

Form 2301-NB—General Information
(Application for Appointment as Texas Notary Public—No Bond)
(FOR STATE EMPLOYEES ONLY)

The attached form is designed to meet minimal statutory filing requirements pursuant to the relevant code provisions. *This form and the information provided are not substitutes for the advice and services of an attorney.*

Commentary

Notaries Public are governed primarily by Chapter 406 of the Texas Government Code, Chapter 121 of the Texas Civil Practice & Remedies Code, and the Office of the Secretary of State’s administrative rules found in Title 1, Chapter 87 of the Texas Administrative Code. Section 406.005 of the Government Code sets forth the requirements for a notary public application.

Notary commissions are effective as of the date of qualification by the applicant. The commission expires four years from the date of issuance and may be renewed by filing an application for renewal no earlier than 90 days before the date the commission expires. *This form is required for both new and renewed applications by employees of state agencies.*

Notaries employed by state agencies, as that term is defined in section 2052.101, Texas Government Code, are not required to obtain surety bonds; however, they must obtain verification of employment from the State Office of Risk Management (“[SORM](#)”) prior to submitting their applications. These notaries must also purchase an official notary seal, *stating that the notary is without bond*, and record book. If you cease to be employed by a state agency during the term of your notary public commission, you must either surrender your commission or obtain a bond for the remainder of the term.
