Excluded from the Public Art Collection are works of art owned or held by the Museum of Texas Tech University, the National Ranching Heritage Center, and any other institutional galleries or museum entities owned or maintained by the TTU system or funded by means other than

the funds designated for that purpose by Section 08.02.3, *Regents' Rules*.

## 08.01 Construction program

08.01.1 Construction procurement methods. The TTU system shall use the procurement methods set forth in Chapter 51, *Texas Education Code*, "Construction and Repair of Permanent Improvements" (as amended or modified) for all construction or renovation projects as follows:

- a. Competitive Bidding – per Section 51.778, *Texas Education Code*;
- b. Design-Build – per Section 51.780, *Texas Education Code*;
- c. Construction Manager-Agent – per Section 51.781, *Texas Education Code*;
- d. Construction Manager-at-Risk – per Section 51.782, *Texas Education Code*;
- e. Competitive Sealed Proposals – per Section 51.783, *Texas Education Code*; and
- f. Job Order Contracts for minor construction, repair, rehabilitation, or alterations – per Section 51.784, *Texas Education Code*.

08.01.2 Authorization. The chancellor or the chancellor's designated representative, upon the recommendation of the president, is authorized to initiate a construction project, select a design professional, select a construction manager-agent, establish a planning budget, develop a schematic design for the project, and select the construction delivery method from Section 08.01.1, *Regents' Rules*. If appropriate for the construction delivery method selected, the chancellor or the chancellor's designated representative also may select the project design-build team for design services only or select the project construction manager-at-risk for pre-construction services only.

08.01.3 Major construction projects. Major construction projects include: new construction projects and repair and renovation projects with a total project budget of \$2,000,000 or more.

- a. For major construction projects, the chancellor, or the chancellor's designated representative, upon the recommendation of the president if the project is being constructed for a component institution, shall proceed with the following activities before any project is submitted to the board for approval:
  - (1) obtain funding from the entity for which the project is being constructed so that planning activities for the project may begin, with the funding not to exceed \$1,000,000 and with a preliminary estimate of the project budget (a budget goal) being provided along with the funding request;
  - (2) work with facility user representatives, as designated by the president if the project is being constructed for a component institution, to develop a preliminary scope of the project, which shall be known as an Owner's Project Requirements (OPR) document;
  - (3) retain the services of a design professional to begin preliminary programming based upon the OPR;
  - (4) retain the services of a construction or construction estimating firm to develop a preliminary construction and project budget based upon the OPR and preliminary programming; and
  - (5) obtain approval from the president and/or chancellor, as appropriate, to submit the project for board approval.
- b. For major construction projects, the chancellor or the chancellor's designated representative, upon the recommendation of the president, shall obtain the approval of the board prior to proceeding with the following actions as applicable to the project:
  - (1) approve a total project budget;

- (2) proceed with design development and construction documents;
  - (3) submit required reports to the Texas Higher Education Coordinating Board;
  - (4) solicit and accept construction bids or proposals; and
  - (5) award a construction contract or execute a Guaranteed Maximum Price contract amendment.
- c. Board approval: combining steps in the process; dividing projects.
- (1) Any of the steps listed in Section 08.01.3.b may be combined in the board approval process. The board, however, may choose to retain control over any or all of the steps listed above in the board approval process.
  - (2) Projects shall not be divided for the purpose of falling within a lower level of approval.
- d. The chancellor's designated representative for major construction projects shall be the FP&C Office. All major construction projects shall be managed by the FP&C Office.
- e. The board may choose to employ an outside entity that supplies Construction Manager-Agent Services to assist the FP&C Office.
- f. All major construction projects that have a construction cost of more than \$10,000,000 shall be conducted under the auspices of the FP&C Office but with the assistance of a Construction Manager-Agent unless the board approves an exception.
- g. The following changes to a major construction project require re-approval by the board and may require re-submission of a report to the Texas Higher Education Coordinating Board:

- (1) the total cost of a project exceeds the board-approved budget;
- (2) the TTU system administration or the component institution has not contracted for the project within 18 months of the date of final approval by the board; or
- (3) any funding source of an approved project is changed.

08.01.4 Minor construction projects. Minor construction projects include: new construction projects and repair and renovation projects with a total project budget less than \$2,000,000.

- a. The chancellor or the president, as applicable, or their designated representatives, are authorized to proceed with any minor construction project.
- b. The physical plant officers of the component institutions bear responsibility for management of minor construction projects as defined above. The FP&C Office maintains a database of the larger projects managed by the FP&C Office. In order to maintain a more complete database, the physical plant officers, on a quarterly basis, should report the name, projected completion date, general scope and budget of significant new construction and repair and rehabilitation projects under their management for inclusion in the FP&C data base. This provision does not encompass the reporting of routine maintenance activities.
- c. If changes in a minor construction project cause the project budget to fall within the definition of a major construction project, then:
  - (1) the FP&C Office must be notified as soon as the revised total project cost is identified; and
  - (2) in accordance with Section 08.01.3, the project must be brought to the board for approval.

08.01.5 Procurement procedures. All major and minor construction projects not classified as emergency actions and construction projects

not performed by TTU system personnel will be competitively procured in accordance with the methods set forth in Chapter 51, *Texas Education Code*, (as amended or modified). In addition, all such projects must be procured in accordance with TTU system policies, state purchasing regulations, and other applicable laws.

