

Our Values Pledge

We are on a journey to foster a values-based culture within the Texas Tech University System Administration. The compass rose lapel pin symbolizes our journey and reminds us and others which direction to head when the way is in doubt. The pin is available for all team members who choose to take a pledge and commit to our values-based culture.

- I pledge to hold myself accountable to live our values every day.
- I pledge to allow others to hold me accountable to live our values.
- I pledge to hold others accountable to live our values.
- I pledge to intentionally work hard to recognize and celebrate others who live our values.
