TEXAS TECH UNIVERSITY SYSTEM
COMMERCIAL DEVELOPMENT GRANT (CDG)
GRANT PROPOSAL – ROUND 3

Please provide commercialization milestones for this technology:

What actions are needed to bring this technology to market?
(i.e. prototype design/ fabrication / testing / market research / IP protection /etc).

Commercial Milestones:	End Date

Additional Information

*Additional information, **not to exceed five (5) pages**, may be attached to this proposal for consideration by the panel in order to provide more detailed information explaining the technology and its commercial potential. The OTC or the CDG Review Panel may request additional information.*

The review process consists of two phases. The first phase will review the proposals based on the information submitted with the proposal. The review panel will select the top proposals for additional review that will include applicant interviews which will be conducted either in person or by telephone.

*Please submit proposals in PDF file format **electronically to the OTC office at otc@ttu.edu**. Upon receipt, your submission will be confirmed and forwarded to your respective Vice President of Research for endorsement. For a proposal to be considered by the Review Panel, an Invention Disclosure must be on file with the OTC and it must be endorsed by the VP of Research.*

The Deadline for receipt of Round Three proposals is 5:00 pm on 10/24/2011.