- 08.01.6 Contract execution. The chancellor or the president, as applicable, or their designated representatives, shall execute all construction contracts as authorized by the board.
- 08.01.7 Emergency actions. If the chancellor, on the recommendation of the president, declares a major construction project to be an emergency, the board authorizes the chair of the board or the chair of the Facilities Committee to approve all necessary actions. Any emergency actions taken must be reported to the board at its next meeting.
- 08.01.8 Wage rate schedule. As required by Section 2258.022, *Texas Government Code*, (as amended or modified), the TTU system administration will determine the prevailing wage rates for the geographic areas where work is to be performed and include the appropriate schedule of prevailing wages in the specifications for each construction contract.
- 08.01.9 Project management fee. The FP&C Office shall receive a project management fee for all design and construction initiatives managed by the FP&C Office. This fee shall be used to support all FP&C operations.
  - a. Fee assessment. There are three components of the fee to be assessed by FP&C, as follows:
    - (1) “Grandfathered” assessment. For all projects approved by the board prior to September 1, 2014, the fee shall be determined by the fee matrix in effect on that date for the project amount and type as initially approved by the board.
    - (2) Project assessment. For any project with a budget of \$15 million or more, the fee shall be 2.4% of the initial project budget, as approved by the board. The fee assessed will

be capitalized in the cost of the project, and the fee shall be assessed and collected based upon the following milestones:

<u>Milestone</u>	<u>% of fee to be collected</u>
Board approval.....	50%
Construction contract execution date .....	30%
Substantial completion date .....	20%

- (3) Base assessment. For all projects with a budget of less than \$15 million that are or will be administered by FP&C, the chief financial officer annually shall determine the actual budgets of such projects approved during the previous year plus the anticipated budgets of such projects that are planned for the next four years. The total of these project budgets for the five-year period shall be multiplied by 2.4%. Of this amount, 20% shall be allocated by the chief financial officer to the components for which the projects are being or will be constructed and then assessed for the FP&C base allocation.
- b. Fee administration. The project management fee shall be administered and managed by the FP&C vice chancellor and the chief financial officer.
- c. Annual review and adjustments. Each year, the project management fee and funding plan shall be reviewed during the operating budget process, and, with board approval, the fee may be adjusted when the board considers and approves the operating budgets.

**08.02 Campus planning and enhancements**

- 08.02.1 Campus master plans and accompanying architectural and site design guidelines shall be developed and approved by the board to guide campus development, unless the board approves an exception.

- a. Architectural and site design guidelines, as developed and approved by the board, shall be adhered to for TTU system campuses.
- b. Unless an exception is granted by the board, the TTU system Campus Master Plans shall guide new construction, new infrastructure, traffic and parking modifications, necessary demolition, enhancement of pedestrian space, and preservation efforts.

08.02.2 The component institutions' *Architectural and Site Design Guidelines*, as modified, shall guide development on all component institution campuses, unless the board grants a specific exception for a particular project.

08.02.3 Public Art Program.

- a. The FP&C Office shall manage and be the chancellor's designated representative for the public art program. One percent of the original board approved total project budget of each major construction project, as defined in Section 08.01.3, will be allocated for the acquisition of original works of public art, unless an exception is approved by the board. These works of public art shall be located at or near the site of the construction project or, insofar as is permissible under Texas Tech policies and applicable to the source of funds, the funds may be aggregated and expended pursuant to a comprehensive art and aesthetic improvement plan, as approved by the board.
- b. Each fiscal year, the Public Art Manager in the FP&C Office shall prepare a prioritized list of recommended maintenance and conservation actions, both reactive and proactive, to be performed by qualified professionals under the coordination of the Public Art Manager. Each TTU system component institution shall be provided the list, and annually the president of each institution shall report to the board and chancellor the maintenance and conservation work that has been done, is in progress, or is planned.

The UPAC shall review each proposed gift of public art, and this review shall take into consideration the following factors: the Campus Master Plan; the cost of installation; maintenance requirements; and any other factors deemed appropriate by the UPAC. If the UPAC votes to recommend acceptance of a proposed gift for inclusion in the Public Art Collection, the Public Art Manager shall provide a final recommendation to the respective president regarding the gift’s inclusion in the Public Art Collection.
- d. Except as provided in Section 08.02.4.e, herein, the respective president shall make a recommendation to the chancellor re-

  - (2) For the purposes of this subdivision, a statue, sculpture, or other artistic representation includes any such work of art that:
    - (a) is planned and executed with the specific intention of being sited, staged, or exhibited permanently in or on any building or structure, any improved or unimproved land, or any part of any such buildings, structures, or land that is owned, used, or occupied by the TTU system;

- (c) is not a work of art that is or will be owned or held by the Museum of Texas Tech University, the National Ranching Heritage Center, or any other institutional gallery or museum entity owned or maintained by the TTU system.
  - (3) In unusual and unforeseen circumstances, the board reserves the right to rescind a previous approval and require the removal of an honorary statue, sculpture, or other artistic representation.
- 08.02.5 Landscape Enhancement Program. The FP&C Office shall manage and be the chancellor’s designated representative for the landscape enhancement program. One percent of the original board approved total project budget of each new major construction project will be allocated to the enhancement of exterior landscape, hardscape, and waterscape features unless an exception is granted by the board.
