transaction responsibilities for cash management and investment transactions of the Cash Pool and Short Term Pool to the Assistant Vice Chancellor of Treasury [& Cash Management]. The CFO may delegate investment and transaction responsibilities of the Intermediate Pool to the Chief Investment Officer ("CIO") under the guidance of the Investment Advisory Committee ("IAC").

At his or her discretion, the CFO can establish an Operating Funds Investment Committee, comprised of financial officers from various system components. This committee will provide advice, guidance, and oversight for the management of operating funds.

2.3 **Operating Funds Investment Committee ("[Committee] OFIC").** The [Committee] OFIC will meet periodically to provide guidance and oversight regarding overall SITIF investment policy and strategic direction. [Also, the Committee must approve staff recommendations on asset allocation, investment structure, and external investment manager selection and termination.]

The CFO and the [Associate Vice Chancellor and Chief Investment Officer] Assistant Vice Chancellor of Treasury will be permanent members of the [Committee] OFIC. Other members will be appointed at the discretion of the CFO.

2.4 **Investment Advisory Committee ("IAC").** The CFO may grant the IAC authority to provide guidance and oversight regarding Intermediate Pool asset allocation and investment. The IAC will have the ability to delegate asset allocation and/or investment decisions to the CIO.

The IAC is comprised of persons as described in Section 01.02.8(f), *Regents’ Rules* (the Bylaws of the Board of Regents of the TTU system).

2.5 **Assistant Vice Chancellor of Treasury [& Cash Management] ("Treasurer").** The Treasurer, under the supervision of the CFO, is charged with implementing and administering [this investment policy statement] the Cash Pool and Short Term Pool (defined in Section 4) in line with the rules and guidelines set forth in this Investment Policy Statement. The Treasurer is responsible for day-to-day portfolio management activities, investment manager recommendations, and operating procedures. In addition, the Treasurer shall be responsible for:
a. Monitoring [external and internal asset managers] and reporting on the performance of investments in the Cash Pool and Short Term Pool.

b. Recommending new investment managers and vehicles to the CFO and [Committee] OFIC.

c. Evaluating the effectiveness of policies, procedures, objectives and strategy, and proposing, when appropriate, modifications for recommendation to the [Committee] IAC and the Board.

d. Providing quarterly reports to the Finance and Administration Committee of the Board.

2.6 Chief Investment Officer (“CIO”). The CIO, under the supervision of the IAC, is charged with implementing and administering this investment policy statement in regards to the Intermediate Pool (defined in Section 4). The CIO is responsible for day-to-day portfolio management activities and operating procedures.

The CIO, in conjunction with the consultant, is authorized to hire managers, absent a majority negative consent from IAC members within 5 business days. The CIO is authorized to redeem from a manager. In addition, the CIO shall be responsible for:

b. Reporting performance, investment manager and fund updates to the IAC on a quarterly basis.

c. Evaluating the effectiveness of policies, procedures, objectives and strategy, and proposing, when appropriate, modifications for recommendation to the IAC and the OFIC.

2.7 Investment Consultant. The investment consultant’s primary responsibility is to provide independent information and advice to the Board, CFO, [Committee] OFIC, [Treasurer] IAC, and staff. Within its broad scope of services, the consultant will focus on the following:

a. Investment policy development;

b. Strategic asset allocation studies;

c. Assist in manager searches and selection;

d. External investment manager due diligence;
Monitor investment performance; and

Provide investment education.

Performance measurement and reporting with the assistance of the reporting administrator.

External Investment Managers. External investment managers will invest SITIF assets in accordance with established guidelines but will apply their own judgment regarding security selection. External investment managers will be given full discretion, within established guidelines and policy limits, to select individual securities, and diversify their portfolios.

Section 3 Investment Objectives.

The investment of funds for the SITIF shall provide incremental return to assist in meeting the operating needs of the TTU system. The SITIF shall employ a total return philosophy. [Under such a concept, realized gains and losses will be recorded.]

Investment objectives of the SITIF.

a. The investment of funds shall consider asset diversification, total return, suitability, and the experience, quality, and capability of investment personnel. [It will] The total fund and each pool shall consider the relevant investment horizon and shall be governed by the following investment objectives, in the following order of priority:

(1) preservation and safety of principal;

(2) liquidity; and

(3) return.

b. In determining whether the objectives in Section 3.1.a have been met, the following shall be taken into consideration:

(1) The investment of all funds, rather than a consideration as to the prudence of a single investment. [and]

(2) Whether the investment decision was consistent with this written policy.
Section 4  Investment Structure.

