Leader & Culture Development™

WEBINARS

Course	Description
Trust and Inspire: Leadership Paradigms	We all approach leadership and how we develop professional relationships through unique paradigms. In this session, we will discuss the role of macro and micro leader paradigms and the effect they have on those we interact with.
Trust and Inspire: 3 Stewardships	In this webinar, we will examine the 3 Stewardships identified by Stephen M.R. Covey in his latest book, *Trust and Inspire.*
Multipliers: The multiplier effect	Are you the type of person who diminishes others or lifts others up? What's the difference and why does it matter? In this webinar, we will examine Liz Wiseman's work on the topic of being a multiplier.
The Upside of Uncertainty	How do we respond when we don't know what the outcome will be? In this webinar, we will look at Nathan and Susannah Furr's latest work on how we can find possibility in uncertainty.
The Culture Code: Build Safety	In this first of three trainings on Coyle's book, *The Culture Code,* we will explore how we can build an environment of safety within our teams.
The Culture Code: Share Vulnerability	In the second of three trainings on Coyle's book, *The Culture Code,* we will look at the role of vulnerability within teams and discuss why it is all our responsibility to share this element of effective teams.
The Culture Code: Establish Purpose	In the third installment of Coyle's book, *The Culture Code,* we will discuss the role of purpose within a team. Even though our organizations may provide a purpose, we need to ensure alignment on how teams will bring the organizations purpose to life.
