

Avaya 1692 IP Speakerphone

A high-quality, IP-enabled speakerphone for conference rooms

The Avaya 1692 IP Speakerphone provides the convenience and productivity benefits inherent in a powerful, hands-free conference phone. It delivers the extensive set of Avaya Aura™ features directly to small, midsize and large conference rooms.

Benefits

- Improved productivity during conference calls with hands-free full duplex operation delivering simultaneous two-way conversations. Reduced listener fatigue with high-fidelity audio from 220 Hz to 14,000 Hz, capturing both the deeper lows and higher frequencies of the human voice for conference calls that sound as natural as being there.
- Simplified wiring connects to your IP network with a 10/100 Base T Ethernet LAN connection. Simplified setup with integrated Power over Ethernet (PoE) with an AC power kit is available for non-PoE environments.
- Investment protection with easy upgrades via downloadable software and firmware.

Key Features

- Full Duplex Speakerphone with 360 degree, 12-foot microphone pickup. Automatic Gain Control intelligently adjusts microphone sensitivity based on where participants are seated in the conference room, making conversations clearer for all participants.
 - Microphone coverage expandable with two optional extension microphones
- RF Hardening technology resists interference from mobile phones and other wireless devices
- Room Coverage:
 - Up to 20 x 20 feet (without extension microphones)
 - Up to 20 x 30 feet (with extension microphones)
- High resolution backlit graphical display (255 x 128 pixels) enables robust call information and multi-language support
- 3 Context-Sensitive Soft Keys to give access to common telephony features
 - Automatically labeled from the system
- 5 Fixed Feature & Navigation Keys: On/Off Hook, Redial, Mute and Volume Up & Down
- 5 Menu and Navigation keys
- 12-key telephone keypad
- Single 10/100 Base T Ethernet connection
 - Full Duplex Ethernet connectivity with Auto-negotiation
 - 802.3 Flow Control
 - Supports VLAN
- G.711, G.729a, G.722
- QoS Options of Diffserv and 802.1p/q
- Support for Simple Network Management Protocol (SNMP) version 2
- DHCP client and Statically (Manual) Configurable IP Addressing
- Downloadable Software for future upgrade capability with FTP/HTTPS server support in addition to HTTP and TFTP support
- Icon button labeling with English printing on the housing
- 5 Personalized Ring Patterns