SITIF assets will be segmented into three tiers of liquidity based on the cash flow requirements of the TTU system.

Overall Short and Intermediate Term Investment Pool

| Cash Pool | Short Term Pool | Intermediate Pool |

The approved liquidity tiers and a general investment strategy for each are as follows:

4.1 **Cash Pool (Tier 1).** The [cash pool] Cash Pool is designed to meet the current operating needs of the TTU system. This tier is expected to offer the highest level of liquidity and protect the nominal value of principal. Funds should be available on a daily basis. These funds will be invested primarily in high quality money market funds or other instruments widely considered as cash equivalents, such as collateralized bank deposits, local government investment pools, and fully collateralized repurchase agreements.

4.2 **Short Term Pool (Tier 2).** The [short term pool] Short Term Pool is a contingency fund designed to provide a margin of safety in the unlikely event that the [cash pool] Cash Pool is insufficient to meet any current or unplanned expenditures. A secondary objective is to provide enhanced financial flexibility during any unexpected market disruptions, when commingled funds can be susceptible to redemption risk. This tier will seek preservation of capital and incremental investment income above money market fund yields. These funds will be invested only in fixed income securities issued by the United States government, or its agencies and instrumentalities, or the highest quality commercial paper. Only securities with maturities ranging between overnight and three years are eligible.

4.3 **Intermediate Pool (Tier 3).** The [intermediate pool] Intermediate Pool is a longer-term reserve fund designed to cover the needs of the TTU system over a time horizon of five years or greater. As such, these assets will be invested with a total return objective. This pool has an investment objective of growth with income, and will be invested in a diversified asset mix of liquid or semi-liquid securities. This pool will be more broadly diversified than either the [cash pool] Cash Pool or the [short term pool] Short Term Pool and will be structured to generate a higher return over longer periods while [remaining] retaining a profile that will be liquid enough to serve as a source of funds under extreme circumstances. Because of the very low likelihood that these funds would be needed to meet cash flow requirements, a greater degree of principal risk is acceptable in order to obtain a higher return.
The [intermediate pool] Intermediate Pool may be invested in any asset classes approved by the [CFO and Committee] IAC.

The [intermediate pool] Intermediate Pool, where possible and appropriate, can use the same external investment managers as the LTIF to take advantage of economies of scale and to achieve the most efficient use of staff resources. [However, given the need for greater liquidity, commingled funds with illiquid assets and lock-up periods longer than one year are inappropriate for this tier.]

Section 5  [Asset] Pool Allocation.

[Asset] Pool allocation [is the primary determinant of investment performance and], subject to the ranges specified herein, is the responsibility of the CFO, in consultation with the [Committee] OFIC. Changes to the asset allocation ranges and limitations are the responsibility of the Board and may be changed from time to time based on the economic and investment outlook.

5.1 Allocation of Assets by Pool. The allocation of operating funds among the [cash pool, short term pool, and intermediate pool] Cash Pool, Short Term Pool, and Intermediate Pool is the responsibility of the CFO.

5.2 Target [Asset] Pool Allocation and Permissible Ranges.

5.3 Changes to [Asset] Pool Allocation. The Board will approve any changes to the permissible ranges for each segment. The CFO is responsible for determining the appropriate asset allocation within each pool.

Section 6  Rebalancing.

6.1 Rebalancing.

a. It is the intent of the Board that the asset allocation for the SITIF remains within the permissible ranges and that the portfolio shall be rebalanced when the allocation deviates significantly from these ranges. Contributions to the SITIF should be applied to, and payments by the SITIF withdrawn from, asset
classes in such a way so as to bring the asset allocation back toward its target ranges.

b. The minimum and maximum allocations should not be exceeded, except in unusual circumstances. Rebalancing may occur before these limits.

c. Intermediate Pool funds accounting for less than or equal to 5% of the Pool’s asset value may be withdrawn upon the request of the CFO with 3 business days’ notice. Withdrawals in excess of the 5% threshold will require up to 30 days’ notice and 90 days for distribution.

Section 7 Guidelines for Investments.

In today’s rapidly changing and complex financial world, no list of types of categories of investments can provide continuously adequate guidance for achieving investment objectives. Any such list is likely to be too inflexible to be suitable for all market environments in which investment decisions must be made. Therefore, it is the process by which investment strategies and decisions are developed, analyzed, adopted, implemented, and monitored, and the overall manner in which investment risk is managed, which determines whether an appropriate standard of reasonableness, care, and prudence has been met for these investments.

The following list is indicative of the investment classes which are appropriate for each pool based on return objectives and liquidity requirements. It should not be construed as an exhaustive list of “allowable” asset types. Security types and/or strategies not specifically enumerated, but which the Committee OFIC determine are appropriate, may also be held.

7.1 Cash Pool. The Cash Pool will be invested primarily in money market funds and other cash instruments:

a. Any money market fund or mutual fund that is AAA rated, or its equivalent, by at least two nationally recognized rating services. All funds in this category must be offered at a constant $1.00 net asset value and comply with the diversification, quality, liquidity, and maturity requirements of SEC regulation 2a-7 under the Investment Company Act of 1940.

b. Collateralized bank deposits with a state or national bank domiciled in the State of Texas, provided:

(1) Such deposits must be insured by the Federal Deposit Insurance Corporation or its successor, with the remainder fully collateralized as required in the Texas Education Code, except that surety bonds are not authorized as collateral. The pledged collateral shall be placed in a custodian bank or banks named by the TTU system. Deposits will be collateralized in an amount equal to or greater than 102% of the amount
of funds on deposit at the bank. In no event will the custodian be affiliated with the depository bank.

(2) On any given day, no depository bank shall have SITIF funds on deposit in an amount that exceeds any one of the following limits:

(a) 25% of the total funds available for investment by the TTU system; or

(b) based upon the bank’s latest regularly published statement of financial condition: 15% of its total deposits; or an amount equal to the sum of its capital, permanent surplus, retained earnings, and reserves.

(3) The limitations in Section 7.1.b of this policy statement shall not be construed to establish a commitment and/or guarantee on the part of the TTU system to deposit any particular amount in any one bank.

c. Local government investment pools, which are specialized money market funds designed to offer a convenient and cost-effective investment vehicle for public entities.

d. Repurchase agreements.

(1) For the purpose of this policy, a repurchase agreement is an investment transaction between an investor and a bank or securities dealer, in which the bank or dealer agrees to sell a particular instrument to the investor and simultaneously agrees to repurchase that investment at a certain date in the future at a market value of not less than the principal amount of the funds disbursed.

(2) A fully collateralized repurchase agreement is an authorized investment if the repurchase agreement is secured by U.S. Government Securities and require the securities being purchased to be pledged to the TTU system and deposited at the time the investment is made with a third party selected and approved by TTU system. The value of all collateral shall be maintained at 102% of the notional value of the repurchase agreement (valued daily). Repurchase agreements must be placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in Texas.

(3) There shall be no limitation on the amount invested, provided the vehicle is collateralized by U.S. government securities.

(4) Reverse repurchase agreements are not permitted.
7.2 **Short Term Pool.** The Short Term Pool will be invested in the following types of securities with maturities of 36 months or less.

a. Obligations issued or guaranteed by the United States Federal Government, United States Federal Agencies, or United States government-sponsored corporations and agencies.

b. “Prime quality” commercial paper with a maturity of one year or less, issued by domestic corporations (corporations organized and operating under the laws of the United States or any state thereof) provided that the issuing corporation, or its guarantor, has a short-term debt rating of no less than “A-1” (or its equivalent) by at least two of the national rating services.

c. The weighted average duration of the Short Term Pool should be 24 months or less.

7.3 **Intermediate Pool.** The Intermediate Pool will be structured as a total return portfolio. The investment strategy for this pool is that its time horizon, and flexibility, is such as to permit investments in a diversified mix of assets that will collectively offer greater returns than short term fixed income securities. The goal is to diversify investments across multiple asset classes, including equities, which will enhance total return over the long term, while avoiding undue risk concentrations in any single asset class or investment category.

The assets of the Intermediate Pool will be invested through external managers and/or commingled funds approved by the Committee. The CIO, in conjunction with the consultant, is authorized to hire managers, absent a majority negative consent from IAC members within 5 business days. The CIO may terminate an investment manager if necessary and will notify the IAC of the changes.

All major sectors of the capital markets, with the exception of private equity, should be considered eligible for inclusion in the intermediate pool to diversify and minimize overall risk. Such asset classes may include, but are not limited to, cash instruments, publicly traded equities (U.S. equity, Non-U.S. equity and Emerging Markets equity), U.S. fixed income, Non-U.S. fixed income, high yield, convertible debt, inflation-linked bonds, emerging market debt, publicly traded real estate securities and alternative investments (hedge funds and commodities).

The CIO may recommend and the IAC may select approve any asset class or investment category it believes is appropriate for the Intermediate Pool, subject to the return objectives, risk tolerance, and liquidity needs of the overall SITIF Intermediate Pool.
[A report shall be provided each month to the Finance and Administration Committee of the Board of Regents. This report should provide information on actual asset allocation, asset allocation target, and manager performance.]

Section 8 Use of Pooled Funds.

The use of pooled funds (e.g., commingled funds, mutual funds, common trust funds, etc.) is permitted when it is deemed to be in the best interest of the TTU system. These investment vehicles may have investment guidelines that are different than those described in the SITIF policy statement. In these cases, the CFO, CIO, and Treasurer are authorized to review and approve the investment documents, and these guidelines supersede those of the TTU system.

Section 9 Performance Benchmarks.

A customized total portfolio benchmark will be designed by the investment consultant to measure the overall performance of the SITIF. This benchmark will blend the returns of the three benchmarks specified below, weighted according to the target allocation for each respective tier.

Table 2 – Asset Class Performance Benchmarks

9.1 Return objectives.

a. The total return goal for each category of investments is expected to match or exceed the performance of the appropriate benchmark index over a rolling three-year period.

b. [The performance of each investment manager will be evaluated against a comparable index for its asset class and should outperform that index over a rolling three-year period. Managers underperforming over that period will be considered by the Committee for replacement.] Each investment manager will be evaluated versus a benchmark and/or a peer universe, as defined by the CIO and approved by the IAC. Managers should rank above the median over a rolling three-year period.
Section 10 Reporting.

The [Treasurer] CIO will prepare quarterly investment reports on the Intermediate Pool, which will be submitted to the CFO, [Committee] OFIC and the Finance and Administration Committee of the Board. The reports will summarize asset allocation, liquidity, performance, and risk characteristics.

The Treasurer will prepare quarterly investment reports on the Cash Pool and Short Term Pool, which will be submitted to the CFO, OFIC, and the Finance and Administration Committee of the Board. The reports will summarize asset allocation, liquidity, performance, and risk characteristics.

Section 11 Selection of Investment Managers.

11.1 External Investment Managers. The CFO and CIO can appoint external investment managers to invest the SITIF assets under the terms of this policy. Investment managers will be delegated with discretion to manage the assigned assets to best achieve the objectives of the SITIF. Any investment manager hired to invest SITIF assets shall be a registered investment advisor under the Investment Advisors Act of 1940, or qualify to be exempt from registration.

11.2 Manager Selection. The manager selection process should incorporate review and analysis of the following factors:

a. Ability of the firm to achieve [SITIF] return and risk objectives of the investment pool.

b. Length and quality of experience of key investment professionals.

c. Consistency of investment strategy and results.

d. Historical growth of, and future plans for, assets under management.

e. Confidence that past performance can be sustained in the future.

f. Existence of a clear, concise and effective decision-making process.

g. Risk management tools and systems.

h. Sufficient organizational depth and continuity of personnel.

i. Adequate reporting, administration and back-office support.
Section 12 Responsibilities of Investment Managers.

12.1 Invest the assets of the TTU system with the care, skill, prudence, and diligence that a prudent professional investment manager, familiar with such matters and acting in like capacity, would use in the investment of such assets, consistent with the guidelines outlined herein.

12.2 Adhere to the investment policies and guidelines prescribed by the TTU system and act in the best interest of the TTU system.

12.3 Each investment manager shall have full investment discretion with regard to security selection, consistent with this policy and the manager’s established guidelines.

12.4 Make no material departures from the strategy for which the manager was hired.

12.5 Inform the [Treasurer] consultant and CIO about all significant matters pertaining to the investment of TTU system assets. These matters include the following:

   a. Substantive changes in investment strategy or portfolio structure.

   b. Significant changes in ownership, affiliations, organizational structure, financial condition and professional staffing of the investment management organization.

   c. Any regulatory actions being pursued or taken against the firm or any of its employees.

12.6 All investment managers must report their performance on a monthly or quarterly basis, and the reporting methodology must be in compliance with the standards outlined by the CFA Institute.

12.7 Seek best price/execution when purchasing or selling securities at all times. Each investment manager must recognize that brokerage is an asset of the TTU system, not the investment manager. Also, investment managers must disclose any affiliated brokerage relationships.

12.8 Comply with CFA Institute Guidelines on Soft Dollar Standards.

12.9 Vote all proxies after careful assessment of the issues involved, with particular emphasis on items that might reduce the economic value of stockholders’ rights of ownership and thereby adversely impact the performance of the TTU system’s assets.

12.10 Meet with the [Treasurer] CIO and other investment staff on a regular basis, either in person or by teleconference.

12.11 Provide the number of new clients and clients that have terminated on a quarterly basis.
12.12 Securities or positions in a single company or issuer must not exceed 10% of the investment manager’s portfolio measured at market value. However, money market funds and obligations issued by the U.S. federal government are exempt from this restriction.

12.13 Securities or positions in any one industry should not exceed 25% of the investment manager’s portfolio at market value.

12.14 The market value of any single investment manager account may not exceed 10% of the [total SITIF applicable pool].

12.15 Currency hedging decisions are at the discretion of the manager.

Section 13 Spending Policy.

13.1 The Board recognizes the need for distributions to institutional funds comprising the SITIF. Distributions are to be made on a monthly basis.

13.2 For the [cash] Cash Pool and [short term pools] Short Term Pool of the SITIF, funds to be distributed will be current income earned on an accrual basis.

13.3 For the Intermediate [pool] Pool [of the SITIF], a spending [percentage] draw will have to be applied as it is managed on a total return basis. The following spending policy reflects an objective to distribute as much total return as is consistent with overall investment objectives defined herein while protecting the inflation-adjusted value of the principal. The following factors are considered in the spending policy:

a. the duration and preservation of the Intermediate [pool] Pool portion;

b. the purposes of the TTU system and the Intermediate [pool] Pool portion;

c. general economic conditions;

d. the possible effect of inflation or deflation;

e. the expected total return from income and the appreciation of investments;

f. other resources of the TTU system; and

g. the overall investment policy.

13.4 In order to provide for stability and predictability in distributions, funds to be distributed from the Intermediate pool will be based on an average of market value. Average market value will be determined at each month-end based on the number of
months from inception of the Intermediate pool, until the number of months reaches 36. From that point forward, the average will be a 36-month rolling average.

To provide for timely distributions coinciding with the closing of monthly accounting periods and account for when investment manager statements are normally received, the current month’s market value will be determined with a one-month lag after accounting for cash inflows/outflows to the Intermediate pool.

13.4 The annual spending percentage applied to average market value shall not exceed 6% nor be less than 2%. The initial annual spending percentage is set at 3% and will be applied monthly by dividing the percentage by 12. The annual spending percentage will be reviewed and set each year by the [Operating Funds Investment Committee] OFIC based on inflation expectations and expected return.

Section 14 Management Fee.

14.1 The TTU system will assess and retain an investment management fee at the annual rate of 0.1% of the average market value of the [SITIF] Cash Pool and Short Term Pool.

14.2 The fee will be assessed on a quarterly basis, and average market value will be based on month-end values during the calendar quarter just ended. [As in Section 13.4, Intermediate Pool values will be on a one-month lag, accounting for cash inflows/outflows.] The fee rate will be reviewed annually, with any recommended changes submitted to the Board for approval.

14.3 The Intermediate Pool will be charged an annual management fee of 35bps for fees and expenses associated with the management of the pool.

14.4 The TTUS Office of Investments (“TTUS OI”) shall be funded by a management fee assessed upon the endowments of the TTU system and the Intermediate Pool.

14.5 The management fee rate shall be reviewed annually by the IAC and the CFO, with any recommended changes submitted to the Board for approval.

14.6 If as the result of extraordinary and unexpected circumstances, the annual budgets may be amended by the Board.

Section 15 Securities Lending.

The [SITIF] Cash Pool and Short Term Pool may not participate in securities lending unless approved by the [Operating Funds Investment Committee] OFIC. For funds managed in a separate account format, the Intermediate Pool may not participate in securities lending unless recommended by the CIO and approved by the IAC. Any authorization for securities
lending in separate accounts must be reported in advance to the Board chair, the chair of the Finance and Administration Committee, and the IAC chair. Also, any such authorization shall be reported as an Information Agenda item at the next Board meeting. Commingled funds are exempt from this restriction.

Section 16  Amendment of Investment Policy Statement.

The Board will review and, if necessary, update the SITIF investment policy statement on an annual basis.

Section 17  Effective Date.

The securities dealer will exhibit a minimum capital requirement of $50 million.
(2) The dealers’ general reputation for financial stability and fair and honest dealings with customers.
